My darling who invites the spirits if they wish

so your caravan will glide to Kilimanjaro to  
sing there and perform Kabuki for your Lord.

My darling

Ambrosia is the sweet juice  
on your lips ~ wet  
and between your legs,  
Spirits at your side  
desire so much your blossom  
as a bee cherishes the perfume  
of the sweetest flower  
Subtle are their extractions  
as they enter the soft petals  
Inside they wish your sparkle  
but today your colour has fallen pale  
and your eyes gleam less.

The dazzle of your movements is slow, my darling  
who has yet to sail by felucca down the Nile and to  
meditate in quiet under the pinkest trees of mount Fuji.

My darling whose perfume will scent  
the nature of many delicate impressions.

Now your sweetest strength of life  
is needed to fountain many loves  
and to warm erogenous twinkles  
as you do now my heart and pupils.

Spirits fall as leaves to allow ~  
the spring and summer of your sailing.

Listen: 5000 ethereal children singing to us

Bright and early, 8.15 Summer holiday time, August 6th saw a pink ball falling through the sky, then black, black whipping rain.

A moment, spontaneous, fantastic multi ~ coloured clouds. Bright and early came the host of Death to live in the bodies of 90,000 in sinner rated survivors, came the Enola Gay with a genocidal mushroom of deadly destruction. A deadly gift to all your children, free from US to your soul. Radiation, gamma rays, diseases to explode you into a heap of melted hearts ~ charred bones of a beautiful girl and wheelbarrows of shadows.

Your mother melted into stone; A great collection for your prayers of peace, peace! 18 hundred feet, 10 thousand miles from home, "bombs away!" All life turned to ash, flower ash, grandfather ash, tree ash, eye ash, skin ash, sister ash, brother ash, mother ash, dad ash. So many years of your hell standing in the ruins; B29 turns. A Flying fortress swings to its home ~ Sayonara. Full of surprises! Did you know there were 20,000 women pregnant with tomorrow? Did you know about the children who fold paper cranes now and float paper lanterns in the Toronagashi festival to hold a little longer their spirits? It all happened too quickly ~ you were gone, evaporated! I never had a moment to say goodbye to you my child.

Yoga Is 'No Ego', in Practice our divine destiny ~  
In this context it is hoped to Show the complete negative value of Propaganda, the reasons why it is used so fully and who it benefits and why. From the description of the Human Spirit it shows that Propaganda in fact Isolates, alienates us from our own Self realisation and from the Consciousness that we are a part of this Cosmic energy; which is alive in everything, in the Natural Union 'Yoga' ~ of Life and reality. This Knowledge through Wisdom helps us realise the True value of Life and the Untruth of the Negative values described in 'Propaganda' How are we to become connected to this Wise Sense of 'Our Universal Omnipresent Self' within the Globalised perspectives of today? This is the future, with No fears. Seen in meditation, poetry, Free Will, empathy, Creativity, mystical vision, deep wisdom and Love, not the Propaganda of fascism & racism 'Fundamentalism' of corrupted Despots, tyrannical Politicians, Greedy Business, Media, Advertising Moguls, Militarists and the Terror arising by mad extremists! This development of Ignorance & Selfish manipulation of our 'Humanity' is an Attack on All of our Spiritual Realisations ~ Moments of Reality which for all of us are Changing essence. All One, always flowing on ~ Our Ego is Not In Control of it. Surrender and Transcend the Mind to eternal Boundlessness. ### UNDERCURRENT OF LIFE STREAM

*In Buddhist psychology the process of the changing mind is manifested in two levels or streams. The subconscious stream 'Bhavanga Citta' and the Conscious stream 'Vithi citta' Each one merges into the other. The subconscious stream is the hidden repository of all the impressions and memories of thoughts that pass through the conscious mind; All experiences and tendencies are stored up there, but they exert an influence over the conscious mind without it being aware of the source of this influence. These two streams of mind being conditioned by each other. The state of the active conscious mind and awareness is generally present during the day when one is awake. It is conscious of all impacts and impressions continually received from outside, through the 5 senses or of sensations received from within by way of ideas or thoughts or recollections of former thoughts. When this conscious stream which is constantly receiving sensation from within or without subsides into inactivity, as for instance during sleep, the other stream the subconscious (Bhavanga Citta) manifests ~ flowing like an undisturbed stream so long as the conscious stream does not arise to disturb it through the sense channels. When awake every time an arisen thought of the conscious mind subsides and before the next thought can arise within that infinitesimally minute fraction of time, the subconscious stream intervenes. Then when the next thought of the conscious mind level arises the subconscious stream subsides into inactivity. Since innumerable thoughts arise and fall one after another during the day, so then are there innumerable momentary interruptions to the flow of the subconscious stream during the day. The subconscious is referred to as a state of subliminal activity viz. an activity that takes place below the threshold of the conscious mind, an activity of which therefore there is no awareness on the*

