Yoga Is 'No Ego' in Practice, our divine destiny ~

*In this context it is hoped to show the complete negative value of **Propaganda**, the reasons why it is used so fully and who it benefits and why. From the description of the Human Spirit it shows that **Propaganda** in fact isolates, alienates us from our own Self ~ Realisation and from the Consciousness that we are a part of this Cosmic energy; which is alive in everything, in the Natural Union 'Yoga' ~ of Life and reality. This Knowledge through Wisdom helps us realise the True value of Life and the untruth of the Negative values described in '**Propaganda**'. How are we to become connected to this wise human sense of Our Universal Omnipresent Self within the greedy Globalised perspectives of today? This is the future with No fears. It's seen in meditation, poetry, Free Will, Creativity, mystical vision ~ deep wisdom and Love; not **Propaganda**, of fascism, separation, racism, fundamentalism, of corrupted despots, greedy politicians, business, media, advertising moguls, MIC. Militarists and in the Terrorism of extremists! This development of suffering & Ignorant manipulation of our 'Humanity' is an attack on All our Spiritual realisations ~ moments of Reality which for all of us are essentially changing, always flowing on ~ Our ego is not truly in Control of it. Surrender, transcend and Free the finite Mind to the boundlessness. Don't get Attached to, but be Immersed within the Cosmic Stream ~ the timeless space, emptiness, silence, with the Source, not projections of the ego's light. Walk the pathless, true path until inside you become blissful Ocean, Sat chit ananda, Nibbana innocence, love, infinite life ~*

'Paraphrasing'

'Nowhere to hide as Britain tops CCTV league'

People in Britain are monitored by more Surveillance cameras than anybody else in the World, according to research.

There are believed to be more than 4 million closed circuit television (CCTV) cameras one for every 14 people in the country.

A four-fold rise in cameras in just three years has alarmed civil liberties groups.

They are calling for tighter controls over their use and over the retention of images on film. AKA 1984 + Professor Clive Norris, deputy director of the Centre for Criminological Research at Sheffield University, estimates that at least 4,285,000 CCTV cameras have been installed

The figure passes Norris's own prediction in 2001 that the number of cameras would merely double from 1 million by 2004.

It is claimed that Britain has more Surveillance cameras than the rest of Europe combined.

"Britain is the only country where there has been big government funding for the installations," said Fry, "Europe and the United States don't have a Yob culture like we do.

I can think of only six American cities with CCTV (cameras) looking at the streets, while there are more than 1,000 (urban) areas in Britain where CCTV is used.

A contributing factor in the slow uptake of surveillance systems in America and other European countries are stricter privacy laws that influence the placement of CCTV cameras

*in public spaces and dictate how images
of the public can be used. By contrast...
successive Conservative and Labour governments
have funded CCTV throughout Britain over
the past decade as part of the fight against
crime and antisocial behaviour.
Legal controls over CCTV were introduced in 2000
as part of the Data Protection Act.*

*It says signs have to be erected to inform people
they are being filmed and gave the public the right
to see footage of their own image.*

*The act also says businesses or councils
must have a legitimate reason for installing cameras.*

*Earlier this year the Information Commission -
a government watchdog responsible for enforcing the act
suggested camera operators should destroy images
of people caught on film as soon as possible. But the move,
which failed to stipulate a maximum time for the retention
of images is perceived as guidance rather than law.*

*There have been reports of security companies
selling images of couples having sex in public.
Last year a man was awarded £7,800 damages
after footage of him attempting suicide
captured by council CCTV cameras

*Taking the Master Class in Popular Culture!
Validated, talking utter bollocks at same time,
that's a clever trick. Instead of spinning it, you
should be working on the aspiration of life itself.
That's an interesting idea, I'll tell the Manager.
Right on the money, a true working class hero.
Maybe there is something I should do about it!
Hallelujah let's not think outside the box, OK?
Let's intuit and feel beyond this sterile existence,

That was built on the guilt acquired from birth.*

Conforming to the waves on the golden beach ~

their real nature, instinct, their Buddha, Sadguru,
their divine insight into sensations changing inside
the multi-dimensional Cosmic energies, omnipresent.
Just observe equanimously, no mind, in the moment.

extent of activism, intuition, of Vipassana meditation.*

*

*“Neuroses is nothing more than repressed fear”
Observe your suffering, emotions, thoughts, actions.
Concentrate on the sensations changing in your body.
Mindfulness, realising mind's limits, to limitless space.
Ego loves spinning cocoons around your understanding.
Watch your breath, not anxiety, self-pity, resist scheming,
machinations inflating erroneous beliefs, piling on the grief
of the Self. Transcend the mental-programming paradigm.
Desires, attachment is running counter to Life's flow ~
Shine a light, don't repress it in the dark unknown.
Don't make your ego the centre of your Universe.*

A Very Vicious Cycle

*The arising of the consciousness of this and that; Maya ~
Causes, attachments, keeps our likes, dislikes in ignorance.*

*“Hatred rises towards any person who stands between
my ego and my desire”*

No need for self-mortification, as holy extremists.

