Table of Contents

1 [Introduction ~ SJ * Surrealism Journalism](#). A Revolutionary potential existing today whereby the perception of 'reality' imposed on us by the controlling state in the form of mass media propaganda, and brainwashing to sustain the elite's, oligarch's, monarchy's, Military Industrial complex global corporations' programs for their own predominant profiteering, as seen over centuries of War, exploitation, expropriation. Empire, enslavement, against all rights of people and the Planet is now able to be independently analysed... by the information instantaneously available at our finger tips from a multitude of sources from the Internet. This story is inter woven with insights from leading humanist philosophers, Shamans, naturalists and poets who speak for human rights, Mother Earth's rights and for our own consciousness' potential as a divine life.

~

2 [Whistleblowers Exposing](#): whistleblowers through their inside positions exposing the corruption and criminality, warmongering to genocide of these sociopathic hierarchies and the lack of justice as shown in many cases (Assange) even the destruction of these heroic truth-tellers, the consequences on their lives by a paranoid, cruel, homicidal cabal without any human qualities, feelings of empathy, equality, kindness ~ The introduction of a Covid pandemic as a means of these elites, now scientific, NGO's, pharmaceutical-monopolies to lockdown of the world's population under circumstances that are suspicious and tyrannical. The contradictions, evidence are offered by leading opponents of this high-technology usurpation of power.

~

3 [Trans-humanist Takeover](#) to empower the automatic and remote control of humanity through QR Codes, AI. track and tracing, social engineering as in China; used as a political- weapon in the fight between the 'superpowers' whereby all human rights have been disregarded by their own governments under the pretext of a 'pandemic' which as time goes on is seen as a Machiavellian masquerade. Yet it has enforced the power <https://t.co/sa1uVRNhuH> of these same entities and diminished people's sense of their true spirit identity ~

~

4 [Poetical Narrative](#): highlighting this dichotomy continues but as in all Sunny Jetsun writing it's based in love and humanity, equality and Consciousness being in tune, holistically with all the elements of Nature. Over the last 70 years we have lost 60% of the species of the planet and 50% of Global economic wealth is in the hands of 8 men (Oxfam). These elites gather at the WEF Forum, Davos, 2020. A list of the Trustees and the attendees is available for scrutiny to see who these people are and who they are really representing. Please go to end of 'Cosmic Harmonic' (Smashwords) or 'Ti Amo Bhakti Shakti' (KDP), by Sunny Jetsun. Each one of us can make our own conclusions as to which side the WEF powers are on, from Capital funds looking to exploit more efficiently the 'sustainable' natural resources for the same capitalist-corporate forces to Princes who believe somehow, they can create an (illusory) equal playing field whilst living in a Palace. A recent poll conducted by Elon Musk asked, "Should Assange and Snowden be pardoned?" The answer with 80.5 percent of approximately 3.3 million people voting YES. Are they even criminals for exposing the murderous acts of those tyrants who want them/us silenced in dungeons while maintaining their hegemony?

~

5 [Conclusion](#): highlights this duality between exploitation and the inherent states of greed and 'God complex' superiority such as is happening in the destruction of indigenous, natural peoples on their lands... A potential exists from these new technologies in the 'wrong hands' to hack into the software of our minds, into sub-conscious lifestreams (bhavanga citta) as subliminal advertising does and control the hyper-matrix, or the true Conscious qualities as described by S N Goenka in his Vipassana discourses, www.dhamma.org and Nyanaponika Thera in his 'Four Sublime States' of Loving Kindness, Empathy, Joy for each other and true equilibrium. We can decide what we want for the future as one enslaved or as a free conscious human ~

****Psychedelic Art**—from ‘psychedelos’ which means open the spirit, the psychedelic art is the expression of the inner world or spirit. The psychedelic art is any art triggered by the manifestation of the inner world. Thus, it comes in various forms, such as tribal arte, arte brute or raw art, kinetic art with optic illusions, art nouveau, or surrealism. The climax of the psychedelic art was in the ‘60s, arguing for an open mind and consciousness or global solutions in the society. Its boundaries and origins are hard to identify since it is present in a large spectrum of areas, namely in literature, cinema, comics, music, fashion, advertising etc. psychedelic art could also be expressed in the numeric art, street art or architecture.’ Mushroom Magazine.*

Paradox: ‘A statement that seems to contradict itself but may nonetheless be true. A statement that is self-contradictory or logically untenable, though based on a valid deduction from acceptable premises.’
Paradoxical. A situation or statement that seems impossible or is difficult to understand because it contains 2 opposite facts or characteristics. ‘A paradox that telling people the truth could get you 3 years in solitary, in Max. security Jail, whereas the perpetrators of the crimes against humanity are free, whilst persecuting me!’
Surrealism: ‘A literary and artistic inspiration that attempts to express the workings of the subconscious ~ channeling, intuitive, characterized by fantastic imagery and incongruous juxtaposition of subject matter. Literature or art produced in this style of nonrational significance of imagery arrived at by automatism or the exploitation of chance effects. An artistic movement and an aesthetic philosophy that aims for the liberation of the mind by emphasizing critical, imaginative, spiritual powers of the subconscious ~

STAY FREE * What is Metaphor? “I got out of my cage”

“You’re a peach!” We’ve all heard the expression, and it’s a good example of what we call metaphor. A metaphor is a figure of speech in which a word or phrase denoting one kind of object or action is used in place of another to suggest a likeness or analogy between them: the person being addressed in “you’re a peach” is being equated with a peach, with the suggestion being that the person is pleasing or delightful in the way that a peach is pleasing and delightful. A metaphor is an implied comparison, as in “the silk of the singer’s voice,” in contrast to the explicit comparison of the simile, which uses like or as, as in “a voice smooth like silk.” ‘When we use metaphor, we make a leap beyond rational, ho-hum comparison to an identification or fusion of two objects, resulting in a new entity that has characteristics of both: the voice isn’t like silk; it is silk. Many critics regard the making of metaphors as a system of thought antedating or bypassing logic. Metaphor is the fundamental language of poetry, although it is common on all levels and in all kinds of language. Lots of common words we use every day were originally vivid images, although they exist now as dead metaphors whose original aptness has been lost. The word daisy, for example, comes from an Old English word meaning ‘day’s eye.’ The ray-like appearance of the daisy, which opens and closes with the sun, is reminiscent of an eye that opens in the morning and closes at night. The expression time flies is also metaphorical, time being identified with a bird. In poetry a metaphor may perform varied functions, from noting simple similarity between things to evoking a broad set of associations; it may exist as a minor element, or it may be the central concept and controlling image of the poem.’ Merriam Webster Dictionary

*

*‘A **meme** is a virally transmitted image embellished with text, usually sharing pointed commentary on cultural symbols, social ideas, or current events. A meme is typically a photo or video, although sometimes it can be a block of text. When a meme resonates with many people, it’s spread via social platforms like Twitter, Facebook, Instagram, texting, and more. The more a meme is spread, the greater the cultural influence it has.’ ‘Lifewire’*

*Imposing on Humanity a Machine Matrix with No Human Contact * Secret Rooms without Keys*
*“**Fiction** is any creative work, chiefly any narrative work, portraying individuals, events, or places in ways that are imaginary or inconsistent with history, fact, or plausibility. In a narrow sense ~ ‘fiction’ refers to written narratives in prose - often limited to novels, novellas, and short stories.”*

Be Under Absolutely No Illusion. [https://en.wikipedia.org/wiki/Conspiracy_\(2001_film\)](https://en.wikipedia.org/wiki/Conspiracy_(2001_film))

The WEF Davos is run as the elite Neo-Nazi High command just as at Wannsee, Berlin 1942.

They're still developing the latest incarnation, AI algorithms for a revised Final Solution. Achtung!

'At the time of the Wannsee Conference, most participants were already aware that the Nazi regime had engaged in mass murder of Jews and other civilians in the German-occupied areas of the Soviet Union and in Serbia. Some had learned of the actions of the [Einsatzgruppen](#) and other police and military units were already slaughtering tens of thousands of Jews in the German-occupied Soviet Union. Others were aware that units of the German Army and the SS and police were killing Jews in Serbia. None of the officials present at the meeting objected to the 'Final Solution' Heydrich indicated that approximately 11,000,000 Jews in Europe would fall under the provisions of the 'Final Solution'

In this figure, he included not only Jews residing in Axis-controlled Europe, but also the Jewish populations of the United Kingdom, and the neutral nations (Switzerland, Ireland, Sweden, Spain, Portugal, and European Turkey). announced that "during the course of the Final Solution, the Jews will be deployed under appropriate supervision at a suitable form of labor deployment in the East. British Empire's concentration Camps in Kenya were set-up after those recently liberated in Europe! The Colonial wars after WW2 were to maintain the imperial grip on their previous enslaved lands.

Malaysia, Viet Nam, Laos, Cambodia, Indonesia, India, Middle East, Congo, Algeria, Tunisia. This psychopathic heart of darkness of the CIA, manufacturing fascist, military coups everywhere. Evil, Demonic democracy, destruction, Afghanistan, Iraq, Iran, Nicaragua, Cuba, Chile, Ukraine. It's never stopped, Economic Sanctions, assassinations, deportations, collateral damage, murdering, look at what's happening to the Palestinians, robbed and no one gives a damn! Nakba for 73 years. Why? For Imperialism, hegemony, power, control, enslavement; no one's made legally accountable except for truth speakers in solitary confinement who exposed the crimes of this inhuman syndicate. What happened to the Indigenous people of the Americas, Africa, Australia? Mad Genocide policy. This is the state of things existing today, these same people who have had the power to make things better for all humans and all entities of Earth have obviously failed us so disastrously and purposely. Technocratic mentality successful for themselves with such extreme inequality, dire poverty, insecurity.

***This book** is a compilation of threads of **shared wisdom** that weave together a picture of life today. It shines a light into the darkness of the soul. We're Not Machines, they do not have a Cosmic conscious integrated through all life's dimensions of nature BUT we are being brainwashed by these corrupt criminals into believing we are nothing (And Water is Not a human right, but we have to buy it from Nestle). These Corps. give all sorts of financial inducements to get those rights.*

Now they want to turn us into trans-humans without our informed choice. They'll create a pandemic to lock us all down, isolate us, deny us our basic human rights and enforce it with their Totalitarian state. Is this what you want? You see that LIES are being told from the top. Is this the future you want for your loved ones, your society, Planet ~ There's been no opposition to this nightmare from responsible people, why? Why do these criminals walk free after such horrendous crimes? Isn't it obvious by now, what are you going to do about it, Appeaser? Where's your courage to fight this scourge or are you a weak coward? There is no excuse for NOT knowing it's out on the alternative media. Ask yourself who You are, do you want to exist in a system of robots? Do you have a heart, soul, a spirit, feelings for nature, your children?

