'We are slowed down sound and light waves, a walking bundle of frequencies tuned into the Cosmos. We are souls dressed up in sacred, biochemical garments and our bodies are the instruments through which our souls play their music'
'The intuitive mind is a sacred gift, and the rational mind is a faithful servant We have created a society that honours the servant and has forgotten the gift'

HEAR THEARTHEARTHEART

*Below is a synopsis of Sunny's latest poetry anthology, 'Love Conscious * Free Spirit'
It contains the same principles of true freedom from which he creates his paintings ~
From a meditational base, transcending distractions of the ego-mind, Maya, Leela.*

Extra Space

*A simple new concept, design of Interactive Art *
Creative Poetry * Open Space. A new paradigm
**allowing Universal, primal, energetic, essential
SPACE, as we are** ~ (beyond thought, spells, logic,
ego, finite-mind's biased behavioural, mental states,
OUR MIND-CONTROL!*

*Infinite dark SPACE is becoming visible within ~
pure emptiness ~ not containing any manifestation
of mind, identities, words, projections, conditionings,
ideas, perceptions, interpretations, all subconscious ~
manipulations by Autocratic Powers but, quantum,
intrinsic SPACE * Consciousness Streams, Spirit,
here, now; who we truly are ~ Vibrations. Inside ~
Space is left clear for you to feel an interactive,
creative response, inspirational, synchronistic,
meditational ~ reflecting intuitively not by pre-
set conditionings; from your heart, not embedded
behavioural programs! This silent, still SPACE
ALLOWS US to Enter an Open DIMENSION*

*beyond the dominant 3D frequency waveband ~
These are not just empty holes because they have
no writing, but offer an opportunity to enter with
your own intuition into a shamanic sense of Inner
SPACE, existing, omnipresent not letting the mind's
self-expression be the ultimate arbiter of your Cosmic
being. Go beyond this-self where we identify fully with
the FORMS. Here are artistic triggers, deep connections,
DUALITY *SINGULARITY*FREELY. Instead of just
following propaganda, matrix brainwashing, FILLING OUR
LIMITED MIND with Stuff! Use Spatial awareness to connect
to your inner source of freedom from subject-object; be a Divine
Observer; use Open Space-sense, vibrations, discover your truth ~*

*Sunny's technique is that there is no technique, only creativity, free flowing, consciousness streams,
as a child; with no one dictating, influencing the behaviour of what to do or not do, right or wrong.
Historically Art has advanced in this direction, from the Renaissance, Realism to impressionism,
surrealism, abstract expressionism, where art dances with the dynamics of its culture and market.*

Why do we see no abstraction from Botticelli or Leonardo da Vinci? Who were their sponsors?

What was the concept of Freedom that existed in Europe during those times Monseigneur?

Who directed Salons to disregard the painting of Gauguin or Van Goch, yet embrace Dali?

Why is Picasso valued in \$100 millions today yet artists creating here now receive nothing?

~

*I once observed in a room in a Palace in Jaipur, Rajasthan, a most renowned artist painting
on canvas, a traditional scene of King and God, and realised these images were identifying~
in fact, defining for a culture, their view of what God and the King appeared as. I was happy
that I was painting in a fully abstract way so that the energy vibrations coming from the art
would resonate with viewers, God an unidentified undefined, multi-dimensional frequency ~
Ultimately, originally, infinitely, creatively beyond the limited thinking of our human minds.
How to arrive at that inner realisation when art is so bound up with materialism and thought?
Art is a response to our cultural demands. The King and Church have determined our realities.
The concept of True Freedom is different for each tradition and country but also the same, same.*

*Sunny is open to the synchronous, symbiotic, unknowable, experiencing itself fully in form, colour, intuitive Space, flow, accepting the streaming of our deep subconscious ~ being allowed to be free, to exist, as it is. This vibration is intrinsic to all aspects of art, music, poetry, dance; beyond cultural-state propaganda. Today we live in a quantum * DNA, Cosmic energy, dark-space, psychedelic hologram, God*dess' conscious potential. As during the time of the discovery of the known, material world as Atoms, frequency ~ Creation is reflected in Art. Who am I, where am I from, where am I going? Art engaging all the senses, Art is being eternal impermanence, now. Sunny's paintings are a response to his experiences in nature, the world, Space and are offered as a gift to life. He supports Mother Earth, Pura Vida, empathy, humanity, love consciousness, truth-freedom to be ~ butterfly effects, individuality, ending egotistic psychopathy & cabals exploiting all Earth's resources!*

~

Who is defining what has value in this world of illusion, putting a dollar ticket on everything that exists? Maya, greed, corruption, aggression, who knows where it comes from; another concept made by whom? We are all children of the Divine, each one of us free to share love, to give and take, becoming conscious. What is life's true intention? "I don't exploit anyone," mantra, not social engineering from the shadows. Breaking the spell of control and be free to be creative however you want, and for the good of one and all. 'Life is simple, sharing loving kindness from the heart' as a basis of communication, creativity, of love ~ Lots of smiles are good, being who you truly are and sharing it, with Pachamama, in our eternal Space

~

To experience this no-mind-thinking-state is to switch off unconscious levels of duality and enter a Space of natural singularity ~ Art is becoming a meditation in action. The connection is on a deeper level, so the intuitive dimension has been activated which transcends the perception that the mind is Absolute ~ All values programmed into the mind by society are therefore let go and we become One with the Cosmos. This inner level also presupposes that what results is beyond business, political control and manipulation. Although the art market has not quantified this state, it exists, and the results reflected from it are TRUE.
