*They are only goblins and demons' perceptions and actions in the lower realms of ignorance and cravings Basically delusions, massive, global distracting of us from OUR true self \* SPIRIT \* Please stop believing brainwashing of fearfulness, propaganda which has been proven to be real and has disastrous consequences! We are being presented by these powers, elites that be, a duality of metaphysical psychical, esoteric challenges to our humanity here now. These materialistic negative entities only want to manifest their lowest frequencies ~ to control us and so gain more powers which is their greedy, narcissistic, psychopathic, schizophrenic, paranoiac mind. They act only from ego, power, possession, exploitation they have no peace, Love, empathy or any positive genuine human or natural feelings ~ that's why they can only do what they do and now using more sophisticated cyber-digital AI machines. These Emperors and kings, oligarchs have dominated through eternity and still try to do! These energetic forces know only how to destroy, dominate, subjugate, defeat life on Earth as so well witnessed today. They use these dark forces against the innocent and powerless to supplement and expand their own self sense of Selfness but **THEY ARE NOT SPIRITUAL** \* And have no higher feelings, of Dhamma or Light of the Divine essence, **LOVE** They would rather give power, support, development to their I-machines rather than the LIFE in each human being ~ and other living entities who share this potential vibe! **WHY?** They can Not win because their vibration is so low and we must NEVER allow them to control Nature's Cosmic evolution. Their High tech-quantum computers and VR-AI. Robots, Clones, Androids built with their unique character coding are needed by them to maintain their hyper-reality, Matrix to try taking over our minds and to diminish, captivate our Spirit on which they feed and empower themselves continuing only in their hate, suffering, violence, and darkness, they have NO HEART. We must realise that we are the SPIRIT\*THE LIGHT which although they constantly try suppressing, oppressing through their manipulations and controls: Political, wealth, health, military, religious, economic, legal, educational, cultural, diabolical criminal, media, authority, corruption, deceptions, lies, deceit, they Cannot if YOU DO NOT LET THEM TAKE OVER ~*

*'While speaking learned words, you are mourning for what is not worthy of grief.  
Those who are wise lament neither for the living nor for the dead. Never was there a time  
when I did not exist, nor you, nor all these kings, nor in the future shall any of us cease to be'.  
This body (computer-machine) is born and is destined to be vanquished today or tomorrow ~'  
The body is not as important as the essential human-Conscious Spirit. (Bhagavad Gita 2.11).*

*‘Slavery is any system in which principles of property law are applied to people, allowing individuals to own, buy and sell other individuals, as a de jure form of property.<sup>[1]</sup> An enslaved person is unable to withdraw unilaterally from such an arrangement and works without remuneration. Many scholars now use the term chattel slavery to refer to this specific sense of legalized, de jure slavery. In a broader sense, however, the word slavery may also refer to any situation in which an individual is de facto forced to work against their own will. Scholars also use the more generic terms such as unfree labour or forced labour to refer to such situations.<sup>[2]</sup> However, and especially under slavery in broader senses of the word, slaves may have some rights and protections according to laws or customs. Slavery has existed in many cultures, dating back to early human civilizations.<sup>[3]</sup> It was legal in most societies at some time in the past but is now outlawed in all recognized countries.<sup>[4][5]</sup> The last country to officially abolish slavery was Mauritania in 1981. Nevertheless, as of 2016 there were an estimated 40.3 million people worldwide subject to some form of slavery.<sup>[6]</sup> A person can be enslaved from the time of their birth, capture, or purchase. The most common form of modern slave trade is commonly referred to as human trafficking. In some areas of the world, slavery continues through practices such as debt bondage, the most widespread form of slavery today; <sup>[7]</sup> serfdom; domestic servants kept in captivity; certain adoptions in which children are forced to work as slaves; child soldiers; and forced marriage.<sup>[7]</sup>*