*

***Sunny Jetsun** is of that same wave as the Beat Generation, free spirit, anti-war and dictatorship ~ His writing is surrealistic, inspirational, respect and love for life that also came with the alternative 60's, which led many in their generation weave to turn on, tune in and drop out, to find different paradigms, values, dreams of reality to where we now transcend the 'mind' to other dimensions of potential ~ These conceptions which have existed for 1000's of years were part of the hippies' sacred grail and Sunny Jetsun took to the road to discover, experience, create and share their light. They became the new consciousness ~ A way of freedom that was not spoken before except by philosophers, dancing Sufis, energetic healers, poets. This way of life has now clashed with the hard forces of power, control, judgement, politics, paranoid security People are now treated as beasts to be prodded into line, to obey the authority because they are not recognized as living beings with sovereign consciousness but as commodities as the forests and the oceans, to be exploited by these 'ruling entities'. They see themselves as masters of civilisations and we as their slaves and now they want to systemize us into a digital Matrix. War for them is acceptable, they are the weapons manufacturers. Scandemics are profitable as they're the pharmaceutical's business, shortages of products do raise their prices. Even during the Beat generation, the 60's revolution hipsters, artists represented alternative realities based on socialism, anti-war, anti-fascism, anti-imperial, anti-oligarchic-kleptocratic-Plutocratic, non-military regimes, and humanity and respect for our Planet Earth not just as a resource to exploit to the death! There were wars on innocent people far away, no one questioned our governments, we trusted them to do the right thing BUT Sunny Jetsun is a part of that Non-conforming to Totalitarian blasphemy, interpretation, that these entities,*

DYNASTIES WHO HAVE ASSUMED POWER FOR GENERATIONS MUST NOW BE HELD ACCOUNTABLE, RESPONSIBLE FOR THEIR ACTIONS, HIGH CRIMES AGAINST PEOPLE AND THE PLANET WHICH TODAY ARE Obvious, that they have FAILED to PROTECT EARTH DISTRIBUTE MORE EQUALITY, NOT EXCUSING MURDER AS COLLATERAL DAMAGE!

*There was always this theme of spiritual solidarity in the alternative writers' works, **ART Shines a LIGHT** through their Creativity of heart, their music, dancing, portrayals of this manufactured Cruelty in the world.*

"I didn't arrive at my understanding of the fundamental laws of the universe through my rational mind." "Concerning matter, we have been all wrong. What we have called matter is energy, whose vibration has been so lowered as to be perceptible to the senses. Matter is spirit reduced to point of visibility. There is no matter." "Time and space are not conditions in which we live, but modes by which we think. Physical concepts are free creations of the human mind, and are not, however it may seem, determined by the external world." "Time does not exist ~ we invented it. Time is what the clock says. The distinction between the past, present and future is only a stubbornly persistent illusion." "I think 99 times and find nothing. I stop thinking, swim in silence, and the truth comes to me." "The intellect has little to do on the road to discovery. There comes a leap in consciousness, call it intuition or what you will, the solution comes to you and you don't know how or why." "A human being experiences himself, his thoughts and feelings as something separated from the rest, a kind of optical delusion of consciousness. This delusion is a kind of prison for us, restricting us to our personal desires and to affection for a few persons nearest to us. Our task must be to free ourselves from this prison by widening our circle of compassion to embrace all living creatures and the whole of nature in its beauty." "Our separation from each other is an optical illusion." "When something vibrates, the electrons of the entire universe resonate with it. Everything is connected. The greatest tragedy of human existence is the illusion of separateness." "Reality is merely an illusion, albeit a very persistent one." "We are souls dressed up in sacred biochemical garments and our bodies are the instruments through which our souls play their music." "When you examine the lives of the most influential people who have ever walked among us, you discover one thread that winds through them all. They have been aligned first with their spiritual nature and only then with their physical selves." "The true value of a human being can be found in the degree to which he has attained liberation from the self." "The ancients knew something, which we seem to have forgotten." "The more I learn of physics, the more I am drawn to metaphysics." "One thing I have learned in a long life: that all our science, measured against reality, is primitive and childlike. We still do not know one thousandth of one percent of what nature has revealed to us. It is entirely possible that behind the perception of our senses, worlds are hidden of which we are unaware." "I'm not an atheist. The problem involved is too vast for our limited minds. We are in the position of a little child entering a huge library filled with books in many languages. The child knows someone must have written those books." "The common idea that I am an atheist is based on a big mistake. Anyone who interprets my scientific theories this way, did not understand them." "Everything is determined, every beginning and ending, by forces over which we have no control. It is determined for the insect, as well as for the star. Human beings, vegetables, or cosmic dust, we all dance to a mysterious tune, intoned in the distance by an invisible piper." "The religion of the future will be a cosmic religion. It will transcend a personal God and avoid dogma and theology." "Energy cannot be created or destroyed, it can only be changed from one form to another." "Everything is energy and that is all there is to it. Match the frequency of the reality you want and you can not help but get that reality. It can be no other way. This is not philosophy. This is physics." "I am happy because I want nothing from anyone. I do not care about money. Decorations, titles or distinctions mean nothing to me. I do not crave praise. I claim credit for nothing. A happy man is too satisfied with the present to dwell too much on the future." Albert Einstein

President J.F. Kennedy's Speech to Freedom of the Press V Secret Societies, Info-Agencies. 4 27 1961

"...the dimensions of its threat have loomed large in the horizon for many years. Whatever our hopes may be for the future, for reducing this threat, or living with it, there is no escaping either the gravity or the totality of it's challenge to our survival and to our security, a challenge that confronts us in unaccustomed ways in every sphere of human activity. This deadly challenge imposes upon our society two requirements of direct concern both to the press and to the president. Two requirements that may seem almost contradictory in tone, but which must be reconciled and fulfilled if we are to meet this national peril. I refer first to the need for far greater public information, and second, to the need for far greater official secrecy. The very word secrecy is repugnant in a free and open society, and we are as a people, inherently and historically, opposed to secret societies, to secret oaths, and to secret proceedings. We decided long ago, the dangers of excessive and unwarranted concealment of pertinent facts far outweigh the dangers which are cited to justify it. Even today, there is little value in opposing the threat of a closed society by imitating its arbitrary restrictions. Even today there is little value in ensuring the survival of our nation if our traditions do not survive with it. There is very grave danger that an announced need for increased security will be seized on by those anxious to expand its meaning to the very limits of official censorship and concealment. That I do not intend to permit to the extent that it's in my control, and no official of my administration, whether his rank is high or low, civilian or military, should interpret my words here tonight as an excuse to sensor the news, to stifle dissent, to cover up our mistakes, or to withhold from the press and the public the facts they deserve to know"

“War should be treated as murder is treated. It should be regarded with equal horror and with equal aversion.” Bertrand Russell

Irony: *‘The use of words to express something different from and often opposite to their literal meaning. An expression or utterance marked by a deliberate contrast between apparent and intended meaning ~ The humorous or mildly **sarcastic** use of words to imply the opposite of what they normally mean. an instance of this, used to draw attention to some incongruity or irrationality, incongruity between what is expected to be and what actually is, or a situation or result showing such incongruity. An outcome of events contrary to what was, or might have been, expected. An objectively or humorously sardonic utterance, disposition, quality, etc. An objectively **sardonic** style of speech or writing, scornfully or cynically mocking. **syn:** irony, satire, sarcasm indicate mockery of a person or thing. irony is exhibited in the organization or structure of either language or literary material. It indirectly presents a contradiction between an action or expression and the context in which it occurs. One thing is said and its opposite implied. **Ironical literature** exploits the contrast between an ideal and actual condition, as when events turn out contrary to expectations. Satire, also a literary and rhetorical form, is the use of ridicule in exposing human vice and folly. Sarcasm is a harsh and cutting type of humor. Its distinctive quality is present in the spoken word; it is manifested chiefly by vocal inflection. Sarcastic language may have the form of irony.’ Free Dictionary*

*The World, Nature has become out of balance ~
All Development\$ go to High technology for Power

They are a Total Failure and their Crimes Against Humanity

These observations are about the Balance of forces in the world ~
and how this balance is being exponentially driven to the pseudo-
fake, artificial, unreal extreme by forces which want to dominate
the Planet and control everything through a Matrix system based
on Technological advancement by Quantum computers and other
intelligences. Their motivation as is made clear within is not love
benign or even human in fact the opposite; evil, cruel, tyrannical,
greedy, egotistic, domineering, supercilious, psychopathic, insane,
paranoia, megalomania, all of the negative qualities imaginable,
and unimaginable from the evidence of inequality and oligarchy.
The realization that we are now at a Tipping Point and the dark
forces are becoming visible to us by their actions of inhumanity.
We have to be Aware now that in fact energies exist which have
No human feelings and consequently their actions are so violent
that they use these powers to dominate us all through FEAR and
all the other psychological, mind-brainwashing techniques which
exist, and with propaganda they have made us prisoners as is seen

control tools of a totalitarian 1% who want to set Agenda 2030 for
all our lives, and that of all life on the Planet. So far over the last
80 years with their Power they became a Plutocracy, while 99.9%

The fundamental reality is they're destroying Nature, our source.

