for the above competition, it has been found that
a number of candidates possess the desired
qualifications to a greater degree than yourself.'

Ma Soeur

*She signed herself in bright vermilion ~
Crimson silk and leather from her boots.
She gently slipped away but left a sign...
she was a fairy of the grail and to follow
I might not catch her, but must never fail.
Her beauty as gentle as courtly love sonnets.
She said she lived with and adored Orpheus too.
She left like the wind through marshland reeds ~
She left me a view of dawn's first light from a hill.
Drums said she wished I knew.*

*She spoke through the gates of might have beens ~
she showed me how to follow in the steps of Queens,
that even though it snowed in Lemuria, her esoteric
army marching would bring me beside her blazing fire
where I could drown in burning, unquenchable desire.
She sang to fly on magick flutes, to come very swiftly ~
and to be her enchanted, devoted, loving, fairy knight.
To build a Great wall through China, golden pyramids
to the Sun, to lie beside each other and be her brother ~*

Big Tech from Good to No Good * Who are the Evil Whiteknights?

Our personal data is used against us in ways we don't understand... Asking SCL's Cambridge Analytica, headquartered in Tel Aviv, ask Black Cube! The bigger picture of data harvesting; democracy is not the same as our sovereignty. Playing on individual fears, resentment, anger, biases easily being manipulated. EXTRAJUDICIAL KILLINGS, ARBITRARY

EXECUTIONS AND FORCED DISAPPEARANCE

Such Hypocrites, the UK Government bent over backwards to find a way to let General Pinochet escape from extradition during ‘New Labour’s, T. Blair’s catastrophic reign. Pinochet was Chile’s tyrant dictator of the worst kind, a devil committing unspeakable CRIMES Against Humanity and well proven, fully documented and witnessed. (He was established in a coup and supported by the US Government of Nixon and Kissinger). He was housed in Sunningdale luxury and had Margaret Thatcher licking his ass on behalf of National Interest. That same national interest now condemns a man who exposed more crimes against humanity (us) by continuous US. Governments. They are now licking Trump’s and his demons’ asses to gain their favour. It is so pathetic and \$\$\$ corrupt yet we the people allow it to happen under the guise of a ‘justice system’ not fit for purpose or for that matter a democracy that imprisons a brave and honest man for exposing the truth of psychopathic warmongers on the rampage!

CRIME MINISTER

Yesterday the supreme court in the UK made a judgement to uphold democracy in face of a governmental coup of Parliament. I respected that decision it gave me faith back. However at the same time the UK authorities continue the same way to negate the rights of Mr. Assange for exposing criminal and murderous deeds in their own cabal's ranks from the TOP while at the same time protecting one of their pillars of the establishment, the Monarchy, Prince Andrew from appearing to answer the serious accusations against him of pedophilia, molestation The hypocrisy's evident and hopefully people will become more aware Mr Assange is a person who as many other truth-tellers has risked all to give the people the truth and nothing but the truth so help him god Yet he's still imprisoned in HMP's extreme conditions by all accounts in this same democracy we are now so righteously proud of my Lord! The house of commons is resumed yet when we see the childish antics of those sitting there with their catcalling and jeering in face of critical decisions to be made for millions of people's lives it is Ego's facetious, narcissistic pantomime and should be called to account or reinvented. We should see these events as Consciously making OUR REALITY!

Lost in Love

*Ultimately we have to be free in ourselves, knowing it's not based on any romantic counselling otherwise it can also be that we are pandering to this other person's 'needs to be free' whatever that is, because we want to be with this person and when that other person feels 'free' what does that mean in a relationship today, tonight, or if they decide to be 'free' without you and freely walk out the door, and maybe freely come back. The system is reading people's minds, contradictory whims and desires from focus groups. Is this New-Democracy giving people what they truly want, an ecologic Hotpoint dish washer? People's cravings are in charge, their greediness is subconsciously provoked to consume, obey all! The base motives, not the higher principles of true equality, social, environmental protection being manifested, we have a Capitalist, competitive world of decadence and extreme poverty, with 7,000 species on the edge of extinction, oceans of plastic, out-weighting the fish ~ Continental rain forests, virgin jungles are being destroyed here, now and governments are madly selling off their natural resources for debt! Who gave them the right to do this, Nestle? Indigenous people's human rights are bulldozed all over and any protest is met with police force! Social-engineering now making the active citizenry into docile, passive, manipulated consumers! This is Heaven as determined by global corporations dictating to our world, based on psychological profiles and digital brainwashing, imbalances, and economic hitmen sent to negotiate, cajole, pressure, influence, bribe, conquer for tribute ~