*Indenture, otherwise known as bonded labour or debt bondage, is a form of unfree labour under which a person pledges himself or herself against a loan.<sup>[15]</sup> The services required to repay the debt, and their duration, may be undefined.<sup>[15]</sup> Debt bondage can be passed on from generation to generation, with children required to pay off their progenitors' debt.<sup>[15]</sup> It is the most widespread form of slavery today.<sup>[2]</sup> Debt bondage is most prevalent in South Asia.<sup>[16]</sup> Chattel slavery, also called traditional slavery, is so named because people are treated as the chattel (personal property) of the owner and are bought and sold as commodities. Typically, under the chattel slave system, children inherited slave status via the mother (partus sequitur ventrem).<sup>[17]</sup> Although it dominated many different societies throughout human history, this form of slavery has been formally abolished and is very rare today. Even when it can be said to survive, it's not upheld by the legal system of any internationally recognized government.<sup>[18]</sup> Forced labour, or unfree labour, is sometimes used to describe an individual who is forced to work against their own will, under threat of violence or other punishment, but the generic term unfree labour is also used to describe chattel slavery, as well as any other situation in which a person is obliged to work against their own will, and a person's ability to work productively is under the complete control of another person.<sup>[2]</sup> This may also include institutions not commonly classified as slavery, such as serfdom, conscription and penal labour. While some unfree labourers,*

*such as serfs, have substantive, de jure legal or traditional rights, they also have no ability to terminate the arrangements under which they work and are frequently subject to forms of coercion, violence, and restrictions on their activities and movement outside their place of work. Human trafficking primarily involves women and children forced into prostitution and is the fastest growing form of forced labour, with Thailand, Cambodia, India, Brazil and Mexico having been identified as leading hotspots of commercial sexual exploitation of children.<sup>[2][23][24]</sup> Examples of sexual slavery, often in military contexts, include detention in rape camps or comfort stations, 'comfort women, forced 'marriages' to soldiers and other practices involving the treatment of women or men as chattel and, as such, violations of the peremptory norm prohibiting slavery.<sup>[25][26][27][28]</sup>*

~

*'Brazil was the last country in the Western world to abolish slavery. Forty percent of the total number of slaves brought to the Americas were sent to Brazil. For reference, the United States received 10 percent. Despite being abolished there are still people working in slavery-like conditions in Brazil in the 21st century'. Wikipedia*

from 'Lost in Love'

*Ultimately, we have to be free in ourselves, knowing it's not based on any romantic counselling otherwise it can also be that we are pandering to this other person's 'needs to be free' whatever that is, because we want to be with this person and when this other person feels 'free' what does that mean in a relationship today, tonight, or if they decide to be 'free' without you and freely walk out the door and maybe freely come back. You just need to be the best you can be, be yourself and if the magic is there \* Boom, if it's not enough 'freedom' in the mix then try the next psychological turn, spiritual teaching. As Osho said ~ 'It's not about being in love with someone it's about being love' ~ Are you happy? 'Feeling Free ~ to be/do what?' In reality 'love with no limitations' can destroy you! A great idea, romantic, 'spiritual', it's Magic if you meet someone as free, (Conscious) as you are, (at this time) but (what if you meet someone covertly way out in the BPD spectrum). Once you've been past those limits then you'll be happy to be with someone who is happy to chill and enjoy a simple cuppa tea, and they'll make it the way you like it. I've felt that love from my family because they've accepted me as I am and love me for it.*

Live It, Love it or get the fuck out of It!

*'Rather than a depressive disorder, demoralization is a type of existential disorder associated with the breakdown of a person's 'cognitive map'. It's an overarching psycho-spiritual crisis in which victims feel generally disoriented and unable to locate meaning, purpose or sources of need fulfilment.*

*The world loses credibility, and former beliefs and convictions dissolve into doubt, uncertainty and loss of direction. Frustration, anger and bitterness are usual accompaniments, as well as an underlying sense of being part of a lost cause or losing battle. The label 'existential depression' is not appropriate since, unlike most forms of depression, demoralization is a realistic response to the circumstances impinging on the person's life. In his ground-breaking book *The Moral Order*, anthropologist Raoul Naroll used the term 'moral net' to indicate the cultural infrastructure that is required for the mental wellbeing of its members. He used numerous examples to show that entire societies can become predisposed to an array of mental ills if their 'moral net' deteriorates beyond a certain point. Human culture has mutated into a sociopathic marketing machine dominated by economic priorities and psychological manipulation. Never before has a cultural system inculcated its followers to suppress so much of their humanity. Leading this hostile takeover of the collective psyche are increasingly sophisticated propaganda and misinformation industries that traffic the illusion of consumer happiness by wildly amplifying our expectations of the material world. Today's consumers are by far the most propagandized people in history. The relentless and repetitive effect is highly hypnotic, diminishing critical faculties, reducing one's sense of self and transforming commercial unreality into a surrogate for meaning and purpose. In their present forms, the psychology and psychiatry professions are of little use*