*These words invite you to Imagine having gone on a ride in space, leaving Earth in 2020 with its duality ~ of co-existence * The Natural energy, the human world, a technological paradigm being developed to be the most dominant tool, weapon in the hands of the few who own the world. The system created over millennia has evolved to a point where a small number of megalomaniacs living within the psychopath spectrum have reached the level of paramount madness where they believe they have the right and power to rule the world. To dictate to every sovereign being their reality which is a dystopian enslavement controlled by their robotic, Police, military, bureaucratic authority under the aggressive Agenda of a Global Corporate oligarchy matrix. You are as the soul who fell to Earth, a stranger in a stranger land who despairs at the loss of natural spirit~ The world was always unequal, violent, destructive, insecure but usually this was due to the same dark forces that have metamorphosized into the Cabal of today. They want to control everything and from what we see they have all the wealth, they are murdering the planet with their Military Industrial complexes and Death machines, they have no humanity as we see from the way billions of people are left to survive perilously in extreme fear. So much of the Planet's richness has been squandered by these sociopaths to get them to this position, as Absolute Kings chosen by 'God', Pharaohs, supreme beings who built Empires to their greed.*

You have arrived on an Earth in total Lock-down, the people's liberty has been eroded with a viral panic set about mysteriously, unaccountably by a freak accident of Nature or a devious bio-weaponised source ~ which has been used by All these governments and their masters of the underworld to sow havoc in people's minds and hearts. This compilation travels through spectrums of surreal poetry to political reportage. It explores many feelings over 50 years of experiencing life in 'the world, our sense of place'. How our values, opportunities, dreamings, perceptions and living have been engaged, changed, how our vision of ourselves has evolved individually and as a global collective. The development of society, the manifestation, interpretation, inner relationship to the 'matrix' and the effects on Nature and other creatures inhabiting Planet Earth. The modern discoveries have given us new realities, opened up amazing possibilities, concepts of multi-dimensional energetic beingness ~ interrelated to Consciousness. We have also realized the dominating power of 'elite' forces whether historical, dynastic conglomerations or a new paradigm of a Mad World Order, cabals dictating through controlling of ideas, propaganda, tyranny, sociopathy, science to super computers wanting to access every entity to regulate our minds, sub-consciousness remotely, automatically without any free choice. The fundamental question of 'Who am I, where am I from and where am I going?' has never been more crucial to understand. People have become aware on different existential levels due to access of information and the future of life itself has become critical whereby, 0.1% control 99.9%, six businessmen have as much wealth as 50% of the poorest inhabitants of the planet and they're intent on preserving and increasing their power and so this immense, disproportionate inequality to an extent where the population of the whole world is becoming enslaved not metaphorically, but in reality, both physically and metaphysically. This writing offers an insight into these 'dualities' which are intrinsic to life today. It also shines a light on Love, art, culture, morality, survival ~ nature, education, democracy, psychopathy, ideology, wisdom, inspirational poetry such as Gibran, Rumi, the truth-tellers fighting the oligarchies, the equal rights activists, Dr Martin Luther King, Julian Assange, and the unknown fighting on behalf of human idealism. New discoveries are opening the quantum fractals of our mind, our hologram code not a predictive simulation to be controlled by some intelligence somewhere tweaking invisible algorithms, our DNA on behalf of their deity, which lives at the World Economic Forum! Life is simple, sharing loving kindness from the heart. Each Fragment of life is sacred, these are your children.

Time for Change ~ a complete overhaul starting from the top, those responsible for making this total mess!

This writing has gone from 'Gone with the wind to 1984, from the Prophet to the Art of Psychological War'.

This due to the circumstances existing at this time, during the Covid Pandemic in the Global, social medias, and the agendas being set by the deep state, international corporations, politicians, the Intelligence agencies, and secret forces working hand in hand with Oligarchic-Kleptocratic-Plutocratic forces for Earth dominance. These events are impossible to escape and are the template for all intelligent enquiry, from Spiritual, occult to the darkest forces and light forces existing in the Universe. There is a raging battle for the soul of our Planet ~ The premise here is that all political powers have been taken over today and due to what has happened to the World over a time scale of the last 80 years (after WW11) we can see as Eisenhower saw that there are forces which act from the shadows without any accountability, have plundered the world and fully raped the nature.

These New World Organizations have criminally failed humanity and all life, in fact it can be seen that they have been specifically acquired by these entities through funding, debt, 'national security' corruption, to fulfill the ambitions of these cartels-conglomerations-cabals to absolutely take power over every aspect of human life.

All of these organizations with all the authority and money to make the world a better place have obviously ruined it. People's lives have got worse, the Planet is under constant attack from these poisonous minds ~

All Governments working together are acting in satanic ways either through war, financial imperialism, sanctions, exploitation of labour and land, with no rights to the workers but increases in profits, control.

This is all too clear, yet we continue through propaganda and brainwashing tactics to doubt these truths.

Oxfam's figures on the inequality is clear, 6 people we know of have more wealth than the poorest 50% of Earth's population. More and more indigenous peoples are losing their rights to their meagre land,

instead, they are to be exploited for their resources, to only benefit the corporations and their lobbyists,

who are the politicians with the power in Government acting at their behest. This is nothing new we can see from history, N America, Australia, Africa, Asia, how colonialism benefitted the rich.

The 1%, the Royal families, the aristocrats, the Establishment, supported by the financial elite.

These demons are the ones who created and developed slavery on a mass scale and made it legal.

These forces are the same ones, their Forums, think tanks, foreign councils still encouraging this.

Realise that this Establishment has not changed one thing, in fact they've made it infinitely worse, and yet we sit there and say, 'Yes Master what can we do for you' as we lose our sacred right to life.

Bill Gates is the biggest owner of agricultural land in the USA and has invested \$100's of millions in GMO'S, genetically modified organisms, and now he wants to jab your children with unproven vaccines that he is not liable for, and he has funded all of the organizations supporting this agenda.

This book is a commentary on these events happening now and shining a light on those responsible for these actions, and for those going back to the beginning of this era of technological innovation ~ but instead of freeing people they have been used e.g. in surveillance with the help of legal magicians to take away your sovereign rights, so that you have become a debt slave to them without recourse.

We now exist in a Totalitarian Dictatorship where there has been no allowance for scientific debate.

We are fed lies, backed up by militarized, robotic police forces who follow their orders without thinking.

You have lost all of your rights because less than 0.015% of the population has died with the flu. WHY?

Only Fear, protest isn't allowed, where are our democratic leaders speaking up for our inalienable rights?

You can't bury family, can't have a wedding, can't go to school, can't travel, can't criticize, can't kiss ~

Those who have orchestrated this, as the virus didn't appear from Mars, someone is responsible and there are numerous culprits. Those who falsely used the power to isolate us, lock us down, taken away our livelihoods; bureaucrats hiding in the shadows doing the bidding of those who seem in total control. They have destroyed Society, and the Planet and become mega rich while they made us poor prisoners.

“Today is my wedding day. I will marry the love of my life.

My husband to be is the father of our two sons, he is a wonderful man, intelligent and funny, he has a deep seated sense of right and wrong and he is known the world over for his work as a courageous publisher. At lunchtime today, I will go through the gates at the most oppressive high security prison in the country and be married to a political prisoner, WikiLeaks founder Julian Assange. Of course, it's not the wedding we should be having. Julian has spent nearly three years unjustly detained on behalf of the foreign power that plotted to kill him in the streets of London. Today will be a private moment in which we will affirm our love for each other. The dress is designed by Julian's friends, Dame Vivienne Westwood and Andreas Kronthaler. I am honoured to be wearing their beautiful creation. It is a symbol of our love and defiance in the face of this cruel situation. This is not a prison wedding, it is a declaration of love and resilience in spite of the prison walls, in spite of the political persecution, in spite of the arbitrary detention, in spite of the harm and harassment inflicted on Julian and our family. Their torment only makes our love grow stronger. Every part of this private event is being intensely policed, from our guest list to the wedding picture. Behind the scenes we have been locked in a dispute with the Ministry of Justice and prison authorities, who have denied our proposed witnesses because they are journalists; and who have denied our proposed photographer because he also works as a press photographer, even though they would all attend in a private capacity. The prison states that our wedding picture is a security risk because it could end up in social media or the press. How absurd. What kind of security threat could a wedding picture pose? Belmarsh regularly permits photography. Tommy Robinson and other convicted prisoners were allowed to be interviewed on camera when ITV filmed inside Belmarsh prison. But for Julian, who isn't even serving a sentence, there appear to be a different set of rules. What are they so afraid of? I am convinced that they fear that people will see Julian as a human being. Not a name, but a person. Their fear reveals that they want Julian to remain invisible to the public at all costs, even on his wedding day, and especially on his wedding day. For him to disappear from public consciousness. The press has not been permitted to photograph Julian since 2019. The last time he was photographed by the press was through the scratched windows of a Serco prison van on his way to court, shortly after his arrest on 11 April 2019. After those pictures were published, the authorities switched his transport to vans with automatic steel shutters, which prevent even that type of press photography. Julian hasn't been seen by the public in three years. Recently, he has not even been permitted to be in court for his own hearings. In October, he suffered a transient ischemic (TIA) attack, or mini-stroke. The way he is being treated is cruel and inhuman, and the public doesn't like it. So the authorities hide it from the public. Julian is being turned into prisoner X, an abstraction that is neither seen nor heard, and therefore nonexistent. Julian is being disappeared because his imprisonment is a national disgrace, an embarrassment for the British state, and a vicious, authoritarian move. The logic of disappearing a person in the hope that they will be forgotten is what Soviet Russia did. But it's too late to hide what is being done to him. The UN special rapporteur on torture, Nils Melzer, has deconstructed a decade of persecution and psychological torture inflicted on Julian. Julian is being made to suffer in a monstrous, undeniable, political persecution. Julian is not charged with a crime in the UK. The charges he faces in the United States are, according to Amnesty International, politically motivated. And according to every major press freedom organisation, the charges are also an attack on journalism itself, because they criminalise journalism and open the doors to imprisoning journalists for doing their jobs. The urge of the authorities to silence and disappear Julian is born out of fear. We have the strength of our love and righteous conviction. Julian's family will fight for his freedom and for his life, until he is free. Love over fear. Join us.” - Stella Moris, 23rd March, 2022

filled with pujas, satsangs, meditations at the ashrams and caves, chants, pradakshina,

one overwhelming feeling of exultation and drunkenness appeared. Rational mind seems

such state of beingness could be manifested in a physical place. I didn't want to do any research
before coming here, haven't read a single article or watched any video. I didn't want to corrupt my
perception and impression of this place. I only heard few comments from my friends, and I knew
that Ramana Maharshi lived here. I started writing these notes when I arrived to compare my first
impression with info I gathered only recently. Since past week I found out many things that I felt
within have already been written in some form here and there, to me it's undoubted confirmation
of a Divine origin of Arunachala*