~

The primitive, emotional instincts assigned to humans by Freud are a reality that elite, governing classes are themselves experts at exploiting to the maximum to maintain their sense of entitlement... and superiority. The oligarchs, autocrats, magnates, despots, kings, tyrants, kleptocrats and religious' compulsive-obsessives have taken control of all the wealth of the Planet in their God's name of power and greed with no consciousness or shame, yet blame the rest of us for our right to self-determination, of our innate freedoms and those of all living creatures. We can now see the monster in the sacrificial, living room, raping our children and killing the wife! They have

constructed a global fiefdom upheld by corruption and violence, collateral damage, shock and awe of bombed-out cities! Yet treat us as chattel, entities to be drained of all life, and now replaced with AI nano-DNA implants creating their enhanced cyborgs!

~

But there is another side to this Freudian view dominating us, that is Vipassana Bhava. It accepts the duality of the ego-centric, finite-mind, based on craving for what we want and aversion to what we don't want. These two triggers are maintained in the ever-changing sub-conscious energetic stream within the vibrational 3rd dimension. However, with insight we can transcend this 'ignorance' 'dukkha' and become more aware of our own 'reality' as we progress observing equanimously our sensations and thereby transcend these base, human wants as reactions in our minds which today are being created and manipulated by a global corporate psychology, which is determining our planet's existence and is promoted by those put in control in order to maintain their addiction to superiority and power! The lighter side of our 'reality' should be realised to allow humanity to overcome this negative perception prevalent, and to elevate us to a new social consciousness where we are free and not enslaved to them.

~

There is 'Karma', the fruits of our actions, and there is 'Dharma' ~ the Cosmic law of nature which is loving and compassionate for all. We need a revolution of thought to overturn the monsters devouring our spirits and acting in despicable self-interest, dominated only by materialism and the 'bottom line' profiteering regardless of any evil consequences! Do you want to live in Loving kindness and empathy based on equality or the world today of destruction, lies, corruption... alienation, isolation, despair, where six people have the wealth equal to the bottom half of the world's population, nearly 4 billion people! The list goes on, it is promoted as the political social economic model.

Freud's theories of human nature are based on the scientific-mind's reactions and not its transcendence. There is nothing Spiritual only Fear exploited by politics, religion and global corporate propaganda. Vipassana teaches as other spiritual practices that the calming of the mind to be empty, silent and clear will give us the insight to interpret mental and physical causes & effects from a Space of inner beingness connected ~ to our shared, natural experiences by observing the mind letting thoughts evaporate through impermanence not predominance. We'll then all share a Universal positive consciousness which thereby is evolved, transmuted, transcended from the 3rd dimension vibration

~

Democracy has been hijacked as have our minds by directed brain-washing, propaganda and, viz. 1984 we abide in a dystopian state! We are now being coerced into a future dominated by hi-technology platforms in the hands of a few Oligarchs, Sociopaths, Psychopaths and a world of subservient jobsworths serving their needs, regardless of the costs! Is this the direction we want to go with such disastrous results and consequences already visible? The gaps existing in Life's opportunities between the .0001% and the rest of us, plus other living creatures, Divine entities, energies, it's Diabolic in its manifestation. We've been enslaved by our own ignorance and our desperate fear for survival on a doomed Planet Earth of overpopulation-climate change. Public access to public domains gatekeepers, who gets heard by msm? The Bernays' model is wrong; end tyranny now eg the Covid19 virus!
"I want to make the world a better place not be destroyed falsely by 'pandemics' collapsing our livelihoods" "Sharing is caring and part of each one's heart and conscious ~ for those who can feel the truth.

Inspired by 'Century of the Self', Adam Curtis & 'The Great Hack'

As described throughout this book, Political Culture as decreed by the western Powers today is dominated by the philosophy and psychology of Imperial USA. From the 'Century of the Self' by Adam Curtis, it is hypothesised that this culture is based on the theories of Sigmund Freud and espoused by Edward Bernays his nephew through the Corporate, Political, Military, Educational, Financial establishments of the USA. The conclusion being that the mass of people were innately savages, incapable of properly governing themselves and therefore needed a superior class to dictate them rules under guises of Democracy. Global business with the help of Public relations and media Propaganda have taken over the Power to rule the planet today using higher technologies to form Pseudo-Authority systems and laws to Control and coerce, exploit whole populations... All the wealth of the world has been funnelled to this 1% cabal under pretext of Neo free market Capitalism. Results of extreme inequality and the destruction of our heritage and resources using martial forces are clear! However, this hypothesis is wrong in the sense that Buddha also discovered 2500 years ago the full set of Human sub-conscious ~ dynamics and observed through vipassana meditation, full spectrum, Dhamma realisation ~ The highest manifestation of this is shown in 'The Four Sublime States', by Nyanaponika Maha Thera ~ Describe Metta-Loving Kindness, Karuna-Compassion, Mudita-Sympathetic Joy, Upekkha-Equanimity, as mind's highest qualities. The practice of life in this way described allows all human beings ~ a path to develop their higher consciousness, based on morality and their own innate human karma. A social life of happiness, awareness develops by balanced observing of our intrinsic sensations resonating with all life on Earth instead of a negative, paranoid-sociopathic view which is inculcated by these reactionary forces to create a Kleptocratic algorithmic world of greed, corruption, disorder, enforced from fraud injustice, unnatural technological, scientific subjugation, allowing for

