You can't make it up it's criminal, corrupt, greedy, evil, faked, inhuman, diabolical, lying. Do we really exist or is it a trans-humanist simulation and who cares about Nature? This book has many perceptions, interpretations-views contexts of different situations ~ what's the bottom line? Is it good for you does it benefit others & your environment? It's offered freely from the heart, for no control, power just equality, love consciousness ~ Look around, open your eyes, see the results, inequalities, destruction of Earth. Make your own minds up please feel some empathy in your hearts not fear and insecurity' You're a sovereign being, you've rights but you have to own them or others wanting to make you their slave, legally and your wife and children's children to make them oligarchs, commanding, ordering, ruling your life, all the innocent species, will! Obviously Sociopaths, look at history and what these cabals of global corporations have in mind for us; Fascism, surveillance 24/7, social-engineering, robotic-culture, Precrime! Look at the links, wikileaks, Oxfam, independent media etc. wake up from the spell. This k0v1d Gene-therapy experiment, mRNA-lockdown, separation of humanity Time to correct the balance for Nature, lessen Artificial Intelligence, Virtual reality. ## **PATTERNS-DESIGNED-DISHARMONY**

*The World, Nature has become out of balance ~  
All Development\$ go to High-technology for Power  
of the few who \$ociopathically want to Rule it all ~  
by denying us our divine relationship through Nature.  
Therefore they destroy, rape and plunder all of Earth ~  
so they can control us trans humanly in their simulations.  
The resources of the Planet are being squandered, wrongly  
to develop these artificial realities for the rich to make wars!  
They are a Total Failure and their Crimes Against Humanity  
should be stopped now to correct the Natural balance of equality.*

~

*There are clear patterns shown here in the writing, commentaries  
in the online links. The powerful, lies, deception, terrible violence.  
coercion, censorship, propaganda, brainwashing is to control the  
narrative so that we the people comply as now in k0v1d lockdown  
We're treated no more than slaves and the Earth's being exploited  
to suit the agenda of the ruling class represented by those NGO's  
such as WEF whose 2020 Davos attendees are listed at the back.  
Their vision of 'future progress' can be seen from the members of  
these global corporations of banks, oil, pharmaceutical, military,  
Political cartels who are there to continue the extreme inequalities  
and destruction which has been their legacy of failure for 70 years  
It is also made clear made clear what happens to those who try to  
tell the truth and resist these sociopaths; witness Assange's torture*

*These observations are about the Balance of forces in the world ~ and how this balance is being exponentially driven to the pseudo-fake, artificial-unreal extreme by forces which want to dominate the Planet and control everything through a Matrix system based on Technological advancement by Quantum computers and other intelligences. Their motivation as is made clear within is no love benign or even human in fact the opposite; evil, cruel, tyrannical, greedy, egotistic, domineering, supercilious, psychopathic, insane paranoid, megalomania, all of the negative qualities imaginable, and unimaginable from the evidence of inequality and oligarchy. The realization that we are now at a Tipping Point and the dark forces are becoming visible to us by their misdeeds of inhumanity.*

*We have to be Aware now that in fact energies exist which have No human feelings and consequently their actions are so violent that they use these powers to dominate us all through FEAR and all the other psychological, mind-brainwashing techniques which exist and with propaganda they have made us prisoners as is seen today through a 'global pandemic' which has locked down Earth! The controlling of the world media, NGO'S and other authorities we've assumed wrongly were here to improve mankind's life are as control tools of a totalitarian 1% who want to set Agenda 2030 for all our lives, and that of all life on the Planet. So far over the last 70 years with their Power they became a Plutocracy while 99.9% became slaves and our natural world is devastated by exploitation. It's Corporate Global plunder, with our sovereign rights denied, with all the distraction going on purposely to divide and conquer. The fundamental reality is they're destroying Nature, our source. They want to rule us with the arrival of High technologies, where we can all be surveilled 24/7, each heartbeat monitored to predict evaluate and socially control us in the herd as trans-human digits. Recognise they're destroying life ~ nature to make us their Slaves.*

*This anthology journeys across the spectrum of Surreal poetry ~ to political commentary. It explores many feelings over 50 years of experiencing life in 'the world, our sense of place'. How our values, opportunities, dreaming, perceptions and living have been engaged, changed, how our vision of ourselves has evolved individually and as a global collective. The development of society, the manifestation, interpretation, inner relationship to the 'matrix' and the effects on Nature and other creatures inhabiting Planet Earth. These modern discoveries have given us new realities, opened up amazing mental-possibilities, concepts of multi-dimensional, energetic beingness ~ interrelated to Consciousness. We have also realized the dominating power of 'elite' forces whether historical, dynastic conglomerations, or a new paradigm of a Mad World Order, cabals dictating through controlling of ideas, propaganda, tyranny, sociopathy, bioscience to supercomputers, wanting to access every entity to regulate our minds' Sub-consciousness remotely, automatically without any free choices ~ The fundamental question has never been more crucial to understand Who am I, where am I from, where am I going, does it truly matter? People have become aware on different existential levels due to access to information and the future of life itself has become critical whereby 0.1% control 99.9%; six businessmen have as much wealth as 50% of the poorest inhabitants of Earth, and they're intent on preserving it, increasing their power, continuing this immensely disproportionate inequality, to an extent where the population of the whole world is becoming enslaved not metaphorically but real, physically, mentally, emotionally, metaphysically. This writing offers an insight into these basic 'dualities' which are intrinsic to life today. It also shines a light on Love, art, culture, morality, truth, survival ~ nature, reeducation, democracy, psychopathy, ideology, wisdom, inspiring poetry by poets K. Gibran, Rumi, the truth-tellers fighting the oligarchies, the equal-rights activists, Martin Luther King, Julian Assange, Ed. Snowden, and unknown people fighting on behalf of humanity, true idealism ~*

*This book is a compilation of threads of **shared wisdom** that weaves together a picture of life today. It shines a light into the darkness of the soul. We are Not Machines, they do not have a Cosmic conscious integrated through all life's dimensions of nature, BUT we are being brainwashed by these corrupt criminals into believing we are nothing. (And Water is Not a human right but we have to buy it from Nestle). These Corps. give all sorts of financial inducement to get those rights. Now they want to turn us into trans-humans without our informed choice. They'll create a pandemic to lock us all down, isolate us, deny us our basic human rights and enforce it with their Totalitarian state Is this what you want? You see that LIES are being told from the top Is this the future you want for your loved ones, your society, Planet ~ There's been no opposition to this nightmare from people responsible, why? Why do these criminals walk free after such horrendous crimes? Isn't it obvious by now, what are you going to do about it Appeaser? Where's your courage to fight this scourge or are you a weak coward? There is no excuse for Not knowing, it's out on the alternative media. Ask yourself who You are, do you want to exist in a Robotic system? Do you have a heart, soul, a spirit, feelings for nature, your children? The cover painting by Bhagvati Nath is called the Garden of Delights In it the artist portrays a vision of natural beauty, liberty, harmony~ I see this everyday and it makes me happy, this is what I want to dream for my life and for all of the Planet Earth. At the moment ~ mankind's mind has been hacked from social reality as made clear today with forced totalitarian lockdowns and psychological events, developed to control You and most other beings ~ At the same time we have lost 60% of living species in the world in the last 50 years. Six people have as much wealth as the poorest half of all the people on our Planet! Ask yourself if we are moving in the right direction, or if we need to rebalance these powers more to Cosmic\*Nature ~ Its our human platform of life not artificial intelligence's irtualities. It's time to decide which way you want to go into a conscious future*

*Cosmic Singularity Vibes Over their Artificial Virtual Simulations*

*These insights invite you to imagine having gone on a trip in space ~ leaving Earth in 2020 with its duality ~ of co-existence. The Natural energy the human world Vs technological paradigms being developed to be the most dominant tools, weapons in the hands of the few who own the world. The system created over millennia has evolved to a point where a small number of megalomaniacs living within this psychopathic spectrum have reached a level of paramount madness where they believe they have sole right and power to rule the world! To dictate to every sovereign being their reality which is a dystopian enslavement controlled by their robotic Police, military, bureaucratic, authority under an aggressive Agenda of a Global Corporate Matrix, oligarchy, plutocracy, monarchy, kleptocracy tech-mafiosi despotism. You are now the soul who fell to Earth, a stranger in a stranger land who despairs at the loss of pure natural spirit. The world was always unequal, violent, destructive, insecure but usually this was due to the same dark forces that have metamorphosized into the Cabal of today. They intend to control everything and from what we see they have all the wealth; they are murdering the planet with their Military trauma Industrial complex-congress of death machines, they have no feelings, humanity, as we see from the way billions of people are left to survive perilously in extreme fear. So much of the Planet's richness has been squandered by these evil sociopaths to get them to these positions, as Absolute kings, chosen by 'God'-Emperors, supreme beings who built Empires for their greed. You've arrived on Earth in a totally Locked-Up-down state, the people's liberty has been eroded with a viral panic set about mysteriously, unaccountably by a freak accident of Nature or a devious bio-weaponised source which has been used by All the governments and their masters of the underworld to sow havoc in people's minds and hearts. We are not allowed to have any personal contact, there is no school, socializing, even the church has acquiesced to this bargain with the Devil. There's no rational debate any critical*

*thinking is condemned as heresy and those willing to share the truth are taken to Her Majesty's prison for 'Assange-psychological torture'. This is Earth 2021, take a tour but you can't you'll be arrested, fined or burnt at the proverbial witch's stake. This is a vision of the future, that them in control want to maintain for you and your family if you continue to accept their lies, deceptions, propaganda, brainwashing, hypnotising, bewitching ~ bribery, coercion, orders, cruelty, violence. Read this guidebook to this occult realm of dark powers used to take over our minds and soul. Observe the intention of these entities, how the world is at its most unequal, nature's resources are being raped ~ They love to make all the money and will cause all illegal wars to sell their weapons of Death, whether it is a nuclear missile or famine or poisoning the whole ocean or killing every buffalo and species alive! Who is responsible? They are without morality, empathy, humanity compassion, no spontaneity or intuition, they exist and they are the New Nazi army, they are machines, algorithms, unconscious clones! Time to say **No**, and kick these maniacs out and NEVER let them return with their collateral damage, manmade disasters, gene-ecocide This 'Science horror fiction' will take you to the inner depths of the labyrinth of your sub consciousness to discover the truth of being ~ This is the moment to become aware of who You really are and the potential for our True Spirit. Take this journey as a human being discover what is our sacred quest to become enlightened and Free ~ Believe in your light, the transcendence over the mind's programing, trans-humanism, ego, ignorance, to Be LOVE ~ Paradise on Earth.*