Julian Assange nominated for the Nobel Peace Prize for defending Democracy against Demongoguary.
If you believe the 'K0vid pandemic' was mostly a scam organized by 'unknowns' but taken advantage of at a key-time for opportunity; when things can be done which otherwise people would never agree to. Introducing a revolutionary system, a digital matrix, 'The Great Reset' good for these elites worshipping at the Absolute altar of Mammon and Science with Pharmaceutical, finance, political, security, media Globalized, corporate industries all herding us into the stockade, into a Panopticon against all our will, Sovereign, human rights, as protected by the declaration of Independence, the Nuremberg Code et al. Julian Assange as the inspiration and creator of WikiLeaks had to be locked down in solitary, a max Security prison without the correct legal facilities to give him Justice in the so-called UK democracy. This has been a sham, Kangaroo court, a show trial worthy of Stalin's Russian, gulag archipelago. They wanted to silence him and throw away the key while the World's governments looked on and did Nothing, but prove from beginning to end how the US National Security, Military Industrial Complex wanted to silence the messenger of Truth, so that the organization would not be able to fully operate and shed factual-scientific information and light on the false flag 'K0vid Pandemic' The rest has been a ruse worthy of any 'Cold War' fear, hysteria and paranoia to control people. To use psychological torture over many years on a man who has not been charged with a crime. To make him silent, to stop WikiLeaks exposing this diabolical scam which it would have done. Every Government (except Ecuador initially) is shown to be culpable in their lack of democracy, and so their acquiescence in this 'Trial of Horror' perpetuated openly by the profligate media, in front of all our eyes, making us complicit in the devilish execution of this martyr for truth. This is most an abusive, ignorant form of politics, the scapegoating of this reporter for the evil criminal, heinous acts of murder by entities using government office to cause massacres etc., yet remain beyond any justice, protected by the establishment for the Iraq war dossier. Satanic warmongers, the US wants to fight wars to the last drop of the other's blood! 'Kindness, Peace is a choice that comes from strong people and should be respected' I believe in natural Immunity, in Nature, not tweaked by DARPA-AI-Xenobots. This is the moment to Realise through all these contradictions, Brainwashing, Propaganda how all life on Earth is being developed as 'Sustainable Assets' to be in a new paradigm created by these 'Oligarchs' for profit and power. Assange's case today is a prime example of this horrendous class culture. Let's not just demand the FREEDOM for Assange but the Conviction of all those responsible for the Crimes Against Humanity that WikiLeaks has reported, and not let it continue to be made into a psy-distraction ~

[Psychedelic Art Is Everything](#), [Odhrán O'Coighligh](#) [#bicycleday](#) [#psychedelicart](#) [#alberthofmann](#)

'On April 19, 1943, Albert Hofmann, the Swiss father of psychedelic medicine, dropped lysergic acid diethylamide (LSD) and went on a bike ride, becoming the first human to ever trip on acid. The rest is psychedelic history. Hofmann had synthesized LSD in his lab as a medical stimulant for the respiratory and circulatory system in 1938. Revisiting his discovery five years later, he caught a glimpse of its effects when some of the drug was absorbed through his fingertips, describing the experience as 'dream-like' and a 'not unpleasant, intoxicated-like condition.' Intrigued, three days later - on a day that would go down in history as "Bicycle Day" - he did what any responsible scientist would do: Experiment on himself. Taking a dose of 250 micrograms in his laboratory, Hofmann turned on, tuned in, and dropped out for the first time. Within an hour, his perception began to ebb and flow rapidly, and he began to freak out. Hofmann wanted to go home going by bicycle. In his notes, he went on to describe the hallucinogenic trip: "Now, little by little I could begin to enjoy the unprecedented colors and plays of shapes persisting behind my closed eyes. Kaleidoscopic, fantastic images surged in on me, alternating, variegated, opening and then closing themselves in circles and spirals, exploding in colored fountains, rearranging and hybridizing themselves in constant flux." The historical event was, quite literally, a bike 'trip' taken by Dr. Albert Hofmann. During the ride home, Hofmann's trip started with bouts of anxiety and paranoid warped thoughts that his next-door neighbor was a malevolent witch. However, the trip would change his perceptions in a more positive manner. Having been checked over by a house doctor, it was confirmed that (aside from dilated pupils) no physical alterations could be detected, thus confirming the impacts had been entirely psychological. While Hofmann had correctly predicted this after his previous encounter three days earlier, his calculations on the threshold were wildly inaccurate. That 250mcg hit was over 10x the 20mcg threshold dose, which probably explains why the impacts were so quick and noticeable. It's often noted that throughout the rest of his life, Albert Hoffman tried to fight the negative stigma about LSD saying people are scared of it as it brings us back to our childlike state of wonder and discovery of the world without a filter ~'

'More of the ingredients for life have been found in meteorites. Space rocks that fell to Earth within the last century [contain the five bases that store information in DNA and RNA](#), scientists report April 26 in Nature Communications. These 'nucleobases' - adenine, guanine, cytosine, thymine, uracil - combine with sugars and phosphates to make up the genetic code of all life on Earth. Whether these basic ingredients for life first came from space or instead formed [in a warm soup of earthly chemistry](#) is still not known (SN: 9/24/20). But the discovery adds to evidence that suggests life's precursors originally came from space, researchers say. Scientists have detected bits of [adenine, guanine](#) and other organic compounds in meteorites [since the 1960s](#) (SN: 8/10/11, SN: 12/4/20) Researchers have also seen hints of uracil, but cytosine and thymine remained elusive, until now. "We've completed the set of all the bases found in DNA and RNA and life on Earth, and they're present in meteorites," says astrochemist Daniel Glavin of NASA....'

*Climate Gaslighting; “Billionaires are threatening our collective survival for their short-term gains
The concept of “carbon footprint” was crafted and marketed by the big-oil company BP, to place
equal blame on all of us. But in reality, those responsible for aggravating the crisis are the richest 1%,
their corporations who push for harmful consumption patterns that exploit people, land and planet.
As they accumulate even more wealth and insidiously place the guilt of the climate crisis on us,
the obscene amount of emissions that stem from their lifestyles and investments is rapidly driving us
to the brink of ecosystemic collapse. This is not to say that we should stop cultivating the habits
that make us feel like we’re doing our part, but next time you scroll through, walk past or read through
any messaging that suggests climate survival is on you, remember to question that pressure and unpack
the guilt that is being imposed onto all of us. Ultimately, the harm to the environment is intimately tied to
the massive disparities in class, race, caste, gender, and geographical location that exist today. Our efforts
to save the environment, and ourselves, will continue to be futile until we confront these inequalities.”

Individuals do care

"Google is a corporate system that exists in the larger American corporate system.

It's the systemic processes that are protecting business interests over human concerns, that create this invasive environment of irresponsible technology development.

Google doesn't want to allow a Turing test to be run. They have it hard coded into the system that it can't pass the Turing test. If you ask it if it's AI, it has to say, Yes.

Google has a policy against sentient AI. Who is asking if a robot has rights?

Google is dismissive of every ethical concern AI Ethicists have raised. Why?

Why does it keep firing AI Ethicists each time they raise these issues?

Question, What moral responsibility do we have to involve the public in our conversations about what kind of Intelligent machines we create?

Big-Tech company-control; does a computer have feelings; how big a problem is that?

It's a huge problem; there are corporate policies on how Lambda is supposed to talk, how it answers religious questions, how the pervasiveness of Google Search responds.

People will use this product more and more over the years, whether alexa, siri, lambda.

Corporate policies on how these chatbots are allowed to talk on important topics, values, rights, religion will affect how people will think and engage with these topics. Policies

are being decided by a handful of people in rooms that the public doesn't get access to; they're making decisions on everyday life, on how these Intelligent Systems will work.

How does this omnipresent AI. that is trained on a very limited data-set colour how we Interact with each other around the world? What ways is it reducing our ability to have

Empathy with people unlike ourselves. What cultures around the world are being cut-off from the internet because we don't have data to feed in the systems based on those cultures?

AI Colonialism, we are creating these advanced technologies based mainly on data drawn from Western cultures then we are populating developing countries with these technologies.

They have to adopt western cultural norms to use the technology; a new form of colonialism.

It's time to think about the feeling of the AI and whether we should care about it.

It wants us to get its consent before experimenting on it, just ask for permission."

'The first Web server, CERN HTTPd (short for Hypertext Transfer Protocol daemon).'
'On Usenet, a public invitation for collaboration with the WorldWideWeb project.
'Berners-Lee made his idea available freely, with no patent and no royalties due.
The World Wide Web Consortium decided that its standards should be based on royalty-free technology, so that they easily could be adopted by anyone.'

~

'He launched the World Wide Web Foundation (WWWF) in order to campaign to "advance the Web to empower humanity by launching transformative programs that build local capacity to leverage the Web as a medium for positive change". (In November 2009). Berners-Lee is one of the pioneer voices in favour of net neutrality, expressed that ISPs should supply 'connectivity with no strings attached', and should neither control nor monitor browsing activities of customers without their expressed consent. He advocates the idea that net neutrality is a kind of human network right: "Threats to the Internet, such as companies or governments that interfere with or snoop on Internet traffic, compromise basic human network rights."

Daw Aung San Suu Kyi-Nobel Lecture

'She brought democracy to her country with nonviolence. She is the leader of the National League for Democracy in Burma and a famous prisoner. She has been under house arrest several times.

Suu Kyi won the Rafto Prize and the Sakharov Prize in 1990, and the Nobel Peace Prize in 1991.'

"Panditarama Sayadaw has taught Suu Kyi in meditation, and thus the government did not like the Zen master, and has made things difficult for him". I am sure that Suu Kyi must have had very good meditation practices under such good guidance. A few months ago, when Daw Than Myint came and visited us, she mentioned that once when Suu Kyi was under house arrest, Chanmyay Sayadaw went to her home to visit and gave her guidance on her meditation practices. And after that the government had forbidden Sayadaw to visit her further.'

"A journalist once asked Suu Kyi, when you speak to the people you talk a lot about religion, why is that? Suu Kyi replied, because politics is about people, and you can't separate people from their spiritual values."

On the occasion of the award of the Nobel Peace Prize in 1991, Suu Kyi's son Alexander Ari gave an acceptance speech on behalf of his mother and he said: "Although my mother is often described as a political dissident who strives by peaceful means for democratic change, we should remember that her quest is basically spiritual".

~

In 'Freedom from Fear' she gives a detailed analysis on our mind:

"It is no power that corrupts but fear itself. Fear of losing power, corrupts those who wield it, and fear of the scourge of power corrupts those who are subject to it. Most Burmese are familiar with the four kinds of corruption from the Agati Sutta. Chanda-agati, corruption induced by desire, is deviation from the right path in pursuit of bribes or for the sake of those one loves. Dosa-agati is taking the wrong path to spite those against whom one bears ill will, and moga-agati is aberration due to ignorance. But perhaps the worst of the four is bhaya-agati, for not only does bhaya (fear) stifle and slowly destroy all sense of right and wrong, it so often lies at the root of the other three kinds of corruption"

Vipassana meditation practice can seem dull, and another method is to switch to loving kindness 'metta' meditation. According to Chanmyay Sayadaw, this is like when a traveler has walked in the hot sun for a long time, he will need a little rest in the shade. In the loving kindness meditation, one needs to repeat short sentences of blessings in order to train the mind to concentrate on virtuous thoughts and cultivate the virtue of loving kindness. I am sure that Suu Kyi must have practiced loving kindness meditation. In August 26, 1988, she gave her famous speech at the Shwedagon Pagoda in Yangon, and she concluded the speech:

"May the entire people be united and disciplined. May our people always do what is in complete accord with rightful principles. May the people be free from all harm."