conscious mind. The conscious stream holds only one thought or idea at a time whereas the subconscious stream holds all the impressions of all the thoughts ideas and experiences that enter and leave the conscious mind. This subconscious life stream allows us to have a memory, conditioning our thinking & action. The Bhavanga is the 'bhava'(existence) 'anga' (factor). 'Bhavanga Citta' is the indispensable factor or basis of existence. The factor of life by means of which the flow of existence or being is maintained without a break. The continuing basis or undercurrent of life, the stream of existence keeping life going. This stream of being is an indispensable condition of individual life. It is comparable to the current of a river when it flows calmly on, unhindered by any obstacle, and when that current is opposed by any thought from the world within or perturbed by tributary streams of the senses from the world without then thoughts in the conscious mind stream arise. There is a juxtaposition of momentary states of consciousness subliminal and supra ~ subliminal throughout a lifetime.

This essential conscious ~ subconscious life stream is felt as a flow of sensations on the body/mind and the equanimous ~ awareness of this ever changing flow of sensations ~ 'Sampaggana Satimo' is what Vipassana meditation (as taught by S. N. Goenkaji, [www.dhamma.org](http://www.dhamma.org)) uses in practice to make us realise our Inner true being ~ 'going with the flow, freedom, consciousness, transcendence, God realization beyond illusion, conditionings, ignorance, distractions, manipulations, ego trips, energetic fields, Cosmic realities, realization being now is the allowance to live in this changing Bhavanga wave of existence. *In response to the images of the G20 conference*

*Demonstrations in the City of London on 1<sup>st</sup>, 2<sup>nd</sup> April 2009. In particular the 'death' by 'Internal bleeding' of Mr. Tomlinson who would have been an anonymous casualty probably put down to 'natural causes' It certainly seems that the Official reaction was that and no Police officer came forward with any statement to refute this. It was only when video film was later shown from an Independent observer who filmed the incident with eye witness corroboration that Mr. Tomlinson in fact was heavily pushed to the floor with a metal baton struck against his legs. What affects me is the typical 'Cover up'/'Spin' from the Military style authorities, the lies and therefore corruption. Having lived in Goa in March 2008 when Scarlett Keeling was allegedly raped and murdered with a police, political cover up I condemned their corruption and compared it to the honesty of British Police. My naiveté is apparent now. What sickens me is not only the 'Hype' by the Media/Police to Criminalize all these protesters who have legitimate rights in a democracy to Protest but also the fact that Mr. Tomlinson was trying to go home after working and had nothing to do with the G20 Protest. He's seen innocently passing the Police with No 'Anti social' attitude or provocation to any Violence in fact he has his back to the line of police who are in full riot gear And he had his hands in his pockets so offering no direct threat to them! He was brutally struck to the ground and two minutes later died of Internal bleeding whilst on the ground not one of the Police Officers went to help him up! To me what is most worrying about the incident is this Authoritarian Force behaving as a gang of goons described in the days of the fascist/Gestapo of Pre -WW2, Nazi Germany especially with the fearful scene of German Alsatian dogs on the leashes of the City of London Police surrounding this sole innocent human being! 'Police Unaccountability and the Public's lack of trust must change!'*

## ABOUT SUNNY JETSUN

*Inspired by the sixties Sunny started traveling the world in 1970.*

*His spiritual journey on the hippie trail to India took him through San Francisco, Los Angeles, London, Amsterdam, Paris, Vancouver, Sidney and Kathmandu to Varanasi. His arrival on the sub-continent was the beginning of writing autobiographical verses capturing his travel experiences, encounters with remarkable people and his quest for self-realization. Combining experimentation with drugs, sex, rock & roll, meditation, Love and life in general. Sunny started to open up to a multi-dimensional Universe. He lived the mantra, "Turn on, tune in, drop out" realising Mind's-illusions, inspired by deeper feelings of holistic nature, empathy\*energy & Space.*

*Over four decades Sunny has written and published 28 books of poetry, created over one hundred paintings, traveled the World and considers his masterpiece to be his daughter. He has spent the past fifteen years in Goa, India inspired by the freedom to experience and idealism of human consciousness.*