inhuman acts under wrong Freudian perceptions of Reality providing us now a natural inspirational life with Earth living in happy unity.

*

Sympathetic Joy ~ Muditā

*'Not only to compassion but also to joy with others, open your heart!
Small, indeed, is the share of happiness and joy allowed to beings!*

*Wherever a little happiness comes to them, then you may rejoice
that at least one ray of joy has pierced through the darkness of their
lives and dispelled the grey, gloomy mist that enwraps their hearts.
Your life will gain in joy by sharing the happiness of others as if it
were yours. Did you never observe how in moments of happiness
men's features change and become bright with joy?*

*Did you never notice how joy rouses men to noble aspirations and
deeds, exceeding their normal capacity? Did not such experience fill
your own heart with joyful bliss? It is in your power to increase such
experience of sympathetic joy, by producing happiness in others, by
bringing them joy and solace. Let us teach real joy to men & women!
Many have unlearned it. Life, though full of woe, holds also sources
of happiness and joy, unknown to most. Let us teach people to seek
and to find real joy within themselves and to rejoice with the joy of
others! Let us teach them to unfold their joy to ever more sublime
heights! Noble and sublime joy is not foreign to the teaching of the
Enlightened One. Wrongly the Buddha's teaching is sometimes
considered to be a doctrine diffusing melancholy. Far from it: the
Dhamma leads step by step to ever purer and lovelier happiness ~
Noble and sublime joy is a helper on the path to the extinction of
suffering. Not he who is depressed by grief, but one possessed of joy
finds that serene calmness leading to a contemplative state of mind.
And only a mind serene and collected is able to gain the liberating
wisdom. The more sublime and noble the joy of others is, the more
justified will be our own sympathetic joy. A cause for our joy with*

others is their noble life securing them happiness here and in lives hereafter. A still nobler cause for our joy with others is their faith in Dhamma, their understanding of the Dhamma, their following Dhamma. Let us give them the help of the Dhamma! Let us strive to become more and more able ourselves to render help! Sympathetic joy that is strength and gives strength, this is the highest joy. And what is the highest manifestation of sympathetic joy? To show to the world the path leading to the end of suffering, the path pointed out, trodden, and realized to perfection by the Enlightened one ~'.

'Rather than a depressive disorder, demoralization is a type of existential disorder associated with the breakdown of a person's 'cognitive map'. It's an overarching psycho-spiritual crisis in which victims feel generally disoriented and unable to locate meaning, purpose or sources of need fulfilment. The world loses credibility, and former beliefs and convictions dissolve into doubt, uncertainty and loss of direction. Frustration, anger and bitterness are usual accompaniments, as well as an underlying sense of being part of a lost cause or losing battle. The label 'existential depression' is not appropriate as unlike most forms of depression, demoralization is a realistic response to the circumstances impinging on the person's life. In his ground-breaking book, The Moral Order, anthropologist Raoul Naroll used the term 'moral net' to indicate the cultural infra structure that is required for the mental wellbeing of its members...

He used numerous examples to show that entire societies can become predisposed to an array of mental ills if their 'moral net' deteriorates beyond a certain point. Human culture has mutated into a sociopathic marketing machine dominated by economic priorities and psychological manipulation. Never before has a cultural system inculcated its followers to suppress so much of their humanity. Leading this hostile takeover of the collective psyche are increasingly sophisticated propaganda and misinformation industries that traffic the illusion of consumer happiness by wildly amplifying our expectations of the material world. Today's consumers are by far the most propagandized people in history. The relentless and repetitive effect is highly hypnotic, diminishing critical faculties, reducing one's sense of self and transforming commercial unreality into a surrogate for meaning and purpose. In their present forms, the psychology and psychiatry professions are of little use in treating disorders that are rooted in culture and normality. While individual therapy will not begin to heal a demoralized society, to be effective such approaches

must be insight-oriented and focused on the cultural sources of the person's assumptions, identity, values and centres of meaning. Cultural deprogramming is essential, along with 'culture proofing', disobedience training, character development strategies, all aimed at constructing a worldview that better connects the person to self, others, and the natural world. The real task is somehow to treat a sick culture rather than its sick individuals'. John F Schumaker.