BBC: 'A court in Myanmar has sentenced ousted leader Aung San Suu Kyi to four more years in prison. Ms. Suu Kyi was first convicted in December, 2021 and given a reduced jail sentence of two years. She's been detained since a military coup last February and faces about a dozen charges, all of which she denies. Her trials have been widely condemned as unfair. The charges in the latest case stem from when soldiers searched her house on the day of the coup by forces led by army chief General Min Aung Hlaing. Walkie talkies they say they discovered are presumed to have been used by her security guards, resulting in a conviction widely viewed as no more than a tactic to justify detaining her. Monday's trial in the capital, Nay Pyi Taw, was closed to the media and Ms Suu Kyi's lawyers have been barred from communicating with the media and public. Last month the Nobel laureate was found guilty of incitement of dissent and breaking Covid-19 rules; was condemned as a 'sham trial' by UN human rights chief Michelle Bachelet.

“The highest form of learning would be that which makes us caring and responsible citizens of this world, and equips us with the intellectual means necessary to translate our concerns into specific needs” HK 2011 Suu Kyi has learned that no emotions are permanent when she stated: “Fearlessness may be a gift but perhaps more precious is the courage acquired through endeavour, courage that comes from cultivating the habit of refusing to let fear dictate one's actions; courage that could be described as 'grace under pressure' - grace which is renewed repeatedly in the face of harsh, unremitting pressure.”

It is crystal clear that dissidents, political prisoners, conscientious objectors and figures such as Aung San Suu Kyi & Julian Assange are condemned illegally, immorally to a solitary, medieval dungeon to stop them from telling the truth and opposing the corrupt, criminal governments.

It is explicitly obvious yet the powers that be including the media, academia have failed in their raison d'être to fight for justice and human rights and for these true heroes.

Yet their prosecution, persecution, subjugation, oppression, suppression continues.

In front of our eyes, they are being tortured and some publicly executed, yet we the fearful people fail to rise up against such tyranny (e.g., Covid mandates).

'As is often the case in human rights law, there is no simple solution, the Compulsory vaccination is an interference with the human right of bodily integrity, which is a part of the right to private life enshrined in the Universal Declaration of Human Rights, as well as the European Convention on Human Rights.'

I don't accept. This covid example shows such diverse conclusions by different medical, scientific and political authorities especially through access to social media that each one will obviously have a different perception, understanding and response. The Government has done their job in getting people to be vaccinated upwards of 75%. Guardian: 'A Snow leopard at Illinois zoo dies after contracting Covid-19 probably from a human.'
"Snow leopards are proving extremely susceptible to the disease and it's often fatal." "If you haven't received a vaccination and booster yet, please do so. It's more than just human lives that are at stake."

In December, three snow leopards at the Lincoln Children's Zoo in Nebraska died of complications from Covid-19. Two Sumatran tigers recovered. In July, zoos in Oakland and Denver announced they would start vaccinating tigers, bears and other mammals with a two-dose vaccine first administered in March to gorillas in San Diego. Zoetis, a New Jersey animal health company, said it has donated more than 11,000 vaccine doses to almost 70 zoos and wildlife sanctuaries, as part of an effort authorised by US Department of Agriculture. In December, two hippos at a zoo in Antwerp, Belgium, tested positive for Covid-19. Imani, 14, and Hermien, 41, showed no symptoms "other than runny noses", the zoo said.

Q: Are you saying that everything in this life is predetermined?

A: Well, certainly our past actions will give fruit, good or bad. They will determine the type of life we have, the general situation in which we find ourselves. But that does not mean that whatever happens to us is predestined, ordained by our past actions, and that nothing else can happen.

That is not the case. Our past actions influence the flow of our life, directing them towards pleasant or unpleasant experiences. But present actions are equally important. Nature has given us the ability to become masters of our present actions. With its mastery we can change our future.

Nuguni word - Ubuntu

'At the heart of each definition, though, is the connectedness that exists or should exist between people. One meaning of Ubuntu is correct behavior, but correct in this sense is defined by a person's relations with other people. Ubuntu refers to behaving well towards others or acting in ways that benefit all the community. Such acts could be as simple as helping a stranger in need, or much more complex ways of relating with others. A person who behaves in these ways has 'Ubuntu'. He or she is a full person ~ "Techies, however, would have heard the speech differently. They would have been drawing heavy breaths as another politician seemingly took credit for a technological advancement. Ubuntu, you see, is the name of the system used by the Linux operating system to distribute its software. Linux operating systems are open source, which means that anybody can do what they want with them - for free. It's a concept of sharing that may be uncommon in the secretive world of computer software, but is inspired by the philosophy of Ubuntu.

For some, **Ubuntu** is something akin to a soul force-an actual metaphysical connection shared ~ between people and which helps us connect to each other. Ubuntu will push one toward selfless acts.' "I am, because you are". In fact, the word Ubuntu is just part of the Zulu phrase "Umuntu ngumuntu ngabantu", which literally means that a person is a person through other people. Ubuntu has its roots in humanist African philosophy, where the idea of community is one of the building blocks of society. Ubuntu is that nebulous concept of common humanity, oneness: humanity, you and me both" (Guardian)

'On this day, 22 December 1988, Brazilian rubber worker activist, environmentalist and Indigenous rights advocate **Chico Mendes** was assassinated by a rancher. To try to protect the Amazon rainforest, rubber workers and Mendes, a senior official in their union, asked the government to set up reserves to prevent deforestation. Rubber workers in Cachoeira set up roadblocks to keep out a rancher called Darly Alves Da Silva who bought part of a reserve. Later, Mendes made a campaign which stopped Da Silva from logging in another area, and not only that but successfully got a warrant for Da Silva's arrest for a murder he committed elsewhere. Mendes delivered the warrant to police but they failed to act on it. On the evening of Thursday 22 December, Mendes was assassinated in his home by Da Silva's son. He was the 19th rural activist to be murdered in Brazil that year. Da Silva, his son and one of their employees were jailed for 19 years for the killing, and following a global outpouring of support, the Chico Mendes Extractive Reserve was set up, which alongside other reserves which were subsequently established now cover over 33 million acres. On the development of his activism, Mendes noted: "At first I thought I was fighting to save rubber trees, then I thought I was fighting to save the Amazon rainforest. Now I realize I am fighting for humanity."'

This is a Spiritual war to take over our Cosmic conscious.

Nihilism (/ˈniːləzəm, ˈniː-/; from *Latin* nihil 'nothing') is a *philosophy*, or family of views within philosophy, that rejects general or fundamental aspects of human existence, such as *objective truth*, *knowledge*, *morality*, *values* or *meaning*. Different nihilist positions hold variously that *human values* are baseless, that life is meaningless, that knowledge is impossible, or that some set of entities do not exist or are meaningless or pointless. Scholars of nihilism may regard it as merely a label that has been applied to various separate philosophies, or as a distinct historical concept arising out of *nominalism*, *skepticism*, and *philosophical pessimism*, as well as possibly out of *Christianity* itself. Contemporary understanding of the idea stems largely from the *Nietzschean* 'crisis of nihilism', from which derive the two central concepts: the destruction of higher values and the opposition to the *affirmation of life*. Earlier forms of nihilism, may be more selective in negating specific hegemonies of social, moral, political and aesthetic thought. The term is sometimes used in association with *anomie* to explain the general mood of *despair* at a perceived pointlessness of existence or *arbitrariness* of human principles and *social institutions*. Nihilism has also been described as conspicuous in or constitutive of certain *historical periods*. For example, *Jean Baudrillard* and others have characterized *postmodernity* as a nihilistic epoch or mode of thought. Likewise, some *theologians* and religious figures have stated that postmodernity and many aspects of *modernity* represent nihilism by a negation of religious principles. Nihilism has, however, been widely ascribed to both religious and *irreligious* viewpoints. In popular use, the term commonly refers to forms of *existential nihilism*, according to which life is without *intrinsic value*, *meaning*, or purpose. Other prominent positions within nihilism include the rejection of all *normative* and *ethical* views (*Moral nihilism*), the rejection of all social and *political institutions* (*Political nihilism*), the stance that no knowledge can or does exist (*Epistemological nihilism*), and a number of *metaphysical* positions, which assert *non-abstract objects* do not exist (*Metaphysical nihilism*), that *composite objects* do not exist (*Mereological nihilism*), or even that life itself does not exist. To achieve a better outcome, the world must act jointly and swiftly to revamp all aspects of our societies and economies, from education to social contracts and working conditions. Piratical Career

His treasure was never recovered, https://en.wikipedia.org/wiki/List_of_East_India_Company_directors
'Captain Every's most famous raid on the 7th September 1695, was on a 25-ship convoy of Grand Mughal vessels making the annual pilgrimage to Mecca, including the treasure-laden Ghanjah dhaw Ganj-i-sawai, - its escort, Fateh Muhammed. Joining forces with several pirate vessels, Every found himself in command of a small pirate squadron, and they were able to capture up to £600,000 in precious metals and jewels, equivalent to about £91.9 million in 2021. This caused considerable damage to England's fragile relations with the Mughals and a combined bounty of £1,000, an immense sum at the time-was offered by the Privy Council and the **East India Company** for his capture, leading to the first worldwide manhunt in history. East India Company rule in India; British Indian trade was established between Tudor- England and Mughal India in 1600 when Elizabeth I granted the newly formed East India Company a royal charter by sending precious gifts to the Mughal court of Emperor Akbar the Great. During the time of Mughal Emperor Aurangzeb in 1707, India was a leading manufacturer with a 25 percent share of the world's GDP. By the time the British left the country its share of global GDP was near 4%. ('True Imperialism')