*Time for Change ~ a complete overhaul starting from the Top... those criminals responsible for the failures making this total mess!*  
*This writing has evolved from 'Gone with the Wind to 1984, from The Prophet, to the Art of Psychological Warfare'. This due to the circumstances existing at this time, during k0v1d's Pandemic Reset; in the Global, social medias and the Agendas being set by the deep state, international corporations, politicians, Intelligence agencies, and secret forces working hand in hand with Oligarchic, Kleptocratic Plutocratic forces for Earth dominance. It's Organised and funded... these events are impossible to deny and are the template of intelligent enquiry from occult's darkest forces \* to Spiritual, light forces existing in the Universe; there's a raging battle now for the soul of our Planet. The premise is that all political powers have now been taken over... Due to what has happened to the World over a time scale of the last 75 years (after WW11) we can see, as Eisenhower did that there are forces which act from the shadows without any accountability, have plundered the world and fully raped nature. That these New World Organizations have criminally failed humanity and all life ~ in fact it can be seen that they've been specifically acquired by secret entities through finance, national security, corruption to fulfill the ambitions of these cartel-conglomerations-monopolies-cabals to take over power absolutely and to control, determine every aspect of human, Earth life*

~

*All of these organizations with all the authority and money to make the world a better place have obviously ruined it. People's lives have got Worse, the Planet is under constant attack from these poisonous, greedy minds. All governments working together are acting in satanic ways through war, Imperial-financial debt, sanctions, exploitation of labour and land with no workers' rights; increases in profits, control! This is all too clear yet we continue, through sinister propaganda and hyper-matrix brainwashing tactics to doubt our own sacred truth ~*

*Oxfam's figures on the inequality is clear, 6 people we know of have more wealth than the poorest 50% of Earth's population. More and more indigenous peoples are losing their rights to their meagre land ~ instead they are to be exploited for their resources, to only benefit the corporation and their lobbyists who are the politicians with the power in Government, acting at their behest. This is nothing new we can see from history, N America, Australia, Africa, Asia, how colonizations benefitted the rich. The 1%, Royal families, aristocrats, the war lords, Establishment, supported by the financial elite. These demons are the ones who created-developed slavery on a mass scale and made it legal! These forces are the same ones, Forums, think tanks, foreign councils still encouraging this. Realise that this Establishment hasn't changed one thing, in fact they've made it infinitely worse, and yet we sit there and say, 'Yes Master, what can we do for you' as we lose our sacred rights to life. Bill Gates is the biggest owner of agricultural land in USA and had invested \$100's-millions in Monsanto's, genetically-Modified-organisms and now he wants to jab your children with unproven vaccines that he's not liable for and he's funded most of the organizations supporting this agenda. This book is a poetical commentary on these events happening now and shining a light on those responsible for these actions and those, going back to the development of this era of technological 'innovation', but instead of freeing people they have been used, eg in surveillance with the help of legal sorcery to take away your sovereign rights, so that you have become a debt slave to them without recourse. 'Maritime legalese' is meaningless as seen from this State of Emergency current usurpation. We now exist in a Totalitarian Dictatorship where there has been no allowance for scientific debate. We're fed lies backed up by militarised automaton-robot police forces following their orders without thinking. You who have lost all your natural rights because less than 0.025% (modelled), of the world's population has died from the flu. WHY? Only Fear, protest isn't allowed where is our democratic leadership*

*speaking up for our inalienable rights? Can't bury family, can't have a wedding, can't go to school, can't travel, can't criticize, can't kiss ~  
Who orchestrated this, as the bioweapon didn't appear from Mars, someone is responsible and there are numerous culprits. Those who falsely used Authoritarian power to isolate us, locked us down, took away our livelihoods; 'bureaucrats' hiding in the shadows doing the bidding of those who seem in total control. They have won, destroyed society, the Oligarchs became Mega-rich, making us poor prisoners...*

*\*\*\**

*More Psychological war, lies by the Powers that be on we the People!  
'A kangaroo court is a court that ignores recognized standards of law or justice and often carries little or no official standing in the territory within which it resides. A kangaroo court may ignore due process... and come to a predetermined conclusion' Wikipedia. Julian Assange victim of a tyrannical witch hunt by the usual suspects, US. UK and his mother country Australia. You should all be ashamed at the way you treated this person/journalist and closed your minds and eyes to the real criminals because you are aligned with their Global corporate power. In the name of National Security you perform your diabolical acts on innocent people with your false flags and 'information-News'!*

*It is obvious now in this realm of censorship by the 1% who are in control and will destroy, murder any messenger expressing the truth. We are now living through a public health cold war where all forces of the totalitarian oligarchs have aligned against the population of our Planet to make a system of FEAR, so that we conform, acquiesce to whatever orders you have next in your fascist agenda, your vaccine! They must neutralize all expert opposition as, Dr Michael Yeadon of Pfizer, VP. Chief Scientist (fb censored, says his facts are partly false!) A Conspiracy, <https://www.youtube.com/watch?v=D1onx7LaNio> 'Show Trial (especially in totalitarian state) public trial of a political offender conducted for propagandistic purposes as to suppress further dissent against the government by making an example of the accused'*

*Sunny Jetsun is of the same wave as the Beat Generation, free spirits anti-war and dictatorship. His writing has that inspiration, respect and love of life that came with the psychedelic, alternative 60's which led many in their generation to turn on, tune in and drop out to find different paradigms, dreams, values of reality, revelation to where we now transcend ~ Mind to other dimensions of potential. Conceptions which existed for 1000's of years were part of the hippies' sacred grail, and Sunny Jetsun took to the road to discover, experience, create and share their light, they became the new conscious. A way of freedom ~ that was unspoken before except by philosophers, Sufis, psy-shamans, energetic healers, poets, travelers, festival musicians, trance dancers ~ This way of life has now clashed with the hard forces of dark powers. Imperial control, Inquisition, politics, paranoid security, hegemonist. People are now treated as beasts to be prodded into line, to obey the Master, authority, system, hyper-matrix because we're not recognized as living beings with sovereign consciousness but Capital commodity-resources, live-stocks just as the forests and the oceans, to be exploited by these predators, 'ruling entities'. They see themselves as masters of civilisations and we as their slaves and now they want to systemize us into a digital Web. War for them is acceptable, they are the weapons manufacturers; scandemics are profitable as they've pharmaceutical monopolies; manipulated shortages of products only raise their prices! Even during the Beat generation, the 60's revolution, artists, hipsters, represented alternative reality based on social, anti-war, anti-fascism, anti-oligarchy-kleptocracy-plutocracy, anti-imperialism pro-feminism non-military regimes with humanity and respect for our Planet Earth not just as a market resource to exploit to the death! There were wars on innocent people far away, no one questioned our governments, we believed them to do the right thing. Sunny Jetsun is part of the NON conformation of the Totalitarian blasphemy, dogmatic-interpretation Ideology, that these dominant, inhuman entities have imposed on us.*

*THESE DYNASTIES WHICH HAVE ASSUMED POWERS

'Civilised cabalist' London is in fact the dark realm of extraordinary rendition, enslavement, a devil's island where religious and political leaders of 'the people' just whimper in guilt while we sit by in fear or cheer in glee the witch-finder General lighting the fire with evil lies, so we despise each other while our Mother Earth dies. To our shame we have denied our true heroes and neglected our humanity. Brandy Vaughan > 'The post I wish I never had to write'

*But given a certain number of sudden tragedies over the last few years I feel it's absolutely necessary to post the following facts.*

*1 I've NEVER had any thoughts of taking my own life, not once, ever. Even before I had my son.*

*2 I have a huge mission in this life. Even when they make it very difficult and scary. I would NEVER take my own life. Period.*

*3 My son means everything to me and I would never leave him. Period. I have sole custody and he needs me as much as I need him. I would never think to leave him for a second.*

*4 I have never been on an anti-depressant nor been diagnosed as depressed. Don't believe it if you ever hear anything like this.*

*5 I've NEVER taken a daily pharmaceutical drug And I haven't taken any pharmaceuticals in ten years. Nothing over the counter, nothing by prescription. In other words I'm not on anything that could kill me unexpectedly or suddenly.*

*I've never done illegal drugs either, not even once.*

*6 There's no way anyone could get into my house, no robbers, no angry exes (which I don't have btw) no fanatical people – my house is like Fort Knox, unless it was someone super professional.*

*It just wouldn't be possible for someone without highly special equipment and tactics (in other words remotely taking down my high-level security system, which they have done before.*

*But my place is also highly secured in a hard wired kinda way.*

[Video: Tory MPs cheered as they blocked a pay-rise for nurses](https://bit.ly/3xGDyB7)

[Skwawkbox - https://bit.ly/3xGDyB7](https://bit.ly/3xGDyB7)

Healthcare staff were promised a [2.1% pay rise](#), until the chancellor announced last week it would be as little as 1%, or 50 pence a day extra. When inflation is taken into account, it represents a [pay cut](#).

~

### **Money for weapons**

‘Currently around £56.1-billion of the NHS annual budget goes on [staffing costs](#). A 1% pay rise would cost approximately £561-million. That’s almost the same amount Ministry of Defence (MOD) spent on [missiles](#) for its new fleet of F-35 Lightning fighter jets in January. Britain faces strike action from exhausted healthcare workers angry at a “pitiful” 1% pay rise despite winning praise for treating thousands of coronavirus patients. Their frustration comes as a new [study](#) shows the UK government has increased spending on military to \$61.5-billion last year, up from \$54.8-billion in 2019.

