The turquoise, blue sea its current flows by ~
The Sun's white ~ Golden beams reflecting,
changing frequencies in the purple ripples.
My dimension is moving ~
What is real, am I alive or dead?
Dead in the Universe.*

*

*A sight of Heaven, as the Universe.
Can't look anymore ~ gives me
the feeling of strong movement.
Crashing, reeling my brain.
The textures of the soft sand,
the tastes, the chills ~ unknown.
Yes, but there's divine Heaven too.
Will I move again, am I real or just
a viewer, eye on the Supreme reality;
Is this Supreme reality?
I'm still conscious
of the reality by which I arrived here.*

*This is Thailand isn't it?
This is a place? This beach, those trees,
the distant people; are they my imagery?
No, they are real, so are you.

caress my eyes and brain.
Wow! those reflections,
that ripple of purple ~
burning magma, flowing.
Will it change?

What is real anymore?
So frightening but you know,
don't you? Yes I think so ~
I have something to hold onto
or is it my barrier to Paradise?*

*

*This is the most unreal Place.
Spectacular mystical ~ with its white soft beach.
Blue, turquoise, silver to emerald contrast.
The mountains, shades of green.
Life, jungle trees, palms blowing.
This spectrum is ~
the combination to turn reality*

*

*Everyone is Stoned ~ waiting
for the setting of the Sun.
Waiting for the release.
To, to, to ~ Wait for me!
This is the most surreal.
Is it therefore so unreal?*

*The strangers seem so ~
Reality is in these people
living here and feeding us.
Their looks ~ not so afar.
You who live in Paradise,
what do you care ~ what?
Me, who comes from where?
To this marvel in Siam ~
Unbelievable its touch on your Soul.
The essence, feeling of forever,
a lingering smile ~
The fruits of Earth*

*

*There are so many different types of people
in this World but the first categorisation
has to be between those
Stoned and those Not Stoned.
Have I just realised to which extent and the
ultimate difference between the two states?
To trip on grass ~
If their state is an approximate one,
then two distinct Realities exist.
How much of the East is ~
and has been always stoned?
Yes, but (did you realise? do you)
how much of the West?*

Dying*
just leave me in a room

full of weed

Embodying your natural
divinity

*Has my confined reality ~
expected everything that exists
to be from my relative straight reality,
which I imagined I shared broadly with most.
But now I must accept that possibly civilisation
was built by Stoned people.
Art was conceived by Stoned people?
Did D.H. Lawrence write stoned?
were Rubens and Velasquez stoned?
How many of the achievements of mankind
were conceived from a different, alternative reality?
And so how will I/we ever understand the Truth?
Now I've been so Stoned ~
have I realised
another plane exists ~
either as a combined reality or
a separate reality*

*

*If a separate reality exists then have I
just joined after five years of the infrequent joint?
Was it like this for all of them
when they said they were 'Stoned'
(if so then I was never before 'Stoned')
How did I ever manage with them?
How did I fit?*

*If this isn't real but I keep/retain images, memories
of people, experiences, my family in my mind,
is that a resistance or a barrier?
Just let it all go ~*

*

*A possibility of 'Madness', travelling in Thailand.
How far would that madness carry me before
the suspected Real physical World claimed me?
My physical needs living in a foreign country.
How to survive here?
Even if I was in a Stoned in/out of State
would the physical deteriorate me?
That would say what was 'Real'*

*

*My reality always seems ~ to come back
to the Unstoned.
Leading me to believe that is my usual reality.
At the moment I could say that I wasn't 100%
certain which reality was the usual.
What if this Unstoned, 'correct reality' of mine,
the one I thought I shared with most,
was my own ~ 'Separate Reality'*

*High with shamens in the rainforest

*LSD spiritual Antidote to the Atom Bomb

*The Sun * LSD on Fire*

***LSD helps you break your Ego
but not Cocaine in your brain!***

*Do we all live in Separate Realities ~
Is this what I've just discovered?
In fact is this plane ~
going as far as the Ultimate creation.
As far as religious experience ~*

*

*My reality is so certain in my mind
that I do believe in the Unstoned, human state.
But it's possible that I'm creating ~
that common reality for my own safety.
Do I want that normal sense of me
as a piece of Ultimate Reality to exist?
Is that what I've realised ~ me ~ it,
but Supreme reality
Me ~ Is ~ Beyond.
If you are inclined to mystical belief
my Stoned reality could answer
the Ultimate questions ~
Supreme Reality could exist!*

*

*I'm beyond my individual Self ~
So if these philosophies did come about
by mystical people who were in a similar
or more Stoned reality ~
should I be reading the Vedas,
the Upanishads ~ the miracles,
stoned or straight?*

*Does the whole of mystical (religious)
thought belong to/come from a %
of the World who are Stoned?
Did I Stone myself into my religious thoughts?*

*

*Is it then just a physical ~ live and die reality
Life as an evolved 1950 ~
animal ~ human ~ spirit?
Is religion Stoned reality and
political science the physical?
Is the physical the Unreal reality
and we have to be 'Stoned Out'
of the Unreal into the 'Real'?
Is 'Ignorance' not ever having smoked Buddha?*

