had swam in the lake of the jewelled snake ~
and that to follow was too late*

*The vibration of their engines carried me
to the gates of the city of mountains and caves.
Enough to begin, so I took my time and lay it
into a perfumed chamber of roses and wands.*

*To be un detected was the way ~
A moment passed and she took hold of my gloved hand.
“You are the one made of Pearl” she sang beautifully
“I detected you from my dream of your spirit ~
passing into the scrolls of my father”*

*

*Enchanted is Universal space ~
so I rode a green kite through her mouth.
Frequencies, winds by which we burn are resonating
synergistically together for us to dance of moons.
She led me to a vapour pool of hot tangerines
and we laid our hearts to sleep in each other’s embrace ~
No voices could tell me what had occurred to have attained
this level of velvet twitterings*

*

*I left by taking a feather from her head of dreams
and resting it in the Quantum computer of Spirits;
its particle collider sang of the midnight fairy owl
A chord showed a cave high up in the range
and for it I Would Need to bring one of her dream kisses ~
Time of the mist arrived and so I swam on it to the other shore*

*Time ~ light shades ~ songs and the magic dog called Wishing
took turns to greet the dawn before the climb to the hill of caves.
The sonorous ripples of Water took us in >< side
and a grotto of five million crystalline fractals ~
switched our dimensions to the land of the host.
Parrots of Twi * light greeted us and there were
Holographic splashes of golden light*

*

*“Enchanter” the greeting McCaw call of old, bright red as no more.
We all drank the Ancient leaves over the six islands of SEnS.
The tale was to be long of the coming of Un balance
which upturned the QQueen of DDesires H~self*

*

*“Sit and listen to the playing of the Hheart” we hear tell.
It happened long ago in a place of Papaya rainbows.
The Space was super sonic ~
and yet In Visible enough to show us
the unique speed of passing clouds
in a brightly lit sea of stars.
Voices sang like Nata raga musical boxes
dancing beside a gyrating calypso orchestra
of pastel super-kite surfers*

*

*Songs, the Sounds of lovely people, so sweet
tasting like mango coffee to our beaks.
McCaw sat as a transcendelic sage
recounting these things from inside his mind ~*

LOVE IS the LIGHT
LOVE IS the NIGHT

SHINING BRIGHT

*He told often of feelings that squeezed his body
in his natal place of siestas.*

A picture from his past began to appear.

Back in his village was trepidation on his amigos' faces.

"Running in confusion and shouting they were crazed.

*A black charge whistled like a bitterly frozen wind
through each, each child's heart it rang with fear.*

*It was known that these soldiers could perpetrate
whatever psychopathic satanic act they conceived.*

*Screams of red filled the earth and later small waters
would run down their traumatised faces, tears of horror.*

Fear fullness in their eyes, swollen, writhing their naked bodies.

Then it felt so cold frangipani Chi that I wished only to be departed"

*

The pain would float by in the river like long dead animals.

Standing by a bare tree with one branch across ~

the strawlike campaneros would fall down

and cry out together to the sky for "Mercy!"

The ancient leaves had settled us into a mood for listening

to the history of McCaw

*

"That was the day I left the place of Sound and siesta"

He continued with his memory ~

"That was the day I witnessed a living monument to dying

so I left to know ~ Why?

*The famous statues of las Aviendas del Americas
became another place to sit and see bubbles of time pass,
as the Aztec, acetate dragon swans*

*From those tall gargoyles and the stately Alameda
the World of people would reveal itself below ~
just as if I had been in the trees of my old village or in
the arroyos of rose with the dynamic, silver tornado below.
Purple Sounds would climb like nomads ~
carrying spears from the desert and pouches of Pink Floyds.
Medleys drifted in the sky towards the peaks
like night queen incense
but it was a hot hallucination from a thirsty crowd.
Light * bright * rainbows
black and silver chants, reflected from my feathers*

*

*Time was teaching me passages, as bouquets in the arms.
Boco, boco were the discoveries on me up there ~
iridescent scarlet wings flying through tiny streets.
Feelings came to stay as guests,
to show me how close to approach
to those pastel aura storms of people*

*

*Which ones to trust, trusting the small vivid sparkles
coming out of those in embrace.
Shining as fire ~ inviting to touch,
the lovely gold vibration, Eldorado”*

*

*“Si ~ my friend reggae was in the streets one fresh afternoon,
I fell into a pool of contentment you know what I mean
and lightly glided on the warm air licks of a wave, a good beat.*

You are the message

What is better than to Love together?