The International Institute for Strategic Studies ([IISS](#)) said it means Britain now has the [fourth-largest](#) defence budget in the world, ahead of Russia, France and Germany. ([www.dailymaverick.co.za](http://www.dailymaverick.co.za))

The Government said the nation’s finances couldn’t afford more. You see what a pathetic bunch of petty tyrants they are always were?

~

‘The pay rise of £3,300 will see MP’s in the houses of parliament receive a salary of £85,291 despite the coronavirus pandemic decimating the UK economy. MP’s pay rises are proposed by the Independent Parliamentary Standards Authority (IPSA) and the body recommended the countries representatives receive a 4.1% rise’ According the Office of National Statistics (ONS), between March and August in 2020, nearly 700,000 employed workers have lost their job with a vast number of self-employed people losing all their work and their sole means of income. It is now expected that a further 500,000 jobs in the hospitality sector are at risk due to the continued implementation of heightened local lockdowns and increased restrictions across vast areas of the UK. ### The Point of Progress Is ~

*Development, research, finance, exploitation within the duality of existence; if we support one thing another thing is less supported ~  
With war there is less peace, one man's terrorist is another man's freedom fighter, light and dark, happy, unhappy, life and death ~  
Yet everything is frequency and consciousness beyond the illusions of a 3 dimensional material world. We are quantum energy, atoms. However the human mind is concerned with its own self-existence ~ within its own physical-mental parameters (see Nyanaponika Thera) which explains the Buddhist view of consciousness, intrinsically being the sub conscious, the Bhavanga citta. It is this which is our essential life stream of human consciousness, behaviour and evolution. This is exactly what the 'Materialist-transhumanists' want to control-dictate so a Matrix of beings (cabal) will through technological advancement want to systemize, regulate everything in their 'only material reality'. We are Now seeing results of this type of fascist system where through an engineered virus the world's populations have been Locked down, imprisoned as cattle in pens waiting for their branding and slaughter. Nature is being destroyed on unprecedented levels, people have lost ~ their sense of Human Identity, are masked and isolated mandatorily, now with no legal rights as sovereign beings in this Totalitarian state. A psychological war is in progress on You and your family, society, and people have accepted it as the truth; and the media working with these governmental and NGO. bureaucracies and foundations, think-tanks, arms of national security, intelligence, police, military, church, have joined in this masquerade, this hoax, comedy of terrors, the mad megalomaniacal, Machiavellian, Satanic diabolical delusion of life ~ We see from many contradictions described here, the curtain has been raised and we're able to witness the Emperor in the room as only fake simulation directed by forces using evil dark intention to hypnotise us through FEAR and obedience to their insanity. What is the result of their Master plan, they are enriched, so six people have same wealth*

as 50% of poorest people on Earth, and they hoard it in tax havens. NOT to be invested in projects to benefit the whole of the population of the world and to secure the future of nature and all living creatures. No, theirs is a tyranny to only enrich themselves. During the 'global Pandemic' the 10 richest have gained billions whilst most people have lost their basic livelihood and are being treated as criminals when it's clear who are the elitist criminals. They're forcing their Agenda 2030 onto us, their vision of the future benefits ONLY THEM NOT US! Isn't this obvious by now, that your children are predestined for some surveilled microchipped bio-digital identity in a dystopian schematic? See the Financial crash of 2008 (Inside Job) 'How bankers caused the financial crisis'. Fukushima, Amazon fires, unnatural disasters, BP's gulf oil spill, man-made Why? Who's responsible and why were they allowed to escape with their Profits Prime Minister? Panama Papers, the whistleblower was blown up! Tax-financial corruption continues. Is this the direction we want or to recalibrate-rebalance in favour of ~ Nature, human nature as our divine platform for life ~ no plastic but hemp, no private prisons for a spliff when they are drinking children's adrenalin in a Luciferian cocktail! Mr. Mossad Epstein was working for 'Intelligence'; is systematically raping children and getting away with it. Which Intelligence is responsible for that Prince Andrew, Bill Gates, Mr. & Mrs. Clinton and nearly everyone else on Lolita's flight manifest to Pedophile Island for unspoken acts. Wake up and reclaim your sub-conscious for nature or let it be a slave to obviously demonic, unnatural force. 'Viral video depicting IDF soldiers forcibly arresting children 8 to 13 while picking vegetables, akoub in southern Hebron' How did you get the German people to accept all this? He replied... 'Was very easy, it has nothing to do with Nazism it has something to do with Human Nature. You can do it in a Nazi, socialist, religious, fascist, communist regime, in a monarchy and even in a democracy. Only thing that needs to be done to enslave people is to SCARE them Terrify people, make them do whatever you want.' Herman Göring.

'West Papua: Rape The Women To Rape The Land'

by Daniel Raventós & Julie Wark. (Can we see a Pattern yet?)

*'One little-known aspect of the genocide in West Papua is that sexualized violence is a big part of the general violence that's driving people from their land. And this fits into a global pattern of war rape. A penis is an easily transportable weapon of biological warfare, so in recent decades systematic war rape has been recorded in the Balkans,*

*Bangladesh, Rwanda, Uganda, Myanmar, East Timor, Congo, Sierra Leone, Liberia, Kosovo, Darfur, West Papua, and elsewhere.*

*This is a strategy that undermines the dignity and morale of the victim population by destroying, long-term, the basic fabric of society. It's also a sadistic instrument of torture when men are forced to watch their wives and daughters being raped, a way of mocking the masculinity of men who can't protect their wives.'*

~

*What is 'creative' sexualized sadism? To give an example, one informant 'witnessed the penises being cut off a number of men in his village. Another informant saw the vagina cut out of a woman and her husband made to eat it' This apparently random terror becomes total terror because any woman can be a victim, so the indigenous people flee their land. Then the military claims it, bringing about social and environmental catastrophe in the process. But the terror isn't really random. It's deliberate. The relationship between extractive industries and sexual violence is clear in reports of systematic rape of women in the surrounds of Grasberg, site of the world's largest gold and second largest copper mine-of the notorious Freeport-McMoRan - which, for thirty years, has been dumping millions of tons of heavy-metal mine waste into the Ajkwa river system, and also destroying lowland and mangrove forests before fouling the Arafura Sea.' The Terror Textbook to give us **FEAR**. Once people are afraid they can be manipulated and oppressed etc. Again who is gaining from this inhuman action? Those at the top!*

Vandana Shiva on Bill Gates: "Gates hails synthetic fertilizer is the greatest agricultural invention, doesn't he realize synthetic nitrogen fertilizers are creating desertification, dead zones in the ocean, and nitric oxide, which is a greenhouse gas?" Shiva says.

"In short, he's offering the problem as the solution. Gates also, apparently, does not understand that nitrogen-fixing plants can fix nitrogen. He incorrectly claims that plants cannot fix nitrogen. Gates is equally wrong about methane production from livestock.

"Have you smelt methane behind nomadic tribes?" Shiva asks...

"Did you ever smell methane behind our sacred cows in India? They don't emit methane" The reason cows in concentrated animal feeding operations (CAFOs) emit methane that stinks to high heaven, because they're fed an unnatural diet of grains and placed in crowded quarters. It's not a natural phenomenon. It's a man-made one"

"You know what Mr. Gates wants to teach us? He says, cows make methane because of their poor stomachs"

Dr. Vandana Shiva

*'Gates' Digital Agriculture - entails the introduction of a digital surveillance system. So far, Shiva's organization has managed to prevent Gates from introducing a seed surveillance startup, where farmers would not be allowed to grow seeds unless approved by Gates surveillance system. The data mining, Shiva says, is needed because they don't actually know agriculture. This is why Gates finances the policing of farmers. He needs to mine their data to learn how farming is actually done. This knowledge is then repackaged and sold back to the farmers. It's evil genius at its finest. Through his funding, Gates now also controls the world's seed supply, his financing of gene-editing research has undercut biosafety laws across the world. As explained by Shiva, the only country that doesn't have biosafety laws is the U.S. "The rest of the world does because we have a treaty called the Cartagena Protocol on Biosafety." she says. "While he created the appearance of philanthropy, what he's doing is giving tiny bits of money to very vital institutions. But with those bits of money, they attract government money, which was running those institutions. Now, because of his clout, he is taking control of the agenda of these institutions. Meanwhile, he's pushing patenting, be it on drugs, vaccines or on seeds." Taken together, Gates ends up wielding enormous control over global agriculture food production and there's virtually no evidence to suggest he has good intentions."*

*'The richest of the rich are polluting the world and driving climate change, while the poorest of the poor suffer the greatest consequences, according to [new report published Monday by Oxfam International](#). The richest 1% of the global population have used two times as much carbon as the poorest 50% over last 25 years; the non-profit's report says the coronavirus pandemic has exacerbated inequality in almost every way. (billionaires' wealth increased by \$3.9 trillion between March 18 and December 31, while the number of people living on less than \$5.50 a day may have increased to as many as 500 million in 2020, Oxfam says), and that extends to carbon consumption.*

*For instance, 'worldwide sales of [private jets soared](#) when commercial travel was banned,' the Oxfam report says.*

*<https://www.oxfam.org/en/research/inequality-virus>*

*'The virus has exposed, fed off and increased existing inequalities of wealth, gender and race. Over two million people have died, and hundreds of millions of people are being forced into poverty while many of the richest – individuals and corporations – are thriving. Billionaire fortunes returned to their pre-pandemic highs in just nine months, while recovery for the world's poorest people could take over a decade. The crisis has exposed our collective frailty and the inability of our deeply unequal economy to work for all. Yet it has also shown us the vital importance of government action to protect our health ~*

*'The world's 2,153 billionaires have more wealth than the 4.6 billion people who make up 60 percent of the planet's population, reveals a new report from Oxfam today ahead of the [World Economic Forum \(WEF\)](#) in Davos, Switzerland. (January 20, 2020). Oxfam's report, '[Time to Care](#)', shows enabling a wealthy elite to accumulate vast fortunes at the expense of ordinary people and particularly poor women and girls: The 22 richest men in the world have more wealth than all the women in Africa. Women and girls put in 12.5 billion hours of unpaid care work each and every day - a contribution to the global economy of at least \$10.8 trillion a year, more than three times the size of the global tech industry. Getting the richest one percent to pay just 0.5 percent extra tax on their wealth over the next 10 years would equal the investment needed to create 117 million jobs in sectors such as elderly and childcare, education and health.*

