## **SELF \* AWARE**

*Forgive them Pachamama\* their insanity \* our destiny.  
Is Buddha angry, jealous, greedy, violent, threatening,  
hoarding, beheading, murdering, bombing, massacring?  
Or does he share his 'metta', loving kindness, compassion,  
sympathetic joy, equanimity, happiness, equality with us all?  
Who wants sweet mango or bitter neem fruit from duality trees?  
Ultimately is there a free choice or are we all controlled by karma?  
Buddha's example is offering peace, harmony and self-realisation  
which gives us a more human possibility to live more consciously ~  
The distinction that the basis of human interaction, cause and effect  
is set in the mind which we are so intrinsically absorbed into that we  
cannot see beyond its omnipresent, omniscient, omnipotent qualities ~  
In Buddhist psychology two streams of consciousness exist in humans,  
bhavanga which is essentially a sub-conscious stream which carries in it  
every energetic impulse and the Tattva stream which is the more superficial  
consciousness of mind, the engine of your reaction in the 3<sup>rd</sup> dimensional ~.  
It is this 'conscious' ego state of mind that we are concerned with all the time  
We're unaware of this deeper stream, bhavanga which is subliminally active.  
Our mind is working incessantly, based on karmas and outside sense stimuli.  
It's manifestly proven, Mind is manipulated and controlled by outside forces.  
As seen in advertising, messaging to our brain in all areas of life. Cambridge -  
Analytica recently is shown to use these techniques to calculate, orchestrate and  
effect people's political choices through propaganda, brainwashing without them  
knowing. The Powers dictating reality, use this brainwashing for the Matrix.*

*As we enter into a new era of super-computers and 5G. global networking which incorporates Artificial Intelligence and Virtual realities people will be living ~ under an informational, meta-data cloud which will direct all human activity and functions. As humans we will lose our connection, being desensitised to each other and to nature. We see the consequences of this already with the loss of social contact and the willful, exploitation and destruction of our natural ~ environment. We have lost 60% of wildlife on the planet in the last 50 years! These consequences of disaster are well documented yet the Powers that be are continually ignoring the results! **WHY?***

\*

*The point is, regardless of political, polemical, philosophical, rhetorical debate, it is absolutely derived from the mind, that we take as the absolute arbitrator. Our whole raison d'être as humans, what is believed to make us superior to everything else on the Earth is our Mind, our capacity to Think above others! Based on our ideology this allows us to do whatever we want to anyone. The new Brazilian Government 11/2018 has promised to exploit the Amazon (a vital Planetary bio-sphere resource) and to abrogate all rights of the native, indigenous Population. This is obviously outrageous, BUT it happens all the time but **WHY?***

*Because of our Mind and in particular the 'Minds' of those despots at the Top, we have all been programmed, brainwashed to facilitate certain outcomes ~ One could argue that it has ever been so. That this is the human condition since civilisation was recorded. Throughout evolution the mind has developed,*

She's so Gorgeous & AMAZING

I just wanna climb inside her!

Ignorance is Bliss

I'll take the Bliss

YOU CAN HAVE THE IGNORANCE IF YOU WANT

No writing to Tata!

'Let's go digital!'

*we have become more aware of the mind within certain perceived dynamics ~  
This intellectual understanding has been used to facilitate different outcomes.  
Empires, heart transplants, android production, rocket to the Moon and back!  
Whatever you're told, believe is REAL; religions have taken over control of our  
**Psyches** ~ Every dimension is now seen as necessary to exploit and dominate.  
What happened to Freedom? Modern technological advances are allowing  
this 1984 scenario of Big Brother to exist, for the benefit of whom and WHY?*

\*

*What's in their Mind suggesting this is the way forward knowing what we do  
about the Universe & micro-cosmic nature. Is this what it's all come down to?  
Are we influenced by invisible forces outside our human frequency waveband?  
As these actions are seen as Alien to any human who has feelings & empathy!  
All this filtered information interpreted through our mind's reflection-response,  
on the mirror surface of this living entity which we believe to be paramount to  
our being. As is said, the 'mind is a wonderful servant or a terrible master'.  
We are therefore enslaved by the concept of the absoluteness of Mind and  
those who control what our minds are devising, so more ways to Control us.  
Is there something more intrinsic than the mind? Soul, Spirit, God, Space?*

\*

*The NWO Powers want to contain the World's population in Control grids.  
They have determined regardless of any consequences which are so prevalent  
that all of nature is there at their disposal and for their enrichment under the  
guise of politics. They're already so rich this 1% up to the handful of families  
dominating our Planet! Why do they demand more and sacrifice nature more  
when the top six individuals have as much wealth as the poorest 50% of the*

*8 billion inhabitants of Earth and rising every second? Are there richer beings? The 13 richest families which are documented, + Black nobility, the Vatican! They want the Control, the Power to maintain their privileges regardless of any consequences on the rest of us fellow beings, and they're prepared to do anything in order to maintain that. This is a conspiracy enacted by them to disenfranchise us and keep us and our grandchildren as **THEIR SLAVES!***

\*

*We're happy to accept , doing their bidding as if they've a holy, divine right; even such monstrous inequalities! > <http://howtheworldreallyworks.info/> What type of creatures are they sat in their guarded Palaces, and those who are their lackeys? Their vibrational field has to be 'inhuman', psychopathic, the lowest end of the frequency band in order to insanely continue directing such atrocities, insanity, devastation, crimes against nature and humanity.*

*Cognitive dissonance, Ego-syntonic, sociopathic conditions, genetic, social engineering, paranoia are clearly what allow this group to act the way they do with no empathy, compassion, feeling, only blood lust! Divide and Conquer is their motto, as well as 'by deception you wage war'. They're exempt from any basic laws and at the same time are creating and enforcing a 'dystopia' on the rest of us. In 'A Brave New World', Dystopias-are characterized by dehumanization, tyrannical government, environmental disaster and characteristics associated with a cataclysmic decline in society.*

**WHY?**

*The Mind is your servant.  
Some nights he can't close his eyes*

I don't wanna be the richest guy  
in the cemetery

*To protect their interests and for their dynastic fortunes to grow as imagined to be their superior right. There are countless examples in history however today we are in the age of information and energy and extreme inequality! We have the possibility to know the pattern of things, but little possibility to change things peacefully. Again, this is a master game played out in our Minds, which is limited by its ability, to only think. 3<sup>RD</sup> W. W. is Psy-ops! Mind itself is uncontrollable by its nature, yet through culture, education ~ and identity we are all able to be moulded as was well demonstrated by the Nazi's, also by all Governors of societies. ## ABOUT SUNNY JETSUN

Inspired by the sixties Sunny started traveling the world in 1970. His spiritual journey on the hippie trail to India took him through ~ San Francisco, Los Angeles, London, Amsterdam, Paris, Vancouver, Sidney and Kathmandu to Varanasi. His arrival on the sub-continent ~ was the beginning of writing autobiographical verses capturing his travel experiences, encounters with remarkable people and his quest for self-realization. Combining experimentation with drugs, sex, rock & roll, art, meditation, Love and life in general. Sunny started to open up to a multi-dimensional Universe. He lived the mantra, "Turn on, tune in, drop out" realising Mind's-illusions, inspired by deeper feelings of holistic nature, empathy \* energy & Space.

Over four decades Sunny has written and published 28 books of poetry, created over one hundred paintings, traveled the World and considers his masterpiece to be his daughter. He has spent the past fifteen years in Goa ~ India inspired by the freedom to experience and idealism of human consciousness.