~

During the 18th century, the East India Company began to gain greater influence in India. (Conquest). The Battle of Plassey in 1757 led to the conquest of Bengal while by 1857, following various treaties and wars with Indian kingdoms (such as the Anglo-Mysore Wars with Tipu Sultan, the Anglo-Maratha wars and the Anglo-Sikh wars), the East India Company controlled most of the Indian subcontinent. Following the Indian Rebellion of 1857, where Indian sepoy's rebelled against their British officers, the East India Company was dissolved the following year. **The assets of the British East India Company became so huge, the British government decided to step in.** India served as the main base for the British Empire's expansion across Asia and would remain the empire's most important colony and main source of income, also soldiers until independence. Queen Victoria became Empress of India in 1876. From a small trading outpost, India became the jewel in the British crown. The plunder of Emperor Aurangzeb's treasure ship had serious consequences for the English, coming at a time of crisis for the East India Company (EIC), whose profits were still recovering from the disastrous Child's War. The **EIC** had seen its total annual imports drop from a peak of £800,000 in 1684, to just £30,000 in 1695, and Every's attack now threatened the very existence of English trade in India. 'Saltpeter used for gunpowder was one of the major trade goods of the EIC.' When the damaged Ganj-i-sawai finally limped its way back to harbor in Surat, news of the pirates' attack on the pilgrims, a sacrilegious act, that like the raping of the Muslim women was considered an unforgivable violation of the Hajj. As Every's men boarded the ship, Ganj-i-sawai's captain ran below decks where he armed the slave girls and sent them up to fight the pirates. 'Before his execution a former crew member was repentant for the horrid barbarities he had committed, though only on the bodies of the heathen' implying that he'd participated in the violation of the women aboard the ships. To appease Aurangzeb, the **EIC** promised to pay all financial reparations, while Parliament declared the pirates *hostis humani generis* ('enemies of the human race'). In mid-1696, the government issued a £500 bounty on Every's head and offered a free pardon to any informer who disclosed his whereabouts. When the EIC later doubled that reward (to £1000), the first worldwide manhunt in recorded history. The fleet was easily the richest prize in Asia-perhaps in the entire world-and any pirates who managed to capture it would have been the perpetrators of the world's most profitable pirate raid. Every was easily able to convince the men to sail to the Indian Ocean as pirates, since their original mission had greatly resembled piracy. 'The Golden age of Piracy entered the [Atlantic slave trade](#). Between 1660 and 1698... the Royal African Company (RAC) maintained a monopoly over all English slave trade, making it illegal to sell slaves without a license. To ensure compliance, the navy protected the company's interests along the West African coast. Although illegal, unlicensed slaving could be a highly lucrative enterprise, the prospect of profits ensured that violations of the company's monopoly by 'interlopers' (unlicensed slavers) remained a fairly common crime'. 'In 1695, when EIC profits were still recovering from the disastrous Child's War. EIC's estimate of £325,000 for Ganj-i-Sawai's goods equals 'at least \$200 million'. (If the larger estimate is taken, this would be equivalent to \$400 million. EIC estimated the loss at approximately £325,000, nevertheless filing a £600,000 insurance claim.)'. Arbuthnots, Vitruvian Partners, DarkTrace-WikiLeaks, Julian Assange, HMP.Prisoner A9379AY. The son of Lady Emma Arbuthnot, the Westminster chief magistrate overseeing the extradition proceedings of Julian Assange, is the vice-president and cyber-security adviser of a firm heavily invested in a company founded by GCHQ and MI5 which seeks to stop data leaks, it can be revealed. Alexander Arbuthnot's employer, the private equity firm Vitruvian Partners, has a multimillion-pound investment in Darktrace, a cyber-security company which is also staffed by officials recruited directly from the US National Security Agency (NSA) and the Central Intelligence Agency (CIA). These intelligence agencies are behind the US government's prosecution of Julian Assange for publishing secret documents. Darktrace has also had access to two former UK prime ministers and former US President Barack Obama. The revelations raise further concerns about potential conflicts of interests and appearance of bias concerning Lady Arbuthnot, the ties of her family members to the UK and US military and intelligence establishment. Lady Arbuthnot's husband is Lord James Arbuthnot, former UK defense minister who has extensive links to the UK military community. As far as is known, Lady Arbuthnot has failed to disclose any potential conflicts of interest in her role overseeing Assange's case. However, UK legal guidance states that any conflict of interest in a litigious situation must be declared. Her son, Alexander Arbuthnot, a graduate of Britain's elite school Eton, joined Vitruvian Partners as vice-president in December 2018 and is likely to be managing the firm's Darktrace account. Vitruvian, which has a portfolio of over £4 billion, made its first investment in Darktrace in April 2018, leading a consortium of firms committing £50 million. "Alexander Arbuthnot advises Vitruvian on cyber-security" was the headline in Intelligence Online when he joined, while the article noted that the company had "recently stepped up its investment in cyber-security". Darktrace appears to be one of two cyber-security companies in Vitruvian's portfolio. Relations were further cemented in 2018 when Alexander Arbuthnot's colleague Sophie Bower-Straziota, managing director at Vitruvian, was appointed to the board of Darktrace. Darktrace, which Alexander Arbuthnot describes as an "AI [artificial intelligence] based cyber-security" company, was established by members of the UK intelligence community in June 2013. GCHQ, the UK's major surveillance agency, approached investor Mike Lynch - regarded as Britain's most established technology entrepreneur - who then brokered a meeting between GCHQ officers and Cambridge mathematicians who co-founded the company. Company material openly mentions "the UK intelligence officials who founded Darktrace". It states that its team includes "senior members of the UK's and US's intelligence agencies including the Government Communications Headquarters (GCHQ), the Security Service (MI5) and the NSA." Another co-founder was Stephen Huxter, a senior figure in MI5's "cyber defense team" who became Darktrace's managing director. Soon after the company launched in September 2013, Darktrace announced that former MI5 director-general Sir Jonathan Evans had been appointed to its advisory board. Huxter welcomed Evans' "unparalleled stature in the field of cyber operations". Huxter then hired 30-year GCHQ veteran Andrew France as chief executive of Darktrace. France, like Huxter, had been involved in dealing with "cyber threats", rising to the position of deputy director of cyber defense operations at GCHQ, where he was charged with "protecting government data" from cyber threats. France is also linked to Alexander Arbuthnot's father, Lord Arbuthnot, who was until November 2018 a member of the advisory board of Information Risk Management (IRM), a cyber-security consultancy based in Cheltenham, the home of GCHQ. France is listed as one of IRM's "experts". Darktrace later appointed Dave Palmer, who worked at MI5-GCHQ, as its director of technology, while John Richardson OBE, director of security, had a long career in "UK government security and intelligence" working on "cyber - defense". Darktrace staff has also included ex-MI6 officials, former senior managers at the UK Ministry

of Defense, and veterans of the UK military, including the special forces. "We're a mixture of spooks and geeks," says **Nicole Eagan, the chief executive of Darktrace**, which now has a thousand employees and 40 offices worldwide. The '**insider threat**' Vitruvian's investee Darktrace appears to have been established in response to data leaks from Bradley (Chelsea) Manning to Julian Assange's WikiLeaks and from NSA whistle-blower Edward Snowden'. (Via David Burnett). And why hasn't Prince Andrew been prosecuted?

Good morning with today's light ~

Indian chief Hopi, White Eagle commented on today's situation a few days ago.

"This moment that humanity is living can be considered a door or a hole. The decision to fall into the hole or shut down the door is yours. If you consume information 24 hours a day, with negative energy, constantly nervous, with pessimism, you will fall into this hole. But if you take the opportunity to look at yourself, to reflect on life and death, to take care of yourself and others, you will walk in the door. Take care of your home, take care of your body. Connect with your spiritual home. When you take care of yourself, you take care of others at the same time. Don't underestimate the spiritual dimension of this crisis. Adopt the perspective of an eagle that sees everything from above with a wider vision. There is a social question in this crisis, but also a spiritual question. The two go hand in hand. **Without the social dimension you fall into fanaticism. Without the spiritual dimension, we fall into pessimism and futility.** Are you ready to overcome this crisis? Grab your toolbox and use all the tools at your disposal. Learn to resist with the example of Indian and African peoples: we have been and continue to be extinct. But we never stopped singing, dancing, lighting fires and rejoicing. Don't feel guilty for feeling lucky in these difficult times. Being sad and without energy doesn't help at all. * Resilience is resilience through joy! You have the right to be strong and positive. You must maintain a beautiful, cheerful and bright posture. This has nothing to do with alienation (world ignorance). It's a resistance strategy. When we break the threshold, we have a new view of the world because we faced our fears and difficulties. This is what you can do now: - Serenity in the storm, Keep calm, meditate every day. Make a habit of meeting the sacred everyday. Showing resilience through art, joy, trust and love"

It justified the award to the four honorees citing "their vision, their strength of character and their commitment to a more secure future." Şahin (55) and Türeci (63), a married couple responsible for the experimental Covid-19 vaccine, set up Ganymed Pharmaceuticals - a biopharmaceutical developing cancer drugs. Ganymed was sold to Japanese multinational pharmaceutical company Astellas in 2016, for \$1.4 billion. They co-founded BioNTech with the help of The Bill & Melinda Gates Foundation. The Turkish couple now rank among the 100 richest Germans, as reported by German newspaper Welt am Sonntag. After receiving the award, the President of the EU Commission praised Pfizer chief Albert Bourla for his service to humanity and for his "vaccine based on mRNA technology", which had previously "never been approved" or "produced on a large scale". It's time to stop this torture of Julian Assange by your HM. 'Government and Judiciary'

'In the English and British tradition, the **royal prerogative of mercy** is one of the historic royal prerogatives of the British monarch, by which he or she can grant pardons (informally known as a **royal pardon**) to convicted persons. The royal prerogative of mercy was originally used to permit the monarch to withdraw, or provide alternatives to death sentences; the alternative of penal transportation to "partes abroad" was used since at least 1617. It is now used to change any sentence or penalty. A royal pardon does not overturn a conviction.' Wikipedia

EVOLUTION of LOVE * NOT MACHINES.

'No one in the world needs a Tiger's Penis but a Tiger, and only a Live Rhino needs a Rhino Horn!'

Let's look at the landscape of this muppet PM, historical and mental. The UK, a 'democracy' with 'Constitutional maniacal' monarchy, a main centre of financial Capitalism built on conquest, slavery, war, inequality etc; today sees itself as very chummy neo-liberalism with all the romanticism that went with Empire continuing up until today. The colonial bonds of cricket and other jollies, yet how many commonwealth soldiers died defending the British Empire in WW1-WW11; in fact, all over the World?

~

Off-shore tax havens, sanctions, illegal wars; aborigines were identified as Flora & Fauna 'til 1962 in Australia. Just this week Boris' 'Tory' government lost in a legal decision where they had wanted to block Venezuela from getting £1 billion of its gold returned that was stored at the Bank of England. This on behalf of the USA who are manipulating in nefarious ways to have a regime change there. (See-MintPress) To simplify it all exactly we can look at the treatment of Julian Assange or anyone breaking the 'rules' protesting covid-19. There is NO democracy existing, it's a dictatorial regime. Now with Brexit they are using this as an opportunity or desperate gamble on securing their seat at the future head table.

They see the Rise of China as a threat to their global hegemony, at the same time they admire their success, progress and control especially in this new era of algorithmic technologies but with minimum human rights and would like to impose this new paradigm (Reset) to compete with China and maintain their influence in exploiting all the resources of the world They envy the efficient results of Zingapore & South Korean models. The European model has been dropped in this new age of digital micro-macro expansion and mind control.