Tathagatha Gotama renounced that experience!

*If you must suffer, be aware of the sensations on the body-
mind, always changing, so no attachment to my self-identity,
self-love or self-hatred, a personal sense, me, mine, inside as duality.
Only walk with the complete abandonment of this illusory ego, self.
The middle path, pain’s liberation, free from death, of the unknown.
Propaganda is filling us with their fears, dread, greed and despair!*

*

Finite Death * Infinite Spirit

Ego-centre of the Universe.

A black hole is not the Sun ~

It’s about attachment in our Illusory minds.

The ignorance of this unreal brain-washing syst.

‘We fear our own fear’ so not in the here and now.

Dissolve completely these delusions, smiling openly.

***Propaganda** is a parasite feeding on its own self ~
feeding, living off bigger paranoias and psychosis.*

*Living off anxiety in our minds, in our reactions to
the unconscious craving for objects and planting seeds
of this energy in the sub-conscious stream to manifest.*

Being attached to my own attachment, inflicting despair.

The subtlest mind is freer from these patterns reoccurring.

*My being wants detachment, ego adds more attachment,
can’t get the dhamma faith. It needs to humble itself ~
in humbleness, gratitude, grace, for this self-realisation*

True Acceptance of My Suffering

*My EGO-mind is Ignorant, limited by thought.
Repression will only make the suffering worse.

It's all positive in this garden of life on Earth.
This is an initiation into the spiritual heart.
When egocentric selfishness lets go you flow*

*

*Repressing it is feeding the feeling of Attachment ~
takes Energy, which increases the intensity of suffering.
Accept it with the full understanding of impermanence ~
and equanimity to its sensations, constitutes detachment.
Ego-identity has to accept its consequences, 'dukkha' in life
'that you can't always get what you think you really want'
This gives it less power, so surrendering to it ~
This true acceptance of our sense of suffering allows
for the ceasing of its volition; 'I want', 'I don't want',
for a moment, so energy directed to feed ego is released ~
to flowing in tune with the whole Cosmic, infinite space.
It's unblocked going through suffering to being here & now.
The Peace that passes all understanding.*

Propaganda is bad because it feeds voraciously this ego,
we're made to lose a true sense of ourselves, nature, spirit ~
its intention, motivation is control, ignorance, so we're lost.
We are depleted, we destroy nature, we become violent and
alienated, easily subverted, we put our trust in greed, money,
power and exploitation!

Sole Control ~ Fortress of Democracy

More mental flotsam, collateral damage!
Sorry this is totally unacceptable, dropping
cluster bombs on village wedding parties!!!
That makes it impossible to ever mend again.
It's right motivation not body bags that counts.
Feelings in the heart not war sermons on mounts.
Opening minds in equilibrium not dark, jungle claws.
If spiritual, true nature, why not a holistic relationship
to the Cosmic ocean, not this blood lusting of the Devil?
The Garden of Eden was a peaceful, grove for Angels ~

Self-realisation ~ transcends into a Psychic channel.

And What Is It That They Won't Be Telling Us!

The Information Commissioner's Office is the UK's independent authority set up to uphold information rights in the public interest, promoting openness by public bodies and data privacy for individuals

<https://www.gov.uk/make-a-freedom-of-information-request>

*Let's see how Real this 'Freedom of Information' is!
'Operating with The Data Protection Act, gives People information held on themselves, their Personnel records, or by Credit agencies. Ask at the Matrix command centre.*

We can look at Environmental Information, Regulations too! Entitles anybody to ask a Public Authority in England, Wales, N. Ireland, including Government Departments for any recorded information that they keep. It will give us all greater access to ~

Information about how decisions are taken in Government and how Public services are developed and delivered. You can receive it on paper or electronically. You might have to pay for it. You can ask for any recorded information in emails, notebooks, videos, tapes. Check their publication scheme. Your request must be responded to within 20 working days. Public authorities will provide you with the information unless there is a good reason for not doing so. 'Your Right to Know'. Try, see what you think? They never did sue Michael Moore for all of his so called 'untrue' allegations against USA. President Bush and his Government. Ask yourself what all that posturing was about!

*

The last Straw, Jack, that broke a Camel's Heart

In a World of Global information, how much is getting to the people and how much are we hoodwinked by swirling rumours, distractions, diversions, delusions, unfurling horrors and untruths? It took one year for a report with powerful new graphic evidence and proof to emerge to the surface, of another hidden massacre. This is in stark contrast to stories in the UK about 'Anti Sleaze' and Politicos backing, the infighting for the proposal of the 90-day detention without charge of 'suspects' in the fight against Terrorism. When you read these reports, you can begin to understand why people feel a desperate need to stand up and say "Enough is Enough"

to the foreign invaders of Iraqi people. This amendment is asking for similar notorious aspects as in the 'Apartheid Regime'. To protect our civil liberties! Locking us in cages to keep us safe! This is a contradiction in terms! Wake Up!