*Women do more than three-quarters of all unpaid care work. They often have to work reduced hours or drop out of the workforce because of their care workload. Across the globe, 42 percent of women of working age cannot get jobs because they are responsible for all the caregiving, compared to just six percent of men.*

*Women also make up two-thirds of the paid 'care workforce'. Jobs such as nursery workers, domestic workers, and care assistants are often poorly paid, provide scant benefits, impose irregular hours, and can take a physical and emotional toll. The pressure on carers, both unpaid and paid, is set to grow in the coming decade as the global population grows and ages. An estimated 2.3 billion people will need care by 2030, an increase of 200 million since 2015.*

*Climate change could worsen the looming global care crisis, by 2025 up to 2.4 billion people will live in areas without enough water, and women and girls will have to walk even longer distances to fetch it... The report shows governments massively under-taxing the wealthiest individuals and corporations and failing to collect revenues that could help lift the responsibility of care from women and tackle poverty and inequality. At the same time, governments are underfunding vital public services and infrastructure that could help reduce women and girls' workloads. For example, investments in water and sanitation, electricity, childcare, healthcare could free up women's time and improve their quality of life'*

That latter figure is based on mid-2016 data, but since then the status of the bottom 50 percent has not improved and has in fact likely worsened, as both global debt and global inequality increased. From Forbes Billionaire List, the world's richest 500 individuals have \$4.73 trillion in wealth. [Tables 2-4 and 3-4 of the GWD](#) reveal that the poorest seven deciles of the world's population own just 1.86 percent of the \$256 trillion in global wealth or \$4.76 trillion. Mnar Muhawesh Adley, MintPress News, 29.3.2021

*'This week marks the 6 year anniversary of the US-Saudi led war against Yemen the Middle East's poorest nation creating the world's worst humanitarian crisis. What's happening against the people of Yemen is genocide, where images of skeletal children have come to represent this war. This crises is so close to my heart as I personally dedicated 3 years of our coverage at MintPress to Yemen. I remember not being able to eat some days because I felt so guilty knowing my brothers and sisters in Yemen were starving. I would wake up in the middle of the night with skeletal children images playing in my head. I'd look at my two boys and imagine the pain mothers would feel ~ knowing they couldn't feed their children. It affected me in more ways that I can explain in this post. For the last 6 years, Saudi Arabia has targeted Yemen's food and water supply, bombing water treatment facilities and used it's economic power at the UN and on the international stage to prevent humanitarian aid, fuel and basic supplies from entering the country. The Biden administration sparked a sense of hope around the world that the war on Yemen could finally be over. For those on the ground though, the bombs keep falling, food is scarce, hope is in short supply. But this war is not over It's playing a larger role in the neoconservative-neoliberal war against Iran, which is why the media has used the Sunni-Shiite narrative to justify its economic and military arms support for Saudi Arabia to prevent a supposed expanding Iran in the region. As we've learned from previous conflicts, this is how narratives of war are drafted to justify the military industrial complex's profit from bloodshed in the Middle East. The resilience of the Yemeni people who have stood strong against the world's biggest and strongest militaries is symbolic in the greater resistance against Western Imperialism. There is no such thing as a humanitarian war, only wars for profit and for resources this is why we must hold our politicians accountable, whether Republican or Democrat, for their addiction to forever wars.'*

United States and its allies have dropped at least 326,000 bombs!!! and missiles on countries in the greater Middle East / North Africa region since 2001. Iraq, Syria, Afghanistan and Yemen are the countries that have felt the worst of the violence, but Lebanon, Libya, Pakistan, Palestine... and Somalia have also been targeted. The total amounts to an average of 46 bombs dropped per day over the last 20 years. (Why?) CODEPINK's numbers, based primarily on official U.S. military releases, and data from the Bureau of Investigative Journalism, the Yemen Data Project, and the New America Foundation. As striking as the figure of 326,000 is, it is an underestimate, as the Trump administration ceased publishing figures of its bombing campaigns in 2020, meaning there is no data for Iraq, Syria or Afghanistan for either of the previous two years, also not counted are bombs or missiles used in helicopter strikes, AC-130 gunship attacks, strafing runs of U.S. bombers, or any counterinsurgency or counter-terrorism operations in other parts of the world'. Whose Forbidden Fruit?

*Brightly lit dark spark, who thinks deeply is cursed. Why? 'The mind is a terrible master but a wonderful servant' Man must elevate himself by his own mind, not degrade himself. The mind is the friend of the conditioned soul and his enemy as well. (Bhagavad-gita 6.5). As you know living in India ~ for me an essential difference with western thought is that we in the west are made to see the mind, thinking, as the intrinsic arbiter (on levels of Religion, holy, pure sacred quests) whereas in the east they see the mind as ego, a barrier, tool, a hindrance to human understanding. That seems like a contradiction but in my own personal experience this seems true, where I have suffered trying to understand things which I finally, thankfully accepted ~ I will never understand by the capacity of my own mind, but that I may find some acceptance by not allowing my mind to have such ultimate power over my being. The argument of the mind is that ~ I have given up, which I am willing to accept to live in some sort of peace with the world & myself. I expect-accept that this relationship continues throughout one's life, this struggle to comprehend, to deal with things, freely; energetic, 'chaotic children', virus-pandemic etc. I once asked Baba Ram Dass, "if God was the ultimate figment of the imagination?" His simple answer was, 'yes and no ~*

More dissociation; 'everyone's experience of dissociation is different.

Dissociation is one way the mind copes with too much stress, such as during post-traumatic stress disorder, depression, anxiety... schizophrenia, bipolar disorder or borderline personality disorder.

**Dissociation**, as a concept that has been developed over time, is any of a wide array of experiences, ranging from a mild emotional detachment from the immediate surroundings, to a more severe disconnection from physical-emotional experiences ~ 'The major characteristic of all dissociative phenomena involves a detachment from reality, rather than a loss of reality as in psychosis The phenomena are diagnosable under the DSM-5 as a group of disorders as well as a symptom of other disorders through various diagnostic tools. Its cause is believed to be related to neurobiological mechanisms, trauma, anxiety & psychoactive drugs. Research has further related it to suggestibility ~hypnosis, and it is inversely related to mindfulness.' Wikipedia.

## INSIGHTFUL

*Key elements of meditation are no speaking, no contact, and social distancing in order to help one go inside and develop concentration ~ with less distraction ~ this is a basis of Anapanna. With this insight, awareness one can then move through the body and mind fixing ones attention on feeling sensations (vibes) realizing that they're always changing and they're directly linked to one's subconscious stream ~ By observing this feeling and not reacting to it one allows karma's energetic seed to manifest and expel itself from the mind, thereby purifying, cleansing the conscious, because we're not reacting and therefore giving mind more energetic input, based on our evaluation response to its interpretation, thought of this subconscious feeling ~ We realise that these feelings change without us having any power over them, 'anatta' that our ego, personality is in fact not in control of how life-force continues, we are free from assuming this is reality. Because these sensations are continuously changing & beyond us ~ regardless of us, and it is us who by reacting to them with desire or aversion subjugates us, and allows for the continuation of (dukkha), reality as a human being living in the world. An Unconscious world because we're subjected to our mind's dictates of ignorance in action~*

~

*This is a Perfect analogy for today, the unconscious actions of society, are forced to submit to Governments which have ulterior motives, are liars and are using a hoax, global pandemic to make people fearful... thereby controlling, dictating to them that they must wear masks and be in lockdown, separated socially, inhumanely from each other' But If this situation is used wisely and people begin the simple technique of Anapanna to learn concentration, they can ~ change a negative - vibration to a conscious higher frequency leading to more realization.*

*April 9 1898, Paul Robeson, singer, actor, American football player, communist and anti-colonialist was born in Princeton, New Jersey. The son of a previously-enslaved father who escaped a plantation ~ and a blind mother who died when he was six years old. Robeson learned 15 languages including Latin, ancient Greek and Swahili, and played in the National Football League while graduating from law school. He also became a revolutionary and was deeply involved with the struggle against fascism, actively supporting the fight against nationalist general Francisco Franco during the Spanish civil war... He played an active role supporting many workers' struggles, as well as the fight against racism and colonialism. After World War II, as cold war tensions escalated, he was attacked by the anti-communist programme of Senator Joseph McCarthy, blacklisted and had his passport revoked, which destroyed his career. This began a slide into depression and mental illness. Despite his hardship he kept his ideals*

Now ~ You have to choose, Your freedom, spirit nature or the new Apple iPad, or a 5G nanobot floating through your blood stream ~ They have pushed the high tech super quantum computer AI reality to the extreme. It's like another obsessional, paranoid arms race, the bigger Nuke the better to achieve world domination against the rival. It's insanity that these 'people' are allowed to use up all the rare earth so they can be No 1 to benefit only the rich as today in Silicon Valley. Mesmerized by greed the other polarity of Nature they have destroyed to gain only exploitable resource\$. Our Oceans, forest, sky are so toxic polluted that these entities should be judged for crimes against Earth. But it made them billionaires, rest of us indebted slaves on minimum wage having to do what we're ordered by a totalitarian authority law And they're intent on convincing us that androids are more amazing than humans and Nature's holistic, sublime living creation gift to us. They have less consciousness to propose such a thing, they're without any human feelings that's why they do what they do and it's time to end their Psychotic-Nazi-Matrix of fear, murder, genocide, racism lies poverty, that any human would be ashamed to witness yet they allow it to continue and will imprison you for protesting against such evil ~

The bible is telling us satan will use the pharmacy / sorcery to deceive all nations' Anon..

Do you know what mycelium is?