Dr. Timothy Leary, a former Harvard University professor and recreational drug use advocate escaped from the California Men's Colony West, near San Luis Obispo, where he had been serving ~ a prison sentence for possession of marijuana. Having gotten a job in the prison yard as a gardener, Leary climbed over the wall of the minimum-security institution, along a telephone wire, then located a pickup truck parked nearby by the Weather Underground radical group. The group then smuggled Leary and his wife to Algeria ~ He would remain a fugitive for more than two years, until being arrested in Afghanistan, brought back to the U.S. on 18-01-1973.

Let this sink in, Extraordinary-Rendition * Amnesty International blocked from monitoring Assange's trial! Unbelievable, or not really!
Ebru Timtik, 42, died in prison in Istanbul (27 08.20) after 238 day hunger strike asking for a 'fair trial'. Here is a case as so many today of injustice and suffering, also of the amazing courage of true 'people' to stand up and die for their beliefs in human rights. The Declaration of human rights written by the UN in 1948 is easily available online enshrining our rights (like the Nuremberg rights on forced vaccines). They are worthless if not enforced, lived by, supported by responsible institutions that declared them. These institutions are also worthless as seen by what is happening to our human rights today. (of course, racism is an injustice on those who suffer its cruel horrors, and in a more spiritual way even on those who perpetrate it). Racism is one head of the snake of evil BUT also as we are becoming so well aware that racism is supported by the powers at the top. Just as slavery was, whereby it was illegal to help slaves escape even to teach them to learn to read or write. These Fears are to divide us exploit us and maintain control/power over people. Where are our basic human rights in any of these protests happening in the world today? Where are the Rights of Julian Assange who has been cast into a solitary dungeon in what one did consider a civilised society of justice. Yet he has been treated by those with No Humanity, extremely prejudicially, with political expediency who in fact are supporting the lies and acts of terrorism. That Julian Assange has risked his life (check out WikiLeaks' files) to alert us to. (His defence says that he is not being allowed facilities to defend himself, independent and UN inspectors have accused his jailers at HMPS prison with inflicting a programme of psychological torture on him) Same story with all the other truth-tellers for exposing governmental, corporate, military, intelligence criminals committing 'illegal' wars, barbaric acts against innocent civilians as is happening all over the world, right now. And these 'politicians-leaders' are never

prosecuted. Where is the world of humans, of ALL races now fighting to Finally FREE Julian Assange whose extradition show trial at this Kangaroo court in London will resume again in 3 days on 7.8 2020?

Keep it simply lovely

We all want the best of life for us, our children and others who live on Planet Earth with all the others of nature's life forms. This seems like basic humanity yet when under stress these opportunities are made so often to be fought over engaging life's instinct to survive! Well known throughout history, and nothing has changed but has got worse in the 21st century. Who would believe it, but unfortunately, here we are ~ Time to realise what's happening to each one of us by external forces! To demand our sovereign rights of justice and to make these corrupt criminals and pathetic, sociopathic puppets accountable to the law.

If you have been force-fed, brainwashed, educated to believe only ~ the mainstream patterns of MATERIALISM as the basic philosophy of survival in the world as is predominantly projected into our mental conditioning, perceptions, then we are prisoners of those values which are determined by those in power, certainly in the dominant cultures. These ideas have allowed in modern times for Global Empire crimes, extreme, exploiting everything and everyone, enslavement to genocide

~

*However, if we take a more abstract, metaphysical, Spiritual view of non-materialism, beyond objects, manifestation of Power over others who are necessarily deemed to be inferior even when done with insane instruments of murder and inhumanity, this psychology is developed and expanded in this Limited Mind paradigm and by our behaviour for material gain even when it's done in the name of someone's God. **So many acts of Terror have been done, committed by religion ~ Whoever are the global masters at that time through the dictates of war and military conquest, they mostly escape human justice!***

Combining experimentation with drugs, sex, rock & roll, art, meditation, Love and life in particular. Sunny started to open up to a multi-dimensional Universe. He lived the mantra ~ “Turn on, tune in, drop out” realising mind’s illusions, inspired by deeper feelings of holistic nature, empathy * energy & Space*