*Yet this British Government is complicit, acting in support
of atrocities in Iraq then bringing this front line of murder
to our cities and then they are crying Wolf!
Saying that this is barbaric with NO links to
their own crusading, invasion and mad conquest,
killing off completely innocent civilians, families.
You have some nerve trying to pull that one on us again
and again, expecting us to swallow it with a straight face
and a bleeding heart. You, screaming you're the aggrieved!
Do you have such maniacal confidence in the success of your
Propaganda programs and brain washing machinery. Wow!
False, wrong, your damned lies will be revealed!
They don't want to take the responsibility or blame
or shame and it could lose them votes in next Election!
Through these contradictions people begin to question the notion
that, 'one man's terrorist is another man's freedom fighter'.
Where have we heard that one before? They are distorting
the environment of language & Communication with their
lies, exposed. Yet they keep repeating it and repeating it
until it sinks in as being real, like WMD. i.e. Herr. Goebbels!
They cynically expect to be let off the hook and run riot over us.*

*Such contemptuous disregard for the truth and human relations!
Crimes against humanity, what is the standard here Henry Kissinger?
Nobel Peace Prize winner, prosecutor-puppeteer of the Viet Nam War
is still alive, living as an honorary citizen in the undemocratic USA.
What was the result of these debacles in Chile, Cambodia, Laos?
Who do you start to believe when the people you trusted to
represent you honestly, are found to act just as horrifically ~
in whatever cause they are trying to justify, to you and me?*

*This is a misguiding and misguided Government, living in a World of fantasy, they're out of touch with Reality. The Reality of Human rights and Natural Dignity ~ The very rights they tell us to fight and be sacrificed for! This is pure **Propaganda**, they're diabolically misguided, brainwashed themselves, insane with their own paranoid, deluded, schizophrenic, sociopathic **Propaganda**. Why Not? Only for their own ends; brokers of 'unreliable Intelligence', they know it is, but they can apportion blame somewhere else. A convenient tool in the big scheme of things for those dominating; media spin fake news! They don't know fact from fiction anymore! These are very dodgy, sketchy people to put your trust in about reality. You probably already feel such negativity, that's why so many of us are disillusioned, not bothering to vote, or take-up our democratic rights; which is what this is all about in the first place! STAYING IN POWER!*

You've been cleverly, outrageously 'disenfranchised'. You feel cheated, duped, misled, deceived as now they only have to win less than 30% of the 'Popular' vote... to gain Authority, Power. This works in their favour too! Keeps people confused, alienated from one another, brother. They keep control with less problems. This is well researched, a developed plan which gives credence to 'conspiracy theories'. A simple, clever 'game' to achieve and retain Absolute Power ~ Dividing and conquering their people; one of many genocides. What do you say to that Mr. obsessed, WASP. fundamentalist, beating your war chest, hollow drums of morality & democracy, human rights and divine righteousness. Claiming to have entered Illegal wars to remove tyrants' behaviour from our global village, yet carrying it on themselves, being dark, psychopathic monsters. Why would anyone want to perpetuate this Military-Industrial-

Complex, senator? This isn't a unique case either, there are many examples existing and many more still buried with their innocent victims in hidden mass graves.

The coalition of the willing are willing, to breach the 'UN. convention on certain conventional weapons, 1980'. They're stamping their jack boots over all codes of Human Rights and Protections in the name of liberating a country from their proxy despot yet preserving it all for themselves! Continuously blaming mad, bad boy, Saddam Hussein for gassing chemically, innocent Kurd civilians in Halabja 1988. They used it to convince everyone to join their unholy crusade. Since when did two wrongs make a justification in this World? Since when did two civilian massacres make it not a war crime? International Court of War Crimes, the Hague. Wake the fuckup!

*You lose Your Credibility, no one will believe you again, Minister. You've lost the trust and respect. We even lose respect for ourselves, family and friends, for our neighbours, society, a country with Democratic values that have been held up and fought for before with true meaning. Making many supreme sacrifices! Undermining our whole foundation, trust & respect. Look at the State of our culture, our guilt trips ~ our lack of belief, aspiration, insight and destiny. What terrible role models you created for Mother Nature. Yet you brag about your Policies throughout the World. This is a new stage for your global audience – **Propaganda**. You condemn all the other anti-social deviants and truants from your educational, conditioning, identity programming*

*We have a country of misfits, not helped by your oligarchies.
Making yourself, 'Holier than thou'. Very good for your Ego
which takes a bow and leads us right back to the deeper disease,
the limited, delusional, monkey-mind & human-conditioning!
There are links to these insanities, inanities, there are links
to having a pure mind, it all comes down to being True ~
Not Zero tolerance of children*

Try Vipassana ~Not Propaganda