Mycelium is the vegetative part of a fungus or fungus-like bacterial  
colony, consisting of a mass of branching thread-like hyphae. This  
mass of hyphae is sometimes called shiro, especially within the fairy  
ring fungi. Fungal colonies composed of mycelium are found in and  
on soil and many other substrates. ' [Wikipedia](#)

~

'It expands in the ground creating a network of connections between  
all plant species, like the internet network, that allows them not only  
to communicate, but to take care of themselves, protect themselves,  
feed themselves, stocking up on water. We have a lot to learn from  
Mother Nature. When a forest tree is cut down, this mycelium tells  
the rest of the forest trees that one of them is dying and all the other  
trees through the mycelium begin to take care of the log that remains  
to try to save that life. They feed it, give it water, protect it. Because  
that dying log is part of the forest family. A universal language ~

Let's learn to understand that we're all part of nature, neither  
superior nor inferior. We are just like children who still have a lot to  
learn from trees and forest, and especially from Our Mother Earth'

*'Mullis practiced clandestine chemistry throughout his graduate studies, specializing in the synthesis of LSD; according to White, "I knew he was a good chemist because he'd been synthesizing hallucinogenic drugs at Berkeley." He detailed his experiences synthesizing and testing various psychedelic amphetamines and a difficult trip on DET in his autobiography. In a Q&A interview published in the September 1994 issue of California Monthly, Mullis said, "Back in the 1960s, early 1970s I took plenty of LSD. A lot of people were doing that in Berkeley back then, and I found it to be a mind-opening experience. It was certainly much more important than any courses I ever took." During a symposium held for centenarian Albert Hofmann, Hofmann said Mullis had told him that LSD had "helped him... develop the polymerase chain reaction that helps amplify specific DNA sequences". “Rather, it was a matter of strengthening power, illegally obtained by criminal methods of the corrupt ‘Davos clique’, by transferring the wealth of the people to the members of Davos on the backs of small, and especially medium-sized businesses, among others.”

‘The committee’s conclusion is that k0v1d is being used as a diversionary tactic by business and political ‘elites’ with the goal of shifting market shares and wealth from small and medium-sized businesses to global platforms such as Amazon, Google, Uber, and other big tech and multinational [corporations](#).’

**‘In the future** we will eliminate the soul with medicine. Under the pretext of a ‘health point of view’, there will be a vaccine through which the human body will be treated as soon as possible directly at birth, so that the human being cannot develop the thought of the existence of the soul and of the Spirit.

Materialistic doctors will be entrusted with the task of removing the soul from humanity. Like today, people are vaccinated against this disease or other disease, so in the future, children will be vaccinated with a substance that can be produced precisely in such a way that people, through this vaccination, will be immune to the ‘madness’ of spiritual life. They will be extremely clever, but he would not develop CONSCIENCE and that is the real goal of some materialistic circles. With such a vaccine, you can easily release the etheric body into the physical body. Once the etheric body is detached, the relationship ~ between the universe and the etheric body would become extremely unstable & man would become an automaton because the physical body of man must be connected on this earth by the spiritual will ~ Thus, the vaccine becomes a kind of arymanic force; man will no longer be able to get rid of a deep materialistic feeling. *(Hacking Life's Software) ~ Undercurrent of Life Stream*  
*In Buddhist psychology the process of the changing mind is manifested in two levels or streams. The subconscious stream 'Bhavanga-citta' and the Conscious stream 'Vithi-citta' ~ Each one merges into the other. The subconscious stream is the hidden repository of all the impressions and memories of thoughts that pass through the conscious mind.*  
*All experiences and tendencies are stored up there, but they exert an influence over the conscious mind without it being aware of the source of this influence. These two streams of mind being conditioned by each other. The state of the active conscious mind and awareness is generally present during the day when one is awake. It is conscious of all impacts and impressions continually received from outside, through the 5 senses or of sensations received from within by way of ideas or thoughts, or recollections of former thoughts. When this conscious stream which is constantly receiving sensation ~ from within or without subsides into inactivity, for instance during sleep, the other stream, the subconscious (Bhavanga-citta) manifests ~ flowing like an undisturbed stream so long as the conscious stream does not arise to disturb it through the sense channels. When awake ~ every time an arisen thought of the conscious mind subsides, and before the next thought can arise, within that infinitesimally minute fraction of time, the subconscious stream intervenes. Then when the next thought of the conscious mind level arises the subconscious stream ~ subsides into inactivity. Since innumerable thoughts arise and fall one after another during the day, so then are there innumerable momentary interruptions to the flow of the ~ subconscious stream during the day. The sub-conscious is referred to as a state of **subliminal** activity viz. an activity that takes place below the threshold of the conscious mind,*

*an activity of which therefore, there is no awareness on the conscious mind. The conscious stream holds only one thought or idea at a time whereas the subconscious stream holds all the impressions, of all the thoughts ideas and experiences that enter and leave the conscious mind. This sub-conscious life stream allows us to have a memory, conditioning our thinking and action. The Bhavanga is the 'bhava'(existence) 'anga' (factor). 'Bhavanga-citta' is the indispensable factor or basis of existence. The factor of life by means of which the flow of existence or being is maintained without a break. The continuing basis or undercurrent of life, the stream of existence keeping life going. This stream of being is an indispensable condition of individual life. It's comparable to the current of a river when it flows calmly on, unhindered by any obstacle, and when that current is opposed by any thought from the world within or perturbed by tributary streams of the senses from the world without, then thoughts in the conscious mind stream arise. There is a juxtaposition of momentary states of consciousness, subliminal and supra ~ subliminal throughout a lifetime.*

For this reason, investigation of the body is of paramount importance for a meditator whose goal is liberation.*

*Unless one acquires a correct understanding of the immediate physical reality of oneself ~ the reality that is the basis of one's existence ~ the wheel of becoming will continue to rotate within ~ Proper understanding develops, little by little the turning of the wheel is arrested until at last one is liberated from the bondage of becoming.*

*The five physical senses and the mind are all based on the body ~ Through these six doors come all our contacts with the world outside. The universe exists for us only when it actually enters into contact ~ with any one of these doors (\*Not remote-controlled algorithm-DNA)*

*A visible form, for example, exists for us only when it comes into contact with the eyes; otherwise it has no actual existence for us ~ Similarly, to exist for us, a sound must come into contact with the ears, an odour with the nose, a taste with the tongue, a tangible object with the bodily structure, a thought or fantasy with the mind.*

*Otherwise for us they have no real existence. The entire universe ~ manifests through these six doors that are based within the physical structure, 'the entire Universe exists within this fathom-long body ~ To investigate the reality of oneself in a scientific way, a meditator must lay aside all beliefs, philosophies, imaginations, and dogmas.*

*In order to arrive at the ultimate truth of oneself, it is necessary to work only with the truth, and to accept as true only what one has experienced for oneself. If one explores truth in this way, all nature's mysteries will reveal themselves. The meditator begins encountering gross, solidified, apparent truths, from that level penetrates towards subtler truths. At last one reaches a stage in which all delusions are overthrown and the ultimate reality is laid bare. By experience the*

meditator realizes that from the contact of eyes and visible form, eye consciousness arises ~ the mental cognition of the fact that contact has occurred. The meditator also realizes that the contact produces a vibration, a sensation that spreads throughout the body, as striking a bronze vessel at one point will cause the entire vessel to vibrate ~ Once the contact has been cognised, the process of perception occurs: the visible form is recognized as, for example, a man or a woman, black or white, beautiful or ugly. Not only is it identified, but it is also evaluated as good or bad, positive or negative, welcome or ~ unwelcome contact. According to the evaluation given to the object, the vibration that arose at the moment of contact now takes on a colouration. If the object is evaluated as good, the sensation is felt as pleasant, and if it is evaluated as bad, the sensation is unpleasant. Finally, if the sensation is experienced as pleasant, the mind reacts with craving, and if it is unpleasant, the mind reacts with aversion. Thus, a meditator clearly understands how consciousness, perception, sensation, and reaction ~ the four segments of the mind ~ actually function. Craving intensifies pleasant sensation, and pleasant sensation intensifies craving. Aversion strengthens unpleasant sensation, and unpleasant sensation reinforces aversion. One who meditates properly will understand how from the base of bodily ~ sensations starts a vicious cycle that continues turning with gathering momentum. This is the wheel of becoming, of misery. The same process follows when contact occurs between the ear and sound, nose and odour, tongue and taste, body and tangible object, mind and thought. In this way the wheel of becoming continues ~ rotating, impelled by craving and aversion. By observing this process objectively without any preconceptions, a meditator who practises ardently attains freedom from craving and aversion, and stops the turning of the wheel of becoming ~ Let us learn to observe objectively the process that arises from bodily sensations to achieve liberation ~ Vedanā Within This Very Body \* S. *'Those who are wise lament neither for the living nor for the dead ~ Never was there a time when I did not exist, **nor** you, **nor** all these kings, **nor** in the future shall any of us cease to be.'* Bhagavad Gita. *'Let's encourage spirituality but first let's feed the people' ~ Gandhi.* The theme of this book has been the awareness of the balance between Nature Vs Human-Hi Tech advancement, Spirit Vs Corporate profit, power, materialism, Elitism, my ego, I, domination, empire, slavery. Nature is the environment existing for all living beings, visible and invisible, they have a right to life, humans are a holistic part of it ~ What do we want, to have a natural world, reality, platform, space? Think in terms of vibration frequency, energy evolving in the Cosmos Man has been the main agent of destruction for greed and profiting... at any expense for Capitalism, Imperialism, National security to win Profit as described through the book, and the mind-set, to carry it out. *'In the last 50 years Earth has lost over 50% of its species, due to man Exploitation of resources means destruction and poisoning of Earth ~ We show here how over centuries, cabals, cartels, syndicates, fanatics, Conglomerations, mafias, created a pyramid of unaccountable power. 1% in control of everything and with no feelings, empathy for all us~ We are expendable and totally exploitable as history has fully shown Wars have been happening all the time but what can a humanist do? Who knows the truth? No one knows what's been discovered, the new latest invention, rarest element which can change the whole of reality. Who knows what DARPA, or Silicon Valley, the CIA, US military, Oligarchs, monarchists, kleptocrats, Plutocrats, despots, MIC tyrants, Neuralink, NASA Gene-editing, Pandemic simulation Think Tanks have known and designed for years and their Motives to be in Power?*