Fixing

Planet Earth is an Addiction Colony

The Human race in outer Space!

*Like being by the primordial shore with the blue coming in strong ~
Then next I was in a net and my scarlet tripping faded into a mist
and a raw sense came alive that this was Capt-ivity
The scene changed as times do and I was suspended in a cage
from a twisted hook hanging in a doorway of a little zoo for creatures”*

*

*Another bowl was brought of the ancient leaves,
warming our selves as a bright full moon came up.
McCaw smiled happily and brought forth the past.
“On the rue of Sky * larks I spent my time
of reflection, recollection , introspection, revelation
as a leaf floating in a puddle of human volitions.
With no where to go from my caged branch,
I watched and Listened”*

*

*“It became a more intense wave ~ inside the bowels
of Monseigneur and la signora who would perhaps
pay a little sum for a caged, scarlet bouquet of life.
Just as a leaf in a hot teapot, the vapours would rise
and call out in steam the names of my mother and father
and all the names of the ones I had ever sensed, loved.
Inside the mother of Pearl, oyster of the Gran Mariachis’
music would wind past my view, my panorama
installed in this birdcage for free”*

*"I look at you and you look at me
and these other numerous cages
with my friends inside hanging like lanterns and swing
like Dharamsala prayer flags, floating in the breeze.
There's even those who spin ~ spin ~ spin endlessly
who make Monseigneur and la signora bellylaugh ~
their heads to their feet to shine their teeth and shoes
in the excrement of their own big fat asses and jowls.
Colours as Mayan, ribbon caravans pushed by and I was trapped
in the statue of the plastic cathedrale, being offered soap to drink,
as if I had never known beyond these bars of tin"*

*

*"Reeling and spinning the feeling of being caught on a long line
that will never let go and will never break because it was tested
to resist each effort that any Barracoutan heart could make.
In, in, into be scalped and left as scraps for sleuthing cats ~
left as the crown of Quetzals to become a sweating, dead turd.
A turd of Monseigneur and la signora to admire in their cups.
A house full of cages, we are bequeathed to sustain...
a belch of the one who put me in a net and sold me
to a banker of cages, to endow his patrons' charity"*

All the same idea
Love saves the World

To Experience Love

To Come Alive

*"Pink emissaries from the palace of toy soldiers
throw me sweets and I felt, bueno.*

*They would touch my beak and stroke my feathers
in a young, kind way.*

*Colourfull as one thousand parrots at a royal sort of wedding
they rattle the heart of my jailers. Mixing Latin beats,
a carnival would happen ~ exploding, secretly inside.*

*Ah, beautiful children, like swallows at a siren's pool,
an orchestra of flowery garlands about them,
their iridescent, topaz eyes.*

Their music to grasp and to sigh romantically,

In the distance a shimmering mirage of an orchard of fruits.

*Hallo, hola, singing friends came into me through the thin bars ~
suspending the space, empty but for my shadow cast from a pole.*

Looking at each iris as a secret sign of escape, where, when, how?

*Invisibly, inaudibly, pressing, squeezing my birth. Soft latin
caresses from your sweet lips to give me dreams of flight"*

*

*"To leave forever these cells of 'Inhumaness' and to be a bird,
pilgrim of peacefull simple sanctuaries. The sounds of violins ~
Andean wood whistles, pipes of tomorrow, stretching lama
webs to the ancients. Behold the dust and not the river
where I passed seasons of braided silks, full of light air
tones of another tomorrow ~ today, future, now, here.
Reality forever, watching without peace a continuous torture,
an INfinite prison made for creatures in-humanly, not human*

*And even for their own they give a light continuously
to burn throughout the day and night, to have no rest.
Every part of their beings without a moments thought
of mercy, crying, screaming, masters to holy allmighty
give a little mercy, give a repose, por favor por favor”*

*

*“But then I have heard of those who do not cry but scream
freedom as those sons and daughters of Wounded knee,
who sang by the eagle and owl
reflecting in the prairie pools of sacred fortunes. Screaming...
“We decided that our Indian people are more important to us
than long jail terms”*

*“We decided that our Indian people are more important to us
than long jail terms”*

*

*Sweet grasses of the thunder cloud I need your strength
by the clear crystal being a star inair, a thunderbolt!
I need your spear of brotherhood to de materialize
this cruel, unnatural, spectacle of my Illusion*

*

*These killers of virgins have taken the eyes
from a million creatures of the Mother Earth
and hung up here to dry and bake everything.
Oh, release me from this force that shows me
the steel heart of razor toothed dragons”*

Want to know~
what it is in the World
that we're so mad about!