*in treating disorders that are rooted in culture and normality. While individual therapy will not begin to heal a demoralized society, to be effective such approaches must be insight-oriented and focused on the cultural sources of the person's assumptions, identity, values and centres of meaning. Cultural deprogramming is essential, along with 'culture proofing', disobedience training and character development strategies, all aimed at constructing a worldview that better connects the person to self, others, and the natural world. The real task is somehow to treat a sick culture rather than its sick individuals'. John F Schumaker. 'The Demoralized Mind' New Internationalist. April 2016.*

**CONSCIOUSLY**

A close-up, high-contrast photograph of tree roots, likely from a large, ancient tree. The roots are thick, gnarled, and brown, with a rough, textured surface. The image has a strong motion blur effect, with streaks of light and color radiating outwards from the center, creating a sense of dynamic movement. The background is a mix of bright yellow, orange, and blue, suggesting a sunset or sunrise. The overall mood is dramatic and somewhat somber.

The **brain does** not operate in just one single **frequency**; the full spectrum of brainwave **frequencies** are always running, all the time. The dominant **frequency** determines our mental state, entrainment temporarily shifts our mental-state by boosting one **frequency** to be louder than the others' ~ Google.

'This lockdown is not a good enough justification for qualified house imprisonment applicable in principle to the whole population.  
It's the worst interference with personal liberty in our history by historical standard to what is not a very serious pandemic.  
The problem about using law as your instrument is that law requires exact definition and it works in categories. If you do it not voluntarily but compulsory you'll have Laws that make perfect sense in some context and not others. The problem about law is that it excludes common sense.  
The police cannot then arrest or fine someone for using common sense and not otherwise. The whole legal approach invites a collection of arbitrary rules unrelated to the underlying purpose of the regulations.'

'ALL THINGS ARE CONNECTED ~  
WHATEVER BEFALLS THE EARTH  
BEFALLS THE SONS AND DAUGHTERS OF THE EARTH'

*The Great Chief in Washington sends word, he wishes to buy our land.*

*The Great Chief also sends us words of friendship and good will.*

*It's kind of him since we know he has little need of our friendship in return.*

*But we will consider your offer, for we know if we do not do so,  
the white man may come with guns and take our land.*

*What Chief Sealth says, the Great Chief in Washington can count on  
as truly as our white brothers can count on the return of the seasons.*

*My words are like the stars ~ they do not set.*

*How can you buy or sell the sky, the warmth of the land?*

*The idea is strange to us. Yet we do not own the freshness  
of the air or the sparkle of the water.*

*How can you buy them from us? We will decide in our time.  
Every part of this Earth is sacred to my people. Every shining  
pine needle, every sandy shore, every mist in the dark woods,  
every clearing and humming insect is holy in the memory  
and experience of my people. We know that the white man  
does not understand our ways. One portion of the land is  
the same to him as the next, for he is a stranger who comes  
in the night and takes from the land whatever he needs ~  
The earth is not his brother, but his enemy and when he  
has conquered it, he moves on. He leaves his fathers' graves  
and his children's birthright is forgotten.*

*The sight of your cities pains the eyes of the Redman. But perhaps  
it is because the Redman is a savage and does not understand ~  
There is no quiet place in the white man's cities  
no place to hear the leaves of spring or the rustle of insects' wings.  
But perhaps because I am a savage and do not understand ~  
the clatter only seems to insult the ears. And what is there to life  
if a man cannot hear the lovely cry of a whippoorwill  
or the arguments of frogs around a pond at night?  
The Indian prefers the soft sound of the wind  
darting over the face of the pond, and the smell of the wind itself  
cleansed by a mid-day rain or scented with a pinon pine.  
The air is precious to the Redman for all things share  
the same breath, the beasts, the trees, the man.  
The white man does not seem to notice the air he breathes.  
Like a man dying for many days, he is numb to the stench.  
If I decide to accept, I will make one condition.  
The white man must treat the beasts of this land as his brothers.  
I am a savage and I do not understand any other way.  
I have seen a thousand rotting buffalo bodies left by the white man  
who shot them from a passing train.  
I am a savage and I do not understand  
how the smoking iron horse can be more important  
than the buffalo that we kill only to stay alive.  
What is man without the beasts?*