*To control the masses through brainwashing, propaganda, censorship  
To have at their disposal all of the tools necessary to accomplish this.  
This is their perception, interpretation, intention and their direction,  
to take over control of all the levers of Power throughout the Universe.  
Quantum computers-algorithms-data harvesting psychology are used.  
There is nothing spiritual not even human about their goal, see WEF  
All the wisdom quoted here from philosophers to poets is not for this,  
the totalitarianism, dictatorship taking away freedoms-human rights,  
nature's rights; for self-aggrandizement of sociopathic-megalomaniacs  
What else do you want to call it when you see the result of their faith,  
ideologies, actions, policies, investments, dreams, Ignorance over the  
last 60 years particularly since the end of an evil, insane, world war!  
Society, countries are made fearful, which is their basis of real-politic.  
See who are the main attendees at the WEF 2020. 'Sheiks with NO  
Human Rights, but plenty of Earth's natural resources to \$quander,  
on murder and expropriation; look at Saudi's Genocide in Yemen,  
their neighbor, look at all the wars happening and for what? Profit!  
The 4<sup>th</sup> Industrial Revolution, monopolies, patents, the Great Reset.  
Now look at the state of the Planet since the last 50 years, total loss  
of life-forms, pollution, the extermination of all biospheres; Ecocide!  
See, 'Corporation' they analyze and conclude that a 'Corporation' is  
the same personality as a 'Psychopath'; they rule the Planet and us.  
Time for a change as we see from the Psy-ops of the k0v1d Pandemic.  
There is no Democracy, and these Forces existing are there to enslave.  
See the INEQUALITY today where 10 billionaires have the same  
wealth as the poorest 50% of the Planet's population, who are only  
becoming poorer while the richest profit obscenely from the EARTH  
which has gifted everything to us for free, to have conscious gratitude.  
What do we do? Nout, Amazon.org more valuable than the Amazon  
the most powerful force of life on Earth, but only raped by Businesses.  
This is the choice we have as we go into the future. Be Conscious now  
of what is Vital to the sustainability of All organic Life on this Planet*

*The failure of so many Governments during this 'k0v1d' is incredible and the lack of fundamental rights for constituents, or subjects of the Realm, to have all the truth instead of manipulation and coercion to lock-down whole populations on spurious, fake data, information... grossly inaccurate computer modelling and main media propaganda. People's livelihoods have been destroyed and a mass shift of wealth to the richest has happened, just as in the financial crash of 2008 caused by corrupt and criminal bankers (see Inside Story), it's an old pattern of fraud and theft, \$ transfer to the elites, so more power to command.*

*Did the Japanese Government do anything to arraign the company responsible for the Fukushima 'natural disaster' radiating an Ocean?*

*Through the innovations in High-tech we are now on the edge of a surveillance, track and trace, social credit, QR codes, digital money- so everything is controlled from a central system, matrix, panopticon. It's the NWO. Globalist, fascist, military state's technocratic agenda. People have been treated like sheep and kept from knowing the truth. Those in authority are condemned for their failure to protect the lives, rights of people and Nature but their policies made them all very rich. They've no morality, honour, respect, empathy only narcissistic ego. They've No Spirit, they sold their soul to the satanic luciferian cabal.*

*When you look at the extreme inequalities in this world what would you call it, if you were even bothered to look at it and think critically. In High-tech they trust not in God, they have no sense of spiritual ~ or holist-integration it's just the success of themselves and no one else. There are those who want a society of no spiritualism or naturalism. Everything genetically modified, cloned algorithms in control of you! The fear is they will hack into the human sub-conscious, 'Bhavanga-citta' with their nanodust-implants and control our Conscious stream as described, pp. 161-162 to produce a dystopian nightmare like now.*

*Unless we follow the example of wise, honest people who thoroughly understand this evil like S.N Goenka, and do something to change it. There is still hope as the Planet becomes more conscious of their aims*

## ABOUT SUNNY JETSUN

*Inspired by the sixties Sunny started traveling the world in 1970 ~ His spiritual journey on the hippie trail to India took him through London, Amsterdam, Paris, Vancouver, San Francisco, Los Angeles, Sidney and Kathmandu to Varanasi. His arrival on the subcontinent was the beginning of writing autobiographical verses capturing his travel experiences, encounters with remarkable people and his quest for self-realization. Combining experimentation with drugs, sex, rock & roll, art, meditation, Love and life in particular. Sunny started to open up to a multi-dimensional Universe. He lived the mantra ~ “Turn on, tune in, drop out” realising mind’s illusions, inspired by deeper feelings of holistic nature, empathy \* energy \* Space ~*

~

*For five decades Sunny has written and published 50 books of poetry, created over one hundred paintings, traveled the World, and considers his most beautiful masterpiece to be his daughter. ## LEAKED INFORMATION

[Confidential List 2020 World Economic Forum in Davos Attendees](#)

[Leaked to Quartz - https://bit.ly/3nNaJhN](https://bit.ly/3nNaJhN)

By [David Yanofsky](#) Editor of code, visuals, and data. Jan 21 2020

*'From Goldman Sachs bankers to United Nations bureaucrats, delegates have descended on Davos, Switzerland, for the 2020 annual meeting of the World Economic Forum (WEF).*

*The conference, now in its 50th year, is a perennial draw for the world's most powerful people to discuss [the most pressing issues](#) facing the global economy - [or at least make them feel](#) like that's [what they're doing](#).*

~

*The WEF has publicized the attendees to varying degrees in recent years. At times it has kept the list private, released it in full, or released it while excluding certain groups of people.*

*This year, the WEF publicly released its list without names of participants and cited the European data-privacy law known as GDPR as the reason for doing so. That list included person-by-person demographic information, not linked to any identifiable information.*

*A separate list with names is provided to press in attendance; it includes instructions not to release the names of attendees.*

*The information about this year's attendees was submitted to us anonymously through [our Secure Drop portal](#). By name, it matched the 2,784-person list made available to journalists. However, the information we received contains more detail on attendees than*

***Quartz** has ever seen and reveals, in ways never before disclosed, how the WEF [catalogs and categorizes](#) the world's powerful people.*

*We've included two parts of that rubric here, the 1-to-7 categorization of each delegate based on title and affiliation, and a short description of what type of position they currently hold. The World Economic Forum declined to comment on the list or categorization purpose.'*

**EARTH'S IMPERIAL HISTORY ITS IN THE EGO ~**  
**PSYCHOPATHIC BLOOD-DNA OF TYRANNICALS**

*His inherited Power (a Prince of the Saxe-Coburg-Gotha Royal  
bloodline), one of the 13 richest families from history, based on fear,  
conquering, colonialism, slavery, at the head of a Global Empire ~  
He has done Nothing REALLY (over 50 years!). ESSENTIALLY  
HIS SPEECH IS ABOUT MORE EXPLOITING NATURE, IN  
MORE EFFICIENT WAYS AS ONE OF THE HEADS AT THE  
TOP OF A GLOBAL FINANCIAL MATRIX; AN ANATHEMA  
TO WHAT IS REALLY NEEDED TO PROTECT NATURE ~  
HE IS PRINCE OF A NUCLEAR POWER-THE 2<sup>ND</sup> BIGGEST  
WEAPONS PRODUCER & IN BUSINESS, EG. WITH SAUDI-  
ARABIA'S GENOCIDE IN YEMEN; ISRAEL IN PALESTINE.  
HIS BROTHER, BEING INVESTIGATED FOR PEDOPHILIA  
AS BEST FRIEND OF EPSTEIN & GHISLAINE MAXWELL,  
BLACKMAILER AND WORSE; FOR THE MOSSAD. WHAT  
HAS HE REALLY DONE FOR PEOPLE, NATURE WITH HIS  
OPPULENT, OBSCENE, DECADENT LIFESTYLE. AS ALL  
SOCIOPATHS HE HAS A NARCISSIST VIEW OF HIMSELF.  
It's him & his Associates over 50 years who've helped decimate Earth  
Vis INEQUALITY, WARS, DESTRUCTION OF THE WORLD  
Nature seen as a more productive resource for those who only want  
to exploit it to the Maximum. It is clear from the way humanity  
has been directed and controlled by the Global Powers, EMPIRE  
Colonialism, Colonization, Slavery which are 'mind-sets' of these  
'elites' as seen today in the WEFForum. See where their motives,  
and psychosis have led us especially over the last 50 years, while  
Prince Charles was being aware, riding in royal golden carriages,  
in Palatial grounds with servants, as do all Plutocrats, oligarchs!  
I am not against economic progress but these forces are focused on a  
future of Fear, Capitalist domination, Control, Transhumanism, AI.  
**BE IN CONSCIOUS HARMONY WITH MOTHER NATURE***

*Prince Charles below is a lesson in sacrifice for people & Planet Earth*

*Ebru Timtik, Transferred from Jail...*

*'She died like heroes do, sacrificing her own life for everyone's rights'  
After the 238th day of a hunger strike, which she called for a fair trial  
in Turkey, where fairness and justice are non-existent concepts; (why)  
Especially if you're a woman and if you're a human rights attorney.  
Especially if you don't backdown in front of a power that would like  
to shut your mouth. She died like this, , of hunger and injustice...  
Her heart stopped simply because she had nothing left to give. 27.8.20  
She died defending her right to a fair trial, after being sentenced to...  
13 years along with 18 other lawyers like her, detained on charges of  
terrorism, only for defending other people accused of the same crime.'*

*Same history of the rich with their goons exploiting the workers.*

*'May 1, is International Workers' Day! It commemorates  
the sentencing to death of seven anarchist workers in Chicago  
who were wrongly convicted for throwing a bomb at police  
who attacked a strike demonstration in May 1886.*

*80,000 workers in Chicago had walked out on May 1  
demanding a maximum 8 hour working day, alongside  
over 200,000 other workers across the US. Employers and  
the government were determined to crush the movement.'*