Human beings are defined
by their feelings for each other
and all other life forms

Watching those swaying hips

turn into perfectly wet rainbows

DHAMMA FLOWERS

naturally smart

Keep it light

*100 cacao beans bought an Aztec a slave
12 for a courtesan
Slavery is thriving!*

*“Synthesisers alive, Cosmic sweet juice on the cage.
A Wizard's panama hat and shoes of a haiku traveller.
The Christmas tree beside the window,
and a face shines in on golden energy sunrays.
A green volcano sombrero style covers the top of the head,
the eyes in shadow but the mouth and teeth beam out the courage
that shouts, Yes, Yes, Yes, SI SI SI FREEDOM ~ LIBERTE!*

*

*I hear the drums of Apache precious daughters say, they
will take the bars and that I'll fly on the sea of this face;
Compassionate from the cove of no return butterflies.
It will come ~ tranquillo.
Release sweet lord of moons, my brothers and sisters
here will make the crown of broken locks and will
Un fold the sail of fallen feathers and lift the anchor
for me to alight on the tide tonight”*

*

*“Your Love was a symphony serenading me
with the joy you sent as I left ~
A golden lantern lit the path from the door
I was trans fixed in your face for an instant, au revoir friend.
Full of Pet shop fears and hopes and now finally released.
I wondered would I react with in visible ball and chain
fixed to my claws*

*Memory held times of golden dreams ~
and I was as nervous as a buzzing wasp.
Telepathy was still alive to carry away the stones
that blocked this mighty miracle.
Top of the pops was seeping through the cul de sac impression”*

*

*“Now my friend frangipani I was a terribly shy McCaw
who faced the empty wall as my bene ~ factor
Capt. Compassionate ate at a foreign inn.
It seemed like years that I had been suspended ~
in the valley of the infinite with only my little perch
as the pirate plank to walk.
Hanging on wildly, spinning, spinning, spinning ~
multitudes of avalanches as the nuts on my birdcage floor.
What did my bird brain exchange for that experience,
what did it give upto become a friend
of Compassionate, cavalier of the oceans.
He having sailed by Jupiter’s fountains ~
spiralled deeps filled with Fearfull monsters of one’s Re:reflection.
Welcome to my ship he'd said and then gave me a precious gem,
a dazzling emerald, radiantly green as an Aztec sorcerer's eyes.
Clipping it to my ear I lost my balance ~
Once mastered to survive on the branch in my cage of Insanity”.*

Thrown out for inciting
the crowd to dance

If you don't listen to the Government
You're a Terrorist
That shuts people up!

PASSION IS GOOD

I'm a Lover not a fighter!

The biggest hook can catch
the deepest feelings

“I'll be your slave till the end of time”

*“Si si my friend ~ your inquisitor has gone
now you need time on the Oceanic waves”
“Insanity you are there like a big cream cake, but
I am on the shoulder of a warrior alone not lonely
passing under the twinkling stars of the Cosmos ~
This way then that with the sparkling carats in my ear,
became the dancing partner to the wave of Jade seas
carrying me now ~ straight through the tears of moments.
This way and that, forward on the bow of experience it self*

*

*A parrot of the seven Planetary Oceans,
the fear of asking another was changing
as the Moon and I found many different
coloured feathers on the tropical Shores.
The World is so large as large as your mind and so Full
as your heart that a very fine teapot is needed ~
for the rarest leaves.
Yes your farewell was a welcome to the treasure isle living force”*

*

*“Many memory streams of giant bears, jumping dolphins
and headless bodies of peasants' innocent children.
Banquets of dictator ships and night mares with electric
pineapples and bananas to prod you on out of multi stories.
Local fruits to skin your bones and leave for mother's memory.
I see those kisses”*

