Yes, but there's divine Heaven too.  
Will I move again, am I real or just  
a viewer, eye on the Supreme reality;  
Is this Supreme reality?  
I'm still conscious ~  
of the reality by which I arrived here.*

\*

*This is Thailand isn't it?  
This is a place? This beach, those trees ~

that ripple of purple ~

Am I mad?  
Am I mad?*

*What is real anymore?  
So frightening but you know,  
don't you? Yes I think so ~  
I have something to hold onto  
or is it my barrier to Paradise?*

\*

*This is the most unreal Place.  
Spectacular, mystical with its white soft beach  
Blue, turquoise, silver to emerald contrast ~  
The mountains, shades of green.  
Life, jungle trees, palms blowing.  
This spectrum is ~  
the combination to turn reality*

\*

*Everyone is Stoned ~ waiting  
for the setting of the Sun.  
Waiting for the release ~  
To, to, to ~ Wait for me!  
This is the most surreal.  
Is it therefore so unreal?*

*The strangers seem so ~  
Reality is in these people  
living here and feeding us.  
Their looks ~ not so afar.  
You who live in Paradise,  
what do you care ~ what?  
Me, who comes from where?  
To this marvel in Siam ~  
Unbelievable its touch on your Soul.  
The essence, feeling of forever,  
a lingering smile ~  
The fruits of Earth*

\*

*There are so many different types of people  
in this World but the first categorisation  
has to be between those  
Stoned and those Not Stoned.  
Have I just realised to which extent, and the  
ultimate difference between the two states?  
To trip on grass ~  
If their state is an approximate one,  
then two distinct Realities exist.  
How much of the East is ~  
and has been always stoned?  
Yes, but (did you realise, do you?)  
how much of the West?*

\*

*Has my confined reality  
expected everything that exists ~  
to be from my relative straight reality,  
which I imagined I shared broadly with most.  
But now I must accept that possibly civilization*

*was built by Stoned people.  
Art was conceived by Stoned people?  
Did Huxley, Tom Robbins write stoned?  
were Lascaux, Bosch, Kandinsky, Dali stoned?  
How many of the achievements of mankind  
were conceived from a different, alternative reality?  
And so how will I/we ever understand the Truth?*

*Now I've been so Stoned ~  
have I realised  
another plane, dimension exists ~  
either as a combined reality or  
a separate reality*

\*

*If a separate reality exists then have I  
just joined after five years of the infrequent joint?  
Was it like this for all of them ~  
when they said, 'we all get Stoned!'  
(if so then I was never before 'Stoned')  
How did I ever manage with them?*

*How did I fit?*

\*

*If this isn't real but I keep/retain images, memories  
of people, experiences, my family in my mind,  
is that a resistance or a barrier?*

*Just let it all go ~*

\*

*A possibility of 'Madness', travelling in Thailand.  
How far would that madness carry me before ~  
the suspected Real physical World claimed me?  
My physical needs living in a foreign country.  
How to survive here?*

*Even if I was in a Stoned in/out of State  
would the physical deteriorate me?  
That would say what was 'Real'*

\*

*My reality always seems ~ to come back  
to the 'normal' unstoned.*

*Leading me to believe that is my usual reality.  
At the moment I could say that I wasn't 100%  
certain which reality was the usual ~  
What if this Unstoned, 'correct reality' of mine,  
the one I thought I shared with most,  
was my own ~ 'Separate Reality'*

\*

*Do we all live in Separate Realities ~  
Is this what I've just discovered?  
In fact is this multi-dimensional plane  
going as far as the Ultimate creation.  
As far as religious experience ~*

\*

*My reality is so certain in my conditioned-mind,  
that I do believe in the Unstoned, human state.*

*But it's possible that I'm creating ~  
that common reality for my own safety.*

*Do I want that normal sense of me ~  
as a piece of Ultimate Reality to exist?*

*Is that what I've realised ~ me ~ it,  
but Supreme reality*

*Me \* Is ~ Beyond*

*If you are inclined to mystical belief  
my Stoned reality could answer*

*the essential questions ~*

*Supreme Reality could exist!*

*I'm beyond my individual Self ~  
So if these philosophies did come about  
by mystical people who were in a similar  
or more Stoned reality ~ Shambala  
should I be reading the Vedas,  
the Upanishads ~ the miracles,  
stoned or straight?*

\*

*Does the whole of mystical (religious)  
thought belong to / come from a %  
of the World who are Stoned?  
Did I Stone myself into my Spiritual thoughts?*