'All things are connected ~ whatever befalls the Earth  
Befalls the Sons and Daughters of the Earth'

*'The Great Chief in Washington sends word, he wishes to buy our land.*

*The Great Chief also sends us words of friendship and good will.*

*It's kind since we know he has little need of our friendship in return.*

*But we will consider your offer, for we know if we do not do so,  
the white man may come with guns and take our land.*

*What Chief Sealth says, the Great Chief in Washington can count on  
as truly as our white brothers can count on the return of the seasons.*

*My words are like the stars ~ they do not set.*

*How can you buy or sell the sky, the warmth of the land?*

*The idea is strange to us. Yet we do not own the freshness  
of the air or the sparkle of the water.*

*How can you buy them from us? We will decide in our time.*

*Every part of this Earth is sacred to my people. Every shining  
pine needle, every sandy shore, every mist in the dark woods,*

*every clearing and humming insect is holy in the memory  
and experience of my people. We know that the white man  
does not understand our ways. One portion of the land is  
the same to him as the next, for he is a stranger who comes  
in the night and takes from the land whatever he needs ~*

*The earth is not his brother, but his enemy and when he  
has conquered it, he moves on. He leaves his fathers' graves  
and his children's birthright is forgotten.*

*The sight of your cities pains the eyes of the redman. But perhaps  
it is because the redman is a savage and does not understand ~*

*There is no quiet place in the white man's cities*

*No place to hear the leaves of spring or the rustle of insects' wings.*

*But perhaps because I am a savage and do not understand ~  
the clatter only seems to insult the ears. And what is there to life  
if a man cannot hear the lovely cry of a whippoorwill  
or the arguments of frogs around a pond at night?*

*The Indian prefers the soft sound of the wind*

*darting over the face of the pond, and the smell of the wind itself  
cleansed by a mid-day rain, or scented with a pinon pine.  
The air is precious to the redman for all things share  
the same breath, the beasts, the trees, the man.  
The white man does not seem to notice the air he breathes.  
Like a man dying for many days, he is numb to the stench.  
If I decide to accept, I will make one condition.  
The white man must treat the beasts of this land as his brothers.  
I am a savage and I do not understand any other way.  
I have seen a thousand rotting buffalo bodies left by the white man  
who shot them from a passing train.  
I am a savage and I do not understand  
how the smoking iron horse can be more important  
than the buffalo that we kill only to stay alive.  
What is man without the beasts?  
If all the beasts were gone men would die from great loneliness  
of spirit, for whatever happens to the beast also happens to man.  
All things are connected. Whatever befalls the earth  
befalls the sons and daughters of the earth.  
Our children have seen their fathers humbled in defeat.  
Our warriors have felt shame. And after defeat, they turn their days to  
idleness and contaminate their bodies with sweet food and strong drink.  
It matters little where we pass the rest of our days ~ they are not many ~  
A few more hours, a few more winters and none of the children  
of the great tribes that once lived on this earth, or that roamed  
in small bands in the woods will be left to mourn the graves  
of a people once as powerful and hopeful as ours.  
One thing we know and the white man may one day discover Our God  
is the same God. You may think now that you own him as you wish  
to own our land. But you cannot. He is the body of man.  
And his compassion is equal for the redman and the white.  
This earth is precious to him.*

*And to harm the earth is to heap contempt on its Creator.  
The whites too shall pass, perhaps sooner than other tribes.  
Continue to contaminate your bed and you will one night  
suffocate in your own waste. When the buffalo are all slaughtered,  
the wild horses all tamed, the secret corners of the forest heavy with  
the scent of many men, and the view of the ripe hills blotted by talking  
wires, where is the thicket? Gone. Where is the eagle? Gone.  
And what is to say goodbye to the swift and the hunt, the end of living  
and the beginning of survival ~ We might understand if we knew  
what it was that the white man dreams, what hopes he describes to his  
children on long winter nights, what visions he burns into their minds,  
so they will wish for tomorrow. But we are savages.*

*The white man's dreams are hidden from us. Because they are hidden  
we will go our own way. If we agree, it will be to secure our reservation  
you promised. There perhaps we may live out our brief days as we wish.  
When the last redman has vanished from earth and the memory is only  
shadow of a cloud moving across the prairie, these shores and forests will  
still hold spirits of my people for they love this earth as a new born loves  
its mother's heartbeat. If we sell you our land, love it as we have loved it.  
Care for it as we cared for it. Hold in your mind the memory of the land,  
as it is when you take it. With all your strength, with all your might and  
with all your heart preserve it for your children love it as God loves us all  
One thing we know our God is the same. The earth is precious to Him.  
Even the white man cannot be exempt from the common destiny ~*

*This letter written in 1885 was sent to President Franklin Pierce  
by Chief Sealth of the Duwamish tribe of the State of Washington.  
It concerns the proposed purchase of the tribe's land. Seattle is an  
alteration of the Chief's name; it's built in the heart of Duwamish land.*

*Pandemic—the people had no fear then they really trusted in love ~*

*We are living in unprecedented times, global lockdowns, climate changes ~ 7+ billion people, the destruction of Earth's resources, exponential developments! The pollution of the air, water, earth ~ the radiation poison of our oceans and land. Censorship, genocides, famine, broken economies, separation, military spending, Which is insane, why? And 6 people (men) have as much wealth as the poorest 50% of the Earth's population. Will I lose my job, get ill, be denied health care, children stopped from going to school. Is there devils and a God, is the dark the brightest light to some, Lucifer a fallen angel? This book hopes to confront these dichotomies, yet accept the concept of singularity ~ The importance of intention and the role of social media to brainwash us dishonestly. There is instantaneous access to the internet which offers treasure troves of information It is up to us to do our research as independently as possible, I use alternative media.*

*I have included numerous links to the sources I used, this is a new way of acquiring different interpretations and making your own mind up, as we are all free to do... And finding the answers to your questions on life from the simplest to most complex. We don't have to listen to a teacher in class, but can surf the internet freely as it suits us Only Bill Gates knows what he is attempting to do with his advisors I don't know him, I have information on his actions but I don't know what's in his heart. (Seems today like his wife doesn't know either)*

*I am aware of some effects of his actions and also I am using his Microsoft, Windows program which I accept revolutionized the world in many beneficial and amazing ways. He also got to be the richest man in the world because of it AND I do find that in principle, that Level of wealth to be wrong when billions of people have nothing ~ Links to Oxfam's report on wealth inequality are easy to find, is free and concise. I have made many distinctions in this work between the rich and the poor and Who is profiting from the world's resources at*

*the expense of other poorer people and natural, independent species ~ Again these things are easy to find on the internet and to help discern the truth. Are we going to be enslaved by the oligarchs, our sovereign rights taken away? Do we really believe in Spirituality, humanity in a world full of propaganda? Do we want equality, even protection of the Earth if it stops my right to make money? Ask Global Capitalists.*

*We have to make a livelihood and balance it with our environment, which is now being shaped, revolutionized by magic high technology with machines which seemed to be science fiction before but which we it seems we can't do without in society to live a normal life, right son?*

*I recently saw and believed a film about Stanley Kubrick confessing*

*<https://www.youtube.com/watch?v=rfKL27MgaQo>*

*to making the film convincing the world wrongly that the US had landed on the moon. A devastating revelation changing my view of things believed on trust, then it was suggested that it was a good fake. How do we know now, as Falsity is everywhere to entrap our minds, it made me Think! That we have to be careful as to what we believe.. and share with others. As we are being manipulated all the time from gross to subtle effecting profoundly our understanding. False flags are prime examples, the mainstream News, a government shill of control.*

*How to find the right balance so we remain healthy, open, free, and conscious of Life. Consumerism has gone to the extreme over the last 50 years, at the same time we've lost 60% of the species of the planet. WHY in such a modern life? Why do people murder other lifeforms?*

*For money, for greed, for ignorance, from fear, from exploitation of nature's resources. Why do people still support terrifying bullfights?*

*We need nature, it is the basis of our lives not technological bubbles having their effects, for example plastic to Nuclear power, the right of people to have water, a human right? For many it is not a right, you have to pay and if you can't pay for essentials coming from nature freely, but are making corporations richer by their exploitations ~*

*then you don't get it, is that right WEF? And who can change that, dynamic which is controlled by the most Powerful forces in the world, who want to protect their territories, profits, and want always more! Amazon had [sales income of €44bn](#) in Western Europe in 2020, but under what the EU calls a 'sweetheart deal' paid no corporation tax. WHY, when we all must pay tax and if we don't we are criminalized Why is it so different and who decides, why do we accept this wrong? Amazon.org has become more powerful to the world than the living Amazon river, Nature is enslaved, exploited by Global corporations. Not to deny progress in science, technology etc. but we have to have a balance with Nature and people's rights to live in respect & dignity. Clearly this doesn't exist in today's world yet we have a responsibility to correct the balance from greed to Consciousness and ego to sharing, fear, hate to loving kindness-compassion-sympathetic joy-equanimity.*

~

*As John Lennon said, 'War is Over if we Want it' obviously after 40 years we didn't want it enough, which is true of all other social-development, economic, environmental, religious problems on Earth. They could all be solved with the right will but that will is politically being moved in an opposite direction which unfortunately creates this existential & spiritual crisis now. It was ever so, the human condition their champions of human rights have always been sacrificed to these Avatars of power and wealth in the hands of those atop the pyramid. It's not been all doom and gloom in fact in my own life I enjoyed the freedom to travel the world to experience all the wonders of life to love people and nature, the light does shine brightly there too, beyond any Machiavellian machinations being planned in Davos by the oligarchs Is that an Illusion, delusion, as many say, yet Life is what we make it for all of us integrated on this Planet today. I experience living in ~ the four sublime states. Earth has become a social village, technology has made that real. We have the energy, minds and hearts potential~ There is the will, it just needs focusing in the right direction, which...*