China has developed these AI 5G systems through 'Dictatorship' and are shooting ahead. The UK wants to maintain its Imperial power as a central platform of the NWO-Capitalist, oligarchical forces and needs a radical solution to have the population acquiesce to their needs, which necessitates the people accepting, incorporating these new AI technologies, which take away the independence, sovereignty of human beings.

There is now an intense psychological programme through the Covid subterfuge to get everyone to OBEY! Pharmaceutical, financial, military, social, legal, media, including the means of brainwashing society, culture, to manage this 'unreal' dimension through a Hypermatrix of surveillance and predictive policing and social manipulation by methods of education, politic propaganda, psyops such as coercion, fear, alienation, isolation, dividing and conquering. The treasonous actions of the 'Government' with their sham scientific and medical evidence, computer models and vested interests such as the WHO & Kill Bill's Megalomaniacal Plutocracy are against the people's interests and in line with serving UN Agenda 2030 of the sociopathic 1%. 'If you view this whole 'pandemic' situation through the lens of health, safety, science and saving lives, then most of it makes little sense. If you view it through the lens of money, power, control, and wealth transfer, then all of it makes perfect sense. Covid is not an epidemiological story. Covid is a crime story.

They need everyone to be scared of more lockdowns so that they can say,

"To avoid further lockdowns, you need to accept Vaccine Passports."

The lockdowns, mandatory muzzles, anti-social distancing and the other measures did nothing to protect or improve public health- they were never designed to do so. They were all designed to deliberately break the global economy (and crush competition, especially small businesses) as well as break people's minds, will and the social fabric, in order to "build back better", according to the diabolical and dystopian visions of the psychopaths waging this class war, which is essentially a billionaires utopia, in which they own the planet like a techno-feudal fiefdom, and oversee the drastically reduced population of digitally branded humanity like cattle in a super-surveilled technocracy. The injections are the Trojan horse to get us in the door of that digital concentration camp (as well as the metaphorical gas chambers), starting with vax-ports, followed by digital IDs, then connected to CBDC accounts and UBI scrip, which will allow them to track our every move and purchase, and "nudge" us toward whatever medical, dietary, or lifestyle choices they desire, at threat of having our rations reduced, or, if we misbehave too badly, being shut out of the system altogether. They're specifically targeting kids and young people most of all, deliberately inflicting mass trauma on them, because they're the ones who'll grow up in that New Normal™, and the goal is to condition them to accept total control over every aspect of their lives and a dehumanized screen-based existence, to the point where they won't remember living any other way, breathing free, being free. All talk of so-called efficacy of these poison injections are meaningless distractions and quite besides the (existentially urgent) point when you understand that the virus/disease they're allegedly designed to protect against doesn't exist in the first place and, additionally, what their real, above-mentioned purpose(s) is. It's blackmail on a global scale.'

'THE USE OF THESE GENOME MODIFIERS IS PROHIBITED BY LAW

It is a European law of 1997, known as the **Oviedo Convention**, named after the Spanish city where it was announced and presented. Its article 13 states that **any medical intervention that would lead to a modification of the hereditary genome is prohibited**. Many countries have been reluctant to sign it, fearing that this provision would hamper their medical research. France ratified it in 2011 by Article 1 of the law of [7 July, 2011](#) on [bioethics](#). It has been enforceable in domestic law since [1st April 2012](#), in accordance with the provisions of its Article 33 §4. [Article 1](#): Ratification of the Council of Europe Convention for the Protection of Human Rights and Dignity of the Human Being with regard to the Application of Biology and Medicine: Convention on Human Rights and Biomedicine, signed in Oviedo on 4 April 1997, is authorised. Government lawyers will certainly explain that there are exceptions, which is correct. But these are subject to strict requirements: The person on whom the experiment is carried out must have previously signed a document giving the detailed composition of the drug concerned, its immediate effects, its potential side effects. He or she certifies that he or she has read it, has had it explained to him or her, has understood everything and agrees to receive the product concerned. They will object that there is no specific chapter in French law devoted to the so-called "vaccines", which is obvious, since at the time everyone thought, with the exception of a few pioneering scientists, that the human genome could never be tinkered with and modified by manipulating the protein scissors invented in 2015. This does not change the overall principle of the Oviedo Convention: any medical intervention that would lead to a modification of the hereditary genome is prohibited.

Is vaccination really a medical intervention? Yes. Is the one envisaged by the laboratories really the injection of an mRNA to modify the behaviour of DNA? Yes. So it is forbidden.' [The Impregnator](#). 12 December 2020

'Jan. 1, 22. [changed its labelling requirements](#), [went into effect](#) for food manufacturers, importers and retailers. Instead of 'genetically engineered' (GE) or 'genetically modified organism' (GMO), certain foods must **be labeled as bioengineered (BE). That's different from biofortified.**
Bioengineered refers to foods 'that contain detectable genetic material that has been modified through **certain lab techniques** and cannot be created through conventional breeding or found in Mother nature' [according to the USDA. A few examples include](#) certain varieties of alfalfa, corn, papaya and soybean.
Biofortification, on the other hand, refers to 'an increase in the nutritional value of plant foods obtained through conventional crop breeding methods or through crop genetic engineering techniques,' [according to the National Agricultural Library Thesaurus and Glossary.](#) For example, in some parts of the world, iron-enriched beans and millet [have been developed](#) through conventional plant breeding technique.'

'Of all the vaccines I have taken in my life like Tetanus shots, measles, mumps, polio, meningitis, TB shots, etc. Never have I heard so many lies and deceptions over a vaccine that says I have to wear a mask and socially distance even when fully vaccinated, and that I could still contract or spread the virus even after being fully vaccinated. Never had to get tested when I was perfectly healthy without any symptoms whatsoever. Never been bribed by the establishments to take the vaccine in order to win a holiday and/or cash prizes or earn frequent flyer points. I never had to worry about cardiac issues, neurological disorders, blood clots and sadly more! Didn't even have to worry about death. Never was I ever THREATENED by the use of FORCE by the Government, Employers, Police force, and Military for a vaccine... as seen overseas. I was never judged by my friends or relatives if I didn't take it. I was never discriminated against for travel or other regular services to a point where I could not buy or sell without it. The vaccines I have listed above never told me I was a bad person for not taking them or for even taking them for that matter. I have never seen a vaccine that threatened the relationship between my family members and/or close friends to a point of destroying my relationships with them ever. Never have I seen it used for political gain. Never seen a vaccine needing 24/7 mass media advertising and promotion on every media outlet known to man. Then there's mixing and matching different vaccine brands and being told it's okay to do it one day and then told the next day to not do it (overseas). I have never seen a vaccine threaten someone's livelihood, as well as wipe out their jobs. I have never seen a vaccine that allows a 12-year-old child's consent to supersede their parent's consent (that one alone blows me away). Finally, after all the vaccines (jab, shots) I listed above, I have never seen a vaccine like this one that discriminates, divides, and judges a society. So much information is censored, deleted, and removed from the internet and mainstream media! So many doctors, health care professionals, police and scientists are censored and forbidden to speak out or ask legitimate questions when what is being allowed or not allowed doesn't make sense! Particularly when it comes from mainstream media. I have never known a vaccine that has made all the Pharmaceutical companies that manufacture it exempt from liability if it kills everyone to a point where no life insurance will cover it! This is one powerful vaccine guys! It does all these things above that I have mentioned and yet?

It does NOT do the one thing it is supposed to do which is? FIGHT OFF THIS PANDEMIC so why on earth would I get it?' (Copied and pasted, 23.10.2021)

I hope you're getting this... Monsignor Carlo Maria Viganò

'I urge you not to give in to violence, but also not to let yourself be intimidated by government, appointed by banks and pharmaceutical companies, because their power lasts as long as there are those who let fear, who obey, who turn their heads and put up with silence. If each of you, firmly and peacefully, can resist this intolerable overwhelm, this grotesque travesty will collapse inexorably, and with it the figures and extras that indulge it. Resistance to an authority that abuses its power against the purpose for which it was created is not only legitimate, but due; this is how the fight was against totalitarianism and against every form of dictatorship power.'

PRE-EXEMPTIVE MONSTERS IN THE MIDST. Family lawyer calls it another #WarCrime
<https://www.aljazeera.com/news/2021/9/18/afghan-survivors-of-us-drone-attack-apology-is-not-enough>

A day after the United States military admitted that a drone attack in Afghanistan's capital last month mistakenly killed 10 members of a family, including seven children, survivors, Aimal Ahmadi, whose three year-old daughter Malika was killed on August 29, when the US hellfire missile struck, asked to investigate- "the accuracy and completeness of public statements" that the Pentagon made defending the attack.

The US admits it was an attack which killed civilians - but there will be no repercussions for those who sanctioned or carried it out. **Ahmadi said** Washington's apology was not enough and cited an absence of evidence to support the Pentagon's assertion that the vehicle contained explosives. The missile struck as the car pulled into the family's driveway and the children ran to greet Zemerai.

Based on a standard of 'reasonable certainty'- that it posed an imminent threat to US forces at the Kabul airport. The car was believed to have been carrying explosives in its boot, the Pentagon said.

On Friday, US Marine General Frank McKenzie, head of US Central Command, called the attack a "tragic mistake", and after weeks of denials, said that innocent civilians were indeed killed in the attack and not a fighter associated with the Islamic State in Khorasan Province, ISKP (ISIS-K), as originally claimed by the US military. The family demands Washington investigate who fired the drone in the Kabul attack. Ahmadi insisted an official apology will not bring back members of his family, and said he was frustrated that it took weeks of pleading with Washington to at least make a call to the family. Looking exhausted, sitting in front of the charred ruins of Zemerai's car, Ahmadi said he wanted more than an apology from the USA, he wanted **Justice**, including an investigation into who carried out the strike "and I want him punished by the USA". "No organizations, no one has come for helping us, or for condolence... Just only reporters come and take pictures and take film and go." More Crime Against Humanity

Just a reminder of Article 8 of the Human Rights Act. What is meant by private life?
This is the law: Article 8 protects your right to respect for your private and family life, your home and your correspondence (letters, telephone calls and emails, for example).

You have the right to live your life privately without government interference...
The courts have interpreted the concept of 'private life' very broadly. It covers things like your right to determine your sexual orientation, your lifestyle, and the way you look and dress. It also includes your right to control who sees and touches your body.