*If all the beasts were gone men would die from great loneliness  
of spirit, for whatever happens to the beast also happens to man.*

*All things are connected. Whatever befalls the earth  
befalls the sons and daughters of the earth.*

*Our children have seen their fathers humbled in defeat.*

*Our warriors have felt shame. And after defeat, they turn their days to  
idleness and contaminate their bodies with sweet food and strong drink.  
It matters little where we pass the rest of our days ~ they are not many ~*

*A few more hours, a few more winters and none of the children  
of the great tribes that once lived on this earth, or that roamed  
in small bands in the woods will be left to mourn the graves  
of a people once as powerful and hopeful as ours.*

*One thing we know which the white man may one day discover  
Our God is the same God. You may think now that you own him  
as you wish to own our land. But you cannot. He is the body of man.  
And his compassion is equal for the Redman and the white.*

*This earth is precious to him.*

\*

*And to harm the earth is to heap contempt on its Creator.  
The whites too shall pass, perhaps sooner than other tribes.  
Continue to contaminate your bed and you will one night  
suffocate in your own waste. When the buffalo are all slaughtered,  
the wild horses all tamed; the secret corners of the forest heavy with  
the scent of many men, and the view of the ripe hills blotted by talking  
wires, where is the thicket? Gone. Where is the eagle? Gone.*

*And what is to say goodbye to the swift and the hunt, the end of living  
and the beginning of survival ~ We might understand if we knew  
what it was that the white man dreams, what hopes he describes to his  
children on long winter nights, what visions he burns into their minds,  
so, they will wish for tomorrow. But we are savages.*

*The white man's dreams are hidden from us. And because they are hidden  
we will go on our own way. If we agree, it will be to secure our reservation  
you have promised. There perhaps we may live out our brief days as we wish.  
When the last Redman has vanished from the earth and the memory is only  
the shadow of a cloud moving across the prairie, these shores and forests will  
still hold the spirits of my people for they love this earth as the new-born loves  
its mother's heartbeat. If we sell you our land, love it as we have loved it.  
Care for it as we have cared for it. Hold in your mind the memory of the land,  
as it is when you take it. And with all your strength, with all your might and  
with all your heart preserve it for your children and love it as God loves us all.  
One thing we know our God is the same. The earth is precious to Him.  
Even the white man cannot be exempt from the common destiny.*

***\* LIGHT ~ HEARTED \****

*More than a hundred years ago, Rudolf Steiner wrote the following:  
'In the future, we will eliminate the soul with medicine. Under the pretext of a 'healthy point of view', there will be a vaccine by which the human body will be treated as soon as possible, directly at birth, so the human being cannot develop the thought of the existence of soul and Spirit. To materialistic doctors, will be entrusted the task of removing the soul of humanity.  
As today, people are vaccinated against this disease or that disease, so in the future, children will be vaccinated with a substance that can be produced precisely in such a way that people, thanks to this vaccination, will be immune to being subjected to the 'madness' of spiritual life.  
He would be extremely smart, but he would not develop a conscience, and that is the true goal of some materialistic circles. With such a vaccine, you can easily make the etheric body loose in the physical body.  
Once the etheric body is detached, the relationship between the universe and the etheric body would become extremely unstable, and man would become an automaton, for the physical body of man must be polished on this Earth by spiritual will. So, the vaccine becomes a kind of arymanique force; man can no longer get rid of a given materialistic feeling. He becomes materialistic of constitution and can no longer rise to the spiritual'.*

*Dr. Timothy Leary, a former Harvard University professor and advocate of recreational drug use, escaped from the California Men's Colony West, near San Luis Obispo, where he had been serving a prison sentence for possession of marijuana. Having gotten a job in the prison yard as a gardener,*

*Leary climbed over the wall of the minimum-security institution along a telephone wire, then located a pickup truck that had been parked nearby by the Weather Underground radical group. The group then smuggled Leary and his wife to Algeria. He would remain a fugitive for more than two years, until being arrested in Afghanistan and brought back to the U.S. on January 18, 1973.*