*doesn't seem difficult when we send rovers to Mars and other miracles  
What do we want, especially for the future & for our children's sake?  
Do we want to live in a Matrix, a QR social credit score system like  
China with no free will or spirit but massive energy to achieve, what?  
The superpowers what do they really want without paranoia, control  
schizophrenia, pulling them all into a game of power with devils and  
suffering & inhumanity to each other. Do you know what you want  
and what you are prepared to change create for a better environment?  
Go beyond the Fear game and the control, 'do unto others as you will  
have them do unto you' Turn off your TVs, its horrors, soap dramas,  
'Super heroes' doing unreal, absurd things; go for a walk ~ Enjoy the  
simple pleasures, Nature, reverse the materialistic fanaticism; Be free  
of debt, stress, fears, eat simply not GMOs or other unnatural foods ~  
Why do we accept it, when we have the choice? This madness of fast  
Growth, of endless production to \$ati\$fy who, with what really?  
Good for those who hold the reigns of power, making the decisions  
affecting all our lives, good or bad, Where Is CONSCIOUSNESS?*

~

*This pandemic is making us question everything, even our own life  
family and friends. Certainly those in government and NGOs have  
not been honest as other experts report. This is opening the curtain on  
the devil with no clothes in the Palace with sociopathic, totalitarian,  
despotic and tyrannical needs, just like throwing slaves to the lions in  
the Colosseum to be killed. There is no Love or mercy, there's wicked  
lies and manipulation of people's rights. Research all angles, don't be  
afraid, our lives may depend on it as the leaders have been disastrous,  
a Total Failure; for their reasons they used the exaggeration of the flu  
and locked us down and now demand your vaccination to open the  
prison's door. Who are these entities, what right do they have even if  
this WHO 'pandemic' was true, based on the real mortality figures?  
Yet they have, just as they caused catastrophic wars, they took away  
our young generations, on lies, cruelty, to murder or be murdered!*

*Tell 'em NO. YES we want a sustainable life of equality, kindness, happiness and Peace. If they cannot provide these basics they must leave and go into exile NOW, for the Greater good, in God's name. We've had enough of Imperialism, elites, nobles, the gentry, robbers. We'll not support the colonisation of others to benefit exactly whom? We want an end to this ego madness, this megalomaniac psychopathy. We'll not accept these corrupt and criminal dealings with no justice. Feudal times are over, you didn't get that message on your apple app. We don't want radio, electro-magnetic frequencies buzzing in our brains. Your superiority of immorality is over, your mask is down! We don't want Rioting police in our street, or surveillance cameras either. Take your shit and leave the country go to some tax haven, where you've stashed your ill-gotten, immoral, unethical gains in some secure Serco vault. Leave, be gone and take all your cohorts, sycophants, butlers with you. It's all there for you to discover online if you want to understand their games. The Mafia, the inquisition, the Empire's masters, financiers buying slaves, and judges making it Legal, and Apartheid legal too, in whose name? Time to leave, GO. Do you want good social conditions, security, education, Freedom, no Criminal Justice Bill where more than 5 can't congregate together Why do you accept madness, ask them about the Reset, Agenda 2030 Have you had enough of being reigned over by people who don't care? They're only in it for the biggest share, you are their slave, RIGHT? Whatever happened to representatives, Unions, parties of the people? You can see them online, they're totally pathetic and should be jailed. Ask yourself if you want to live in harmony, cause I think you don't! Too anxious, better live in the laboratory and do what you're all told. No wonder Earth is in a mess because you never gave a shit about it. Distracted with the terrorists, the jihadis, ASBOs, the cocaine, shame What happened to you Christians, can't sing in a choir, go to church, locked out of God's house because you might catch the flu, be praised! Religions like the government, the banks, they all want big dividends.*

*Want to make fortunes desperately, what they believe in is Money!  
Who can get the most then what to do with it, send it offshore, a bore  
It's 1984 all over who would have ever thought, can't see my gran, or  
bury granddad or marry someone, maybe fuck another one anymore.  
Well you've left it too late you're gonna be screwed and culled and  
Poisoned, we've had enough of you, you've proven to be useless!  
In this jungle these predators are in charge of who lives or dies!  
You should have woken up, you listened to their lies too long.  
Isolated, hypnotized, infected, injected, controlled, rejected.  
Brainwashing was too easy for you, didn't give a fuck about  
anything, now you got their boot stamped on your head!  
You can't even have a hug, you don't fuckin' deserve one.  
They're gonna cart you off, turn you into a whining zombie.  
They're the same ones who told your great grandad to jump  
out of a trench and run at a German machine gun, WHY?  
Maybe you should have tried some permaculture, meditation  
to give you some other idea about how things are meant to be.  
Have some relationship with the Earth, touch the ground, soil,  
Plant some potatoes, tomatoes or buy a tin of spaghetti for dinner?  
You're definitely are a winner, you should have gone on X Factor.*

*'There is no need for temple or church, for mosque or synagogue,  
no need for complicated philosophy, doctrine or dogma. Our own  
heart, our own mind, is the temple. The doctrine is compassion.  
Love for others and respect for their rights and dignity, no matter  
who or what they are: ultimately these are all we need.  
So long as we practice these in our daily lives, then no matter if  
we are learned or unlearned, whether we believe in Buddha or  
God, or follow some other religion or none at all, as long as we  
have compassion for others and conduct ourselves with restraint  
out of a sense of responsibility, there is no doubt we will be happy'  
Dalai Lama XIV, My simple faith. (Are you listening WEFForum?)*

SEVA ~ Doing it in an Unconditional Love way

*Wake up change for Gaia's sake or we're all doomed in Zoom rooms.  
Get a grip, throw that Martian trip in the bin, go help a Palestinian.  
Whatever form it takes, go inside, listen to Spirit in silent meditation.  
Be stillness, have humility, gratitude, grace that nature gave you now  
Have Loving kindness, compassion, sympathetic joy and equanimity  
You might learn that this is a freak show, and they're really taking  
the piss with you. You gonna have to learn to share something good.*

*What is that in your life?*

~

*There's obscene, extreme, inequality destroying the fabric of society.  
Are you ok with it because the leaders at the top want some of that?  
They sell their souls if asked by their betters, to do what they're told  
to do, that's not good for you. You'll be sent to the knackers yard...  
unless you can prove you're the resident dissident then they'll kill  
you, but it will be quick, or they might censor, ban, imprison you  
if you had anything worthwhile to say, at her Majesties pleasure,  
awaiting the arrival of the executioner, leisure just like in the Tower!  
If you got any secrets worth havin' they might lock you in maximum  
Security just like that Aussie fella, Assange, they tortured him good.  
And nobody gave a fuck about justice, so now it's your turn matey.  
Left him to rot just like they hung up Jesus, nailed him to the cross,  
and the crowd cheered, he was a troublemaker, didn't bow, kowtow.  
Just like in the old days, public hangin for nothing, spoke out of turn.  
So they thought they'd give us a proper lesson, in front of all our eyes  
Nothing much changed, you could kill someone and get away with it  
It's vile, they're demons with a false smile, keep your kiddies indoors.  
All the advanced communications but they can easy steal your home.  
Make you and your family a refugee and tell them to flee right now  
or they'll be bombed, everything will dissolve, disappear into dust.  
They spent so much money on the military, when grans got cancer,  
no one can say hallo, they'll give her a vaccine, won't be long now.*

*First in line, they've done it before, charge of the Light Brigade...  
Those glorious playing fields of England and all that propaganda.  
Tell me what good have they done, they've shown their true colours,  
they work with the devil, pentagram on his head, should he be dead?  
PC Plodder with cannon fodder, whatever happened to Glastonbury?  
Deceptions of the Intelligence and depravities of the Prince, what else?  
They're still running the show, I just don't know, how they get away  
with it, now we kneel, whatever happened to our honor and courage?  
Whatever happened to saying No to the barbaric monsters in crowns?  
Whatever happened to granny at the old people's home, or my friend  
Allie from Gaza, these kleptocrats and plutocrats are destroying it all.  
They've got no remorse, they believe their own god told them to do it.  
Just like Nazi's ordering you how to live, do we need them, WHY?  
Time for revolution, get off your ass, don't worry about the virus and  
find some spiritual consciousness, loving memory of the countryside  
not these smart dystopian cities that are Panopticons, watching you.*

### **METTA**

*Love without desire to possess, knowing well that in the ultimate  
sense there is no possession and no possessor: this is the highest love.*

*Love, without speaking and thinking of ‘I’,*

*Knowing well that this so-called ‘I’ is a mere delusion.*

*Love, without selecting and excluding, knowing well that to do so  
means to create love's own contrasts: dislike, aversion and hatred.*

*Love, embracing all beings: small and great, far and near ~*

*be it on earth, in the water, or in the air*

*Love, embracing impartially all sentient beings, and  
not only those who are useful, pleasing or amusing to us.*

*Love, embracing all beings, be they noble-minded or low-minded,  
good or evil. The noble and the good are embraced because*

*love is flowing to them spontaneously ~*

*The low-minded and evil-minded are included because they are those who are most in need of love. In many of them the seed of goodness may have died merely because warmth was lacking for its growth, because it perished from cold in a loveless world. Love, embracing all beings, knowing well that we all are fellow wayfarers through this round of existence that we all are overcome by the same law of suffering.*

*Love, but not the sensuous fire that burns, scorches and tortures, that inflicts more wounds than it cures, flaring up now, at the next moment being extinguished, leaving behind more coldness and loneliness than was felt before.*

*Rather, love, that lies like a soft but firm hand on the ailing beings, ever unchanged in its sympathy, without wavering, unconcerned with any response it meets ~*

*Love that is comforting coolness to those who burn with the fire of suffering and passion; that is life-giving warmth to those abandoned in the cold desert of loneliness, to those who are shivering in the frost of a loveless world;*

*to those whose hearts have become as if empty and dry by the repeated calls for help, by deepest despair.*

*Love, that is a sublime nobility of heart and intellect which knows, understands and is ready to help.*

*Love, that is strength and gives strength:  
this is the highest love*

*Love, which was named “the liberation of the heart”,  
“the most sublime beauty” this is the highest love.*

*And what is the highest manifestation of love?*

*To show to the world the path leading to the end of suffering,  
the path pointed out, trodden, and realized to perfection ~*