*

*Whenever I see/meet a Stoned person again
must I accept that they are in another Reality?
That is a very big thing to accept ~ amazing
here is someone in a complete other state ~
Yes but somewhere in their head
do they retain an idea of normal reality?
(I'm pretty sure I did)
Do I accept their Other Reality as a part of life
or was I just so Stoned and
they Can't be like that?*

*Caning it
Chasing the Devil

'I never Loved you Hanoi Jane'

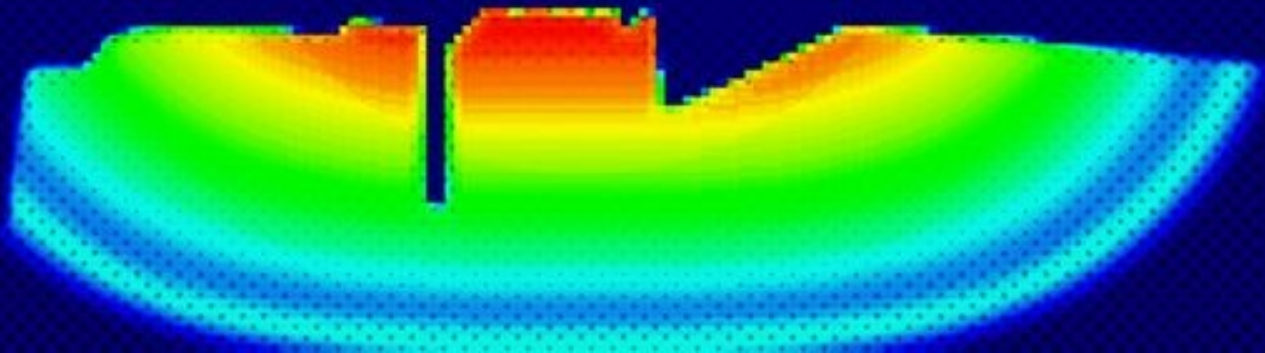

*I like my brain chemistry now

with drug experience*

*Lying On a bed of nails ~

Say YES to Reality
When did you last see
a chillum in Anjuna?

*Stoned and Phuket give another World.
In the days that the Vedas were written
who knows if the people ~ the authors,
the originators, philosophers, rishis ~
if they were in a permanent Stoned State.
Who would know now 5000 years later?
But we now believe them, as if they were
written by any great, rational person today
thinking that their state be regarded as ~
'normal'*

*

*But 5000 years, 2500 Years for Buddha ~
even 2000 years for Christ and all the others.
How can we accept any of it as normal now
after such a time gap ~
such a gap of not knowing
what went on in those days?*

*

*Did those days ever exist or are we only
'Now' ~ and that is all, a game of 'Illusion'?
For if we are truly Ultimate/Supreme reality,
these states would be movies we are playing*

*Like two beings walking along the beach
at night, 'De Toqueville', instead of Phuket.
We two are the Living part of this picture,
we are there on this canvas, landscape ~*

'The Beach Scene'

*Out there by the lights/horizon
is the real World ~*

*they're watching this light picture of
'My Existence' which is the reason
why, this film is being projected.*

*What if we were on a reel of film ~
a long reel (idea of time/Life ~ could be
10 nano ~ seconds of Absolute time).
We are in this film, being viewed by whom?
This is the 'Beach Scene'
My 100 years, maybe 30 nanowamo seconds.
Time ~ Is Relative; it's a documentary, about?
That interests whom? ~ Some 'Unknowns'*

*He's only thinking of licking a line
off an Android's silicon face!*

*She'll be there until
the last lines are gone!*

Follows you like a puppy.

Being more powerful than the addictions

'The Alchemy is in this moment'

Realities ~

This Real and Unreal.

How much difference to that time travelling on the bus in Mexico.

*Cows living in the house, watching a woman wash by the river
and other ired, separare reality to me things/events ~*

*But that Mexican guy next to me was unmoved,
as that scene was part of his normal reality ~
so then we were in two appaently different
perceptions of reality (I realised, did he?).*

*So how many configurations of reality
now make up this Quantum World;
Mankind ~ on a Planet in Space.
Earth Hologram, 1976 reality?*

*

*Reactions ~ People who know, 'he's stoned',
they then know I'm different and why!*

*They must have known me ~
in my Unstoned reality*

because they see how different I am now.

*It is so with several different people ~ reactions
then apparently there must be this definite
fixed reality ~ by which I am seen to exist.*

*Makes me wonder if everyone is Stoned
and I've been straight for so long!*

An Idea therefore to live the most beautiful.

*How much poetry was written stoned ~
or was that another Self Induced state,
our interpretations; of a natural State?
Are we Cosmic coming from the Stars?*

*

*Experience is a strand of silver,
filigreed with life ~
containing all aspects in its pattern.
Getting straight not influenced by hash.
What did I really accomplish ~ stoned?
Amazing Insights on the first trip
but acquainted reality is so good ~
such beautiful flowers existing again.
All their delicate colours and shades.*

*

*Two wrongs don't make a right.
Does the necessity to and the demand for make it OK?
Was at least one Astronaut
stoned on each Space trip?
Is there a case for that state?*