*Whatever happened to the opposition, Political, religious, scientific, social, academic, economic, legal, journalistic, artistic, anarchistic, philosophical medical, educational, poetic, metaphysical, parents, ravers, rock and rollers, nerds even the narcissistic, wherever you are in society / reality, whatever happened to people with spirit coming out and saying this isn't believable is it, a scam?.*

EXTRAJUDICIAL KILLINGS, ARBITRARY EXECUTIONS AND FORCED DISAPPEARANCE

*Such Hypocrites, the UK Government bent over backwards to find a way to let General Pinochet escape from extradition during 'Labour's T. Blair' catastrophic reign. Pinochet was Chile's tyrannical dictator of the worst kind, a devil committing unspeakable crimes against humanity and well proven, documented. (He was established in a coup and supported by the US Government of Nixon and Kissinger). He was housed in luxury and had Margaret Thatcher licking his arse on behalf of National Interest. That same national interest now condemns a man who exposed more crimes against humanity (us) by continuous US. Governments. They are now licking Trump's and his demons' asses to gain their \$\$\$ favour. It is so pathetic and corrupt yet we the people allow it to happen under the guise of a 'justice system' not fit for purpose or for that matter a democracy that imprisons a brave man for exposing the truth of psychopathic mercenary warmongers on the rampage let loose!*

Unmask what's behind? Propping up psychopathic Zombies!

What do you want to be free to see, feel, perceive, respond to in your natural spirit ~

*'Crime against humanity Also found in: Dictionary, Medical, Wikipedia.*

*crime against humanity conduct the scale and depravity of which attracts international sanction, as well as often being a crime in national laws. The Statute of the INTERNATIONAL CRIMINAL COURT provides for several crimes against humanity and they have in common the theme that the conduct was committed as part of a widespread or systematic attack directed against a civilian population and the perpetrator knew that the conduct was part of or intended the conduct to be part of a widespread or systematic attack against a civilian population. The crimes are: Crime against humanity of murder; Crime against humanity of extermination; Crime against humanity of enslavement; Crime against humanity of deportation or forcible transfer of population; Crime against humanity of imprisonment or other severe deprivation of physical liberty; Crime against humanity of torture; Crime against humanity of rape or sexual slavery; Crime against humanity of enforced prostitution; Crime against humanity of forced pregnancy; Crime against humanity of enforced sterilization; Crime against humanity of sexual violence; Crime against humanity of persecution; Crime against humanity of enforced disappearance of persons; Crime against humanity of apartheid; and a final miscellaneous category, Crime against humanity of other inhumane acts. Crime against humanity of persecution against any identifiable group or collectively on political, racial, national, ethnic, cultural, religious, gender or other grounds that are universally recognized as impermissible under international law. The distinction between crimes against humanity and war crimes is retained in the Statute of the International Criminal Court (ICC).*

*Enjoy a dreamy day*

*Extraordinary-Rendition \* Amnesty International blocked from monitoring Assange's trial! Unbelievable! Ebru Timtik, 42, died in prison in Istanbul (27 08.20) after 238 day hunger strike asking for a 'fair trial'. Here is a case as so many today of injustice and suffering and also of the amazing courage of true 'people' to stand up and die for their beliefs in human rights. The Declaration of human rights written by the UN in 1948 is easily available online enshrining our rights. They are worthless if not enforced, lived by and supported by the institutions that declared them. These institutions are also worthless as seen by what is happening to our human rights today. (Of course, racism is an injustice on those who suffer its cruel horrors and in a more spiritual way even on those who perpetrate it). Racism is one head of the snake of evil BUT also as we are becoming so well aware that racism is supported by the powers at the top. Just as slavery was, whereby it was illegal to help a slave escape even to teach them to learn to read or write. These Fears are to divide us, exploit us and maintain control/power over people. Where are our basic human rights in any of these protests happening in the world today? Where are the Rights of Julian Assange who has been cast into a solitary dungeon in what one considers a 'civilised society of justice. Yet he has been treated by those with No Humanity, extremely prejudicial and political expediency, who in fact are supporting the lies and acts of terror (check out WikiLeaks' files) that Julian Assange has risked his life to alert us to. (His defence says that he is not being allowed the facilities to defend himself, independent & UN inspectors have accused his jailers at HMS prison with inflicting a programme of psychological torture on him) Same with all the other truth-tellers for exposing governmental, corporate, military, intelligence criminals committing 'illegal' wars, barbaric acts against innocent civilians as is happening all over the world right now. And these 'politicians-leaders' are never prosecuted. Where is the world of humans, of ALL races now fighting to FREE Julian Assange whose extradition show trial at this Kangaroo court in London will resume again in 3 days on 7.8 2020?*