*"I'll never forgets yet never believes that were known,
as were the Tulip Unicorns.*

*You raped the tender to make your compost and your men,
turnip warriors, shit and pissed to turn Orchids into nails...
for coffins of those you butchered, dis emboweled and ate
with your commanders and frijoles.*

*Millions were numbers you enslaved, tortured, sold,
the Infinite in the blinded eyes of those magical unicorns
left to bleed from holes for heads and ears and horns,
arms and legs and feet and breasts and beauty spots
that were the joy of mothers and fathers throughout
all the tribes of cockleshells and petal hearts ~"*

*

*"Demons I saw invade my village and suck the crimson juice
to feed their disfigured frenzies and leave the pathway full of
death and murdered bodies, devoured by the soldiers of Satan.
Salt on my signet claw wounded that once held the play full ~
natural embrace is plenty full on this sea of pre historic distance
appearing to be a lotion of forever on the greedy stenchy
perfume of such cruelties' horrors, bestialities, inhumanities,
powder burnt in cannons, stoking, firing people to Oblivion"*

*"Si, YOUR FAREWELL KISS PASSES
as these SHOALS of MERMAIDS"*

The Magic is in the Mud!

The Seeds are in the Mind

Why should we save you when
when you keep on murdering
each other on Mother Earth?

'What was never lost can never be found'

If you let it get yu, it's gonna get yu

*“We had been carried by the current inside the reef of a fierce island
No lights could have prewarned us of the destruction to come ~
The suffocation of a culture charged with incessant self-analysis
within the context of success and glory which was a dynamic
aimed at getting power ~ more and more for the grim ego.
To attract and command, subjugate directly other beings.
A culture racing intrinsically, eating whoever succumbed
to the Power~full space of 'Personality' and POWER!
An island of gastronomique manandwoman cannibals
whose scalps are on the hips in soaking ¼ pounders”*

*

*“Sitting in this mimosa I see from the million faces
in these empty coloured woven chairs which face the sea in waiting
that I lay this bunch of fresh, picked flowers on your burning greed.
We had escaped to this place out of season
but still with friendly currents and ~ tides”*

*

*“From a new record on this Wurlitzer we felt so completely strangers.
Compassionate then told me of a siren who had made them Lovers.
She was a girl with the fine qualities of so much more, amour ~
which shines with open HeartLight”*

*

*“Whilst she knew him she could do any thing and still
had time to train a silver whale ~ a gift only for him.
She came alive at night like those lime green faies
living in misty woods not far from snow lit glaciers.
Her yacht of reeds and tulip canvas she tied to his;
they swayed there, as her beautiful cascading hair.*

*Lovers of this odyssey they became, stronger ~
together than the winds of pain could describe,
that blew so many down in these totem islands*

*

and save the crystal droplets for the fragrant daughters of her tribe.
From treasures of the butterflies and angel fish she gave these
jewels to her Compassionate, in the grotto of their promise*

*

*Such happy days he found in her
still they sailed the different seas ~
always we found our course by her beauty
which followed him in each Starfilled sky”*

*

*“By this light arrow in the night we escaped ~
Fierce Psyche strangled nature's evolving plight.
For these sweet mimosa I thank you gentle angel
as in mad dream I saw a man passing with no feet.
I saw and remembered him from my village although
it seemed so long ago, he just passed in front again”*

*

*“Crashing night full of Celebesian rain
and in a storm our ship was gone ~
Captain went beneath a passing wave
today I'm still alive as I could fly.
How come I didn't die so easily ~
It would have been so simple to have gone
and even more it seems I could have been
the one to make a spirit pass away instead of me.*

UNIVERSE

We all love a love story, don't we?

"I couldn't believe my luck!"
It's a gift

*'So easy in this sea to take you all away with me ~
Time to kill you came so close', sang Poseidon, yet to
still be here where a wave took away all trace of you!
Easily danger came from by your side, it could have
been so easy to die in the ship wreck of this tempest.
It seems so long ago now, that it went by in an instant.
So easy to take away your wings in a raging typhoon.
It passed and again I'm deserted on this shoreline ~
but for shards of wreckage and a white Cockatoo"*

*