\*

*Is it then just a physical, live & die reality  
Life as an evolving 1950 ~  
creature ~ human ~ spirit?  
Is religion Stoned reality and  
political science the physical?  
Is the physical the Unreal reality  
and we have to be 'Stoned Out ~  
of the Unreal into the apparently 'Real Inside'?  
Is 'Ignorance' not ever having smoked Buddha?*

\*

*Whenever I see / meet a Stoned person again  
must I accept that they are in another Reality?  
That is a very big thing to accept ~ amazing  
here is someone in a complete other state ~  
Yes but somewhere in their head ~  
do they retain an idea of normal reality?  
(I'm pretty sure I did)*

*Do I accept their Other Reality as a part of life  
or was I just so Stoned and  
they Can't be like that?*

\*

*Stoned and Phuket give another World.  
In the days that the Vedas were written  
who knows if the people ~ the authors,  
originators, philosophers, psychic-rishis,  
if they were in a permanent Stoned State.  
Who would know now, 5000 years later?  
But we believe them today as if they were  
written by any great, logic-rational person  
thinking that their state be regarded as ~  
'Standard, traditional, established, normal'*

\*

*But 5000 years, 2500 Years for Buddha ~  
even 2000 years for Christ and all the others.  
How can we accept any of it as normal now  
after such a time gap ~  
such a gap of not knowing  
what went on in those days?*

\*

*Did those days ever exist or are we only  
'Now' ~ and that is all, a game of 'Illusion'?  
For if we are truly Ultimate / Supreme reality,  
these states would be movies we are playing in.  
Like two beings walking along the beach at night,  
promenading at Le Touquet instead of Phuket.  
We two are the Living part of this picture,  
we are there in this canvas, landscape ~*

*'The Beach Scene'*  
Out there by the lights/horizon  
is the Really Real World ~  
They're watching a film projection of  
'My Existence' which is the reason  
this hallucination is happening to me.

\*

*What if we were on a reel of film ~  
a long reel (idea of time / Life / reality could be  
10 nano-seconds, sequence of Absolute time)  
We are in this film, being viewed by whom?  
This is the 'Beach Scene' is it all just a dream?  
My 100 years maybe 30 quantum nano-instants.  
Time ~ Is Relative; it's a documentary, about?  
That interests whom? ~ Some unknowns*

\*

*Realities ~  
This Real and Unreal.  
How much difference to that time travelling on the bus in Mexico.  
Cows living in the house, watching a woman washing by the river  
and other amazing, surreal, separated reality to me, things/events ~  
But that Mexican guy next to me was unmoved,  
as that scene was part of his every-day reality ~  
so then we were in two apparently different  
Perceptions of reality (I realised, did he?).  
So how many configurations of reality  
now make up this Quantum Cosmos;  
Mankind's perceived Planet in Space  
Earth's fractal Hologram, 1976 reality?*

*Reactions ~ People who know, 'he's stoned',  
they then know I'm different and why!  
In a sense they must have known me ~  
Felt me, in my unstoned, habitual reality  
because they see how different I am now ~  
It is with several different people's reactions;

"This Is My Body, My Tantric Temple" ~ 'Ignorance Is Violence!'

*This book is dedicated to all women who have suffered sexual-violence, aggression, threat, intimidation, torture and atrocity!*

*'An estimated 20,000 Bosnian Muslim women were raped and used as sex slaves.'* Rape was/is being used as a weapon of war. These men are using their primal instincts behaving in bestial ways Their need to prove their Power and dominance is taking over any humanity they have, and inflicting catastrophic trauma on women and their families. Hierarchical, closed, feudal, warring, corrupted cultures where a patriarchal system is sustained allowing for male superiority, yet not allowing them the freedom to treat women as equal in any loving way. The laws and customs of these societies condone exploitation of women (and children) allowing males the right to commit such horrendous crimes. Natural powers of sexual attraction, of desire, of lust, unless the energies are channeled in a free, mutually loving way where 'The Greatest Pleasure Is to Give Pleasure' they become frustrated, angry, perverted and diabolical, without any respect! Freedom is to give and receive ~ happiness. Where these feelings of consensual love are freely shared the acts of sex are able to give the couple a heightened awareness of bliss. Where these feelings are not expressed but repressed, suppressed, oppressed, depressed, the disconnect from reality brings psychosis. Passion flows openly with Consciousness ~ being Unconditional Love