Keep it simply lovely

*We all want the best of life for us, our children and others who live on Planet Earth and with all other of nature's life forms. This seems like basic humanity yet when put under stress these opportunities are made so often to be fought over engaging life's instinct to survive! It is well known throughout history, and nothing has changed but has got worse in the 21st century. Who would believe it but, unfortunately, here we are! Time to realise what's happening to each one of us by external forces! To demand our sovereign rights of justice and to make these corrupt criminals and their pathetic, sociopathic puppets accountable to the law and Justice.*

"Dreams are not superstitions" It isn't is it ~ here now

*Amor-Wizard of Luz, brilliantly psy-trancing at Shiva Valley ~  
Thought it was a buzzing bee ~ sound of a distant lawn mower.  
I don't believe in masks, bad luck or hell. We're all Palestinians now!  
You should be able to be a bleating, little lamb without feeling ~  
that you're going to be slaughtered or devoured by the big bad wolf init!  
How, why, who are the Aggressive force, and what provoked this mind?  
We are all enlightened, experiencing enlightenment, few realise it ~  
Cock a doodle do ~ which came first, the sperm or the egg?  
'What goin' on inside your mind?' Lemongrass*

*Sharing Is Caring ~ You Know what I mean? 'We are trying to portray the light when we are the light!'*  
*Regardless of all this new shiny, mesmerising High Technology, Quantum computers, bitcoin mining, Wi-Fi, Palantir platforms, super intelligent robots, aka Sophia, VR-AI, algorithms running the hyper-reality, matrix, simulations, social streaming harvesting all your metadata and giving you a social credit profile-identity ~ It is in essence only an amazing chimera, unreal. What is real? We are real in relationship to Universal Nature. Nature-nurturing everything else existing on Earth, in the Cosmic fractal reflecting your hologram within mine.*

*If you have been force-fed, brainwashed, educated to believe only the mainstream patterns of MATERIALISM as the basic 'philosophy' of survival in the world as is predominantly projected into our conditioning, perceptions, then we are prisoners of those values which are determined by those in power, certainly in the western cultures. These ideas have allowed in modern times for Global Empires exploiting everything, enslavement to genocide!*

*However, if we take a more metaphysical, spiritual view of non-materialism, beyond objects, manifestation of Power over others who are necessarily deemed to be inferior even when done with instruments of murder and inhumanity this psychology is developed and enhanced in this Limited MIND paradigm and in our behaviour for material gain even when it's done in the name of someone's God. So many acts of Terror have been done, committed by religion. Whoever are the global masters at that time through the dictates of war and military conquest, they escape justice!*

*Today we are engaged, oppressed by a new psychological warfare based on the propaganda and informational channelling regarding the 'Kovidian plandemic' The use of language, visuals, social media through the internet, fake news, communications, is cleverly designed to manipulate populations into accepting compliance. Either ~ through masks, social distancing, and the separating of people into opposing sides of acceptance or resistance to their Agenda. This mind control is weaponised to gain the outcome of the elites with their martial laws in force. If you believe in something beyond solely Ego, materialist objectives in Life that is, 'Spirituality' then this 'Object-Reality' is at a lower level compared to our human potential for transcendence to the higher levels of Consciousness~ Described through history in all works of wisdom, its Source being Conscious energetic life-streams in this dimension.*

*'While speaking learned words, you are mourning for what is not worthy of grief.  
Those who are wise lament neither for the living nor for the dead. Never was there a time  
when I did not exist, nor you, nor all these kings, nor in the future shall any of us cease to be'.  
This body (computer-machine) is born and is destined to be vanquished today or tomorrow ~'  
The body is not as important as the essential human-Conscious Spirit. (Bhagavad Gita 2.11).*

*Do you believe in the Unconditional love of intuition, empathy, unselfishness, peace, and human feelings  
beyond your own selfish wants and cravings, your ego's rejections and aversions, which are your Mind's  
constructs reacting from your subconscious and there allowed to grow into whatever it is one is envisioning,  
do you want to believe in holistic nature, beauty, freedom, compassion, LOVE, EQUALITY, TRUTH ~?  
Then with these intentions we can tune in, resonate and transmit these higher frequencies of Inner SPIRIT.  
Do you appreciate the wonder of a Sunflower or do you want to pick it for your own gratification, killing it?  
Does your mind understand only to destroy continental forests essential to the planet for material profiteers?  
Do you realise that humanity has wiped out 60% of animal populations, becoming extinct in the last 50 years?  
Obviously, you do not even care because you are a Sociopath, your mind has the minimum of human feelings ~  
You are unfortunately not a human being in that small percent of Psychopathic, narcissists who need to dominate!  
In this denser waveband you try to force us to have your tattoo-chip, the mark of the Beast because it has no spirit.  
IT IS UNCONSCIOUS, Machine integration, inanimate, soulless, deceitful, traitorous, schizophrenic, paranoid.  
Yet you demand that we OBEY your demonic, inhuman, unsympathetic commands! Look at the world of today!  
Here is the choice, positive negative, darkness light, humanity-inhumanity, war peace, love hate, truth untruth ~  
Mandatory vaccine for an unproven virus or freedom for your children to grow up naturally. Which do you want?  
Which totalitarian despot, tinpot has any right to command you to do anything as a child of the divine?*

*Like all life on Earth you have an intrinsic right to be here and to live by natural law – Dhamma.  
You are not here to be a subject of their coercion, mental hypnotism, temptation, marketing, distraction,  
bling and glittering trinkets, false mirrors for the chiefs to sell their lands for beads and become enslaved!  
This is a pattern of invasion and conquest that existed millennium before and refined by the MIC today.  
Where has the wealth of the Planet been squandered, stolen, destroyed, misappropriated by these entities?  
Now they want to link our brains to artificial-code, intelligence, so that they can control us all remotely!  
And at the same time destroy more of the planet, exploit more natural resources for their global business!  
Is this what you want as obviously it is clear to see the war and mass devastation their policies have made?*

*Silicon Valley DARPA, CIA Start-ups generated to command the future, investing in robots not Humans!  
Who does that make any sense to, what will be the opportunities for our children to live in isolated poverty,  
not to kiss their lover, to have no bioenergetic contact through the heart with one another, is that your choice?  
These are the visions of the low vibrational beings, only materialistic, no comprehension of human feelings ~  
which are essential fields of consciousness, they want to put us in a dystopian paradigm of clones, androids,  
a Police state of predictive policing by algorithms, they want to enter to your inner core and steal your soul.*

*This is a psychological war, a psyop as many before, Operation Paperclip, MK Ultra, to Warp speed today.  
To get us all nano injected, infected with a virus that nobody wanted until they released their bioweaponary!  
These beings exist in the swamp with their digital simulations, their surveillance systems, their Killer drones!  
We are now in a metaphysical war of duality, the Spiritual against these living dead, Nazis with no heart!  
Let the 1000 petalled Lotus blossom out of the ignorance of slime, let our crystal hologram shine as the Sun*

*A High Spiritual Path ~ The Art of Living*  
Purifying my mind & material tension will go.  
Relief of stresses from egoism, it gets dissolved ~  
We are what we think, no blind belief, no cult worship.  
Just a pure science of mind and body, how they interact.  
Observation of the interaction deep within, seeing,  
realising how the tensions get built up & dissolve ~  
**THE HABIT OF BLIND REACTION** at the  
**DEEP UNCONSCIOUS LEVEL** of MIND.  
One is a **SLAVE** to one's Behavioral Patterns.  
Craving and clinging to something pleasant ~  
Aversion and hatred to something unpleasant!  
Practice, be Liberated from interactions of the 'I'  
Lose the balance of Mind and become miserable  
inside, and distribute it to others, not a good way  
of Life. Practice Dhamma for Peace & equilibrium.  
Generate Peace and Harmony for others ~ 'Metta'  
Being converted from miserable to happiness ~  
from ignorance to enlightenment  
from bondage to Liberation ~  
Live a free, healthy, happy life.