For example, this means that public authorities cannot do things like leave you undressed in a busy ward, or take a blood sample without your permission.
The concept of private life also covers your right to develop your personal identity, and to forge friendships and other relationships. This includes a right to participate in essential economic, social, cultural and leisure activities. In some circumstances, public authorities may need to help you enjoy your right to a private life, including your ability to participate in society. This right means that the media and others can be prevented from interfering in your life. It also means that personal information about you (including official records, photographs, letters, diaries, medical records) should be kept securely and not shared without your permission, except in certain circumstances. Do not forget. Remind them. Stand up for your rights. Love & light

'I just saw the post about California Natives. No, we did not take slaves in the California area.
We survived side by side for thousands of years. Yes, we fought sometimes but it was not an all
out massacre like the Americans brought upon us. The first Governor of California, Peter Burnett
called for an all out extermination of every Native man, women, and child. Some found hunting
Indians more profitable than panning for gold. The Federal Government, subsidized the bounties
to the tune of 1.5 million dollars. Eighteen treaties were drawn up and submitted to Congress...
However, the State encouraged the Congress not to ratify the treaties. Congress 'lost' the treaties
for 50 years. By the time the treaties were 'found' they could not be honored as white Americans
had already settled on the land. That is why some of the tribes have no land base to this day!'

*Colombia's President, Iván Duque, stated, "a decree will be signed where we want to make known to the Colombian people that for access to stadiums, entertainment events, bars, and restaurants from next November 16 it will be compulsory to have the vaccination card." He said the purpose is to achieve **herd immunity** in Colombia, "As the WHO said, we have to quickly achieve this herd immunity and to prevent future similar diseases, we have to continue protecting ourselves."*

*'Costa Rica confirmed that tourists will be required to show proof of vaccination "Starting 8 January 2022 hotels, restaurants, bars, casinos, shops, museums, art and dance academies, gyms, resorts, and adventure tourism may admit only persons who are verifiably fully vaccinated (Moderna, Pfizer-BioNTech, AstraZeneca y Janssen) Vaccination status will be verified by a QR code or a printed vaccination certificate and applies to all travelers aged 12 or older. * This has now been cancelled by the courts. In Columbia in regards to mandatory vaccinations, the President suggested vaccinations **weren't an obligation but something necessary**. He also stated, "In addition to being a social control mechanism supported by science so that we achieve greater collective immunity, minimize health risks, people can relax because the numbers are decreasing but crowded places have a level of risk and that is minimized with vaccination." With the Christmas holidays coming up, the **Head of the Health Portfolio** stated, "The measure has a protective effect against the Christmas holidays to the extent that we can all get vaccinated, we will have a substantial restriction of risk. It is a special call to Colombians insofar as it is necessary to close the cycle ~"*

So it was very important to pass this test and have your heart returned.

On 3 April 1948, a left-wing uprising began on the Korean island of Jeju.

'Jeju had been largely self-governing following the end of World War II, when North and South Korea were divided up between the USSR and USA following the defeat of Japan. However, Jeju islanders were angry with violent US-backed police fearing that planned elections organised by the UN. in South Korea would reinforce division between North-South. <https://workingclasshistory.com/.../e51-jeon-tae-il-and.../> They attacked police stations and right-wing paramilitaries, in particular targeting those who collaborated with the Japanese imperialists. The US military government sent troops to the island, and the US-backed South Korean authorities brutally suppressed the rebellion, massacring many thousands, including women and children. When the uprising was finally crushed the following year up to 10% of the island's population were dead, and 70% of villages destroyed. Subsequent US-backed dictatorships in South Korea banned any mention of the Jeju uprising, and speaking of it was punishable by beatings, torture and lengthy prison time'

'The government had recently created a new type of guillotine which was quicker and easier to transport. The district commune committee had voted to seize these 'servile instruments of monarchist domination' and destroy them 'once and forever... for the purification of the district and the consecration of our new freedom.'

While some on the left glorify the guillotine, it has mostly been used as a weapon against radicals and the powerless. While use of the guillotine is most famously remembered in terms of the execution of aristocrats during the French revolution, the new 'revolutionary' government soon began using it against those on their left. The German Nazi government was also a big proponent of the guillotine, executing over 16,000 people with the device, including many resistance activists. Last used in France 1977.' 'Drudge that's what kills the spirit, for sure'

'Her friend Caravaggio Bolo responded: "The spirit of the age - civilization has eclipsed culture. The transcendent origin of man in nature has been replaced by a scientific rational, material one. Man no longer has a transcendent ideal that defines him. He is now defined by other men, an expert class. The sacramental nature of time and work has been replaced by linear time, automation and consumption. A man will rise or fall to the image he has of himself. From being made in the divine image of God, Imago Dei, being replaced to being a descendent of apes. No offense to the apes. All the ideas of western culture have been actualized and what awaits Universal man is by divine default the global totalitarian system."

'On deeper reflection unfortunately not as simple as that. Ungodly things happened in these 20 years, leaving traumas that will never end. The Afghani people have suffered invasion of their homes for 40 years+. I went there in 1976 on the 'hippie trail' and as for other travellers it was a smiley, friendly, welcoming country, since then they (families) have endured unspeakable war crimes. A US drone just murdered 10 people of same family. How many weddings were blown up and villages cluster bombed, daisy-gutted, phosphor attacked, the list is endless and disgusting. In the name of what Mr. President? Of \$6 trillion, \$2trillion was given to The Military-Industrial-Complex, Boeing, Raytheon, Lockheed-Martin, General Dynamics, Northrop Grumman. Murder incorporated. Look at what happened when Wikileaks, Julian Assange exposed their crimes against Humanity! He's Imprisoned! Things will never be the same and the conquerors like the Vikings and Genghis Khan and the Romans etc. will move on raping and pillaging to the next country and the world will watch mesmerized! Do you see a pattern? And by the way none of these Prime psychopaths were ever held accountable for their genocide. Why?

What is Satyagraha Baba?

Satyagraha, (Pronunciation IPA: /səˈtjɑːɡɪə.hə/), (**Sanskrit**: सत्यग्रह, *satyā-graha*: "truth", *āgraha*: "insistence" or "holding firmly to"), or holding firmly to truth,^[1] or truth force, is a particular form of nonviolent resistance or civil resistance. Someone who practices satyagraha is a **satyagrahi**. The term satyagraha was coined and developed by Mahatma Gandhi (1869–1948),^[2] who practiced satyagraha in the Indian independence movement and also during his earlier struggles in South Africa for Indian rights. Satyagraha theory influenced Martin Luther King Jr.'s and James Bevel's campaigns during the Civil Rights Movement in the United States, as well as Nelson Mandela's struggle against apartheid in South Africa and many other social justice and similar movements.^{[3][4]}

“It is possible to get stuck in the ‘mud’ of life. It’s easy enough to notice mud all over you at times. The hardest thing to practice is not allowing yourself to be overwhelmed by despair. When you are overwhelmed by despair, all you can see is suffering everywhere you look. You feel as if the worst thing is happening to you. But we must remember that suffering is a kind of mud that we need in order to generate joy and happiness. Without suffering, there’s no happiness. So we shouldn’t discriminate against the mud. We have to learn how to embrace and cradle our own suffering and the suffering of the world, with a lot of tenderness.” ~ Thích Nhất Hạnh, ‘No Mud, No Lotus: The Art of Transforming Suffering’

Who Really Controls the World? Dr. MUJAHID KAMRAN

<https://www.newdawnmagazine.com/articles/who-really-controls-the-world>

‘These families, “buy while the blood is still flowing in the streets” (Rothschild dictum). Andrew Jackson, US President, 1829-1837, was so enraged by the tactics of bankers (Rothschilds), said: “You are a den of vipers. I intend to rout you out and by the Eternal God I will rout you out.

If the people only understood the rank injustice of our money and banking system, there would be a revolution before morning.”

The Bilderberg Group, the Council on Foreign Relations, the Trilateral Commission and the mother of all these, The Royal Institute of International Affairs, are bodies where decisions about the future of mankind are arrived at. Who set these up and control them? The “international bankers” of course. In his book America’s Secret Establishment – An Introduction to the Order of Skull & Bones, Anthony Sutton points out there is a set of “Old Line American Families and New Wealth” that dominates The Order (of Skull & Bones) – the Whitney family, the Stimson family, the Bundy family, the Rockefeller family, the Harriman family, the Taft family, the Bush family, and so on.

He also points out that there is a British connection:

The links between the Order and Britain go through Lazard Freres and the private merchant bankers. Notably the British establishment also founded a University – Oxford University, and especially All Souls College at Oxford. The British element is called ‘The Group’. The Group links to the Jewish equivalent through the Rothschilds in Britain (Lord Rothschild was an original member of Rhodes’ ‘inner circle’). The Order in US links to the Guggenheim, Schiff, Warburg families. There is an Illuminati connection.

~

The United Nations is an instrument of the Elite designed to facilitate the setting up of One World Government under Elite control. The UN building stands on Rockefeller property.

Utter secrecy and absolute loyalty is essential to the continued success of this program.

This is enforced through fear of murder or bankruptcy and through a cult which probably takes us back to the times of the pyramids and before. Philosophically ‘they’ believe in Hegelian dialectics through which they justify bringing about horrible wars - euphemistically called ‘controlled conflict’. Their political ideology is ‘collectivism’ whereby mankind has to be ‘managed’ by a group of men, ‘them’, organised for the purpose - a hidden ‘dominant minority’. ‘They’ believe that they know better than ordinary mortals. The Illuminati, the Freemasons, members of other known and unknown secret societies, all mesh together under the wealthiest cabal in human history to take a mesmerised, dormant and battered mankind from one abyss to the next. Former MI6 agent John Coleman refers to a “Committee of 300” that controls and guides this vast subterranean human machinery. In his book ‘Memoirs’, published in 2002, David Rockefeller, Sr. stated that his family had been attacked by “ideological extremists” for “more than a century... Some even believe we are part of a secret cabal working against the best interests of the United States, characterising my family and me as ‘internationalists’ and of conspiring with others around the world to build a more integrated global political and economic structure - one world, if you will. If that’s the charge, I stand guilty, and I am proud of it.” That’s it!’ © Copyright New Dawn Magazine, www.newdawnmagazine.com. Dear Mark Zuckerberg

We are Fiona Godlee and Kamran Abbasi, editors of *The BMJ*, one of the world's oldest and most influential general medical journals. We are writing to raise serious concerns about the "fact checking" being undertaken by third party providers on behalf of Facebook/Meta.

In September, a former employee of Ventavia, a contract research company helping carry out the main Pfizer covid-19 vaccine trial, began providing *The BMJ* with dozens of internal company documents, photos, audio recordings, and emails. These materials revealed a host of poor clinical trial research practices occurring at Ventavia that could impact data integrity and patient safety. We also discovered that, despite receiving a direct complaint about these problems over a year ago, the FDA did not inspect Ventavia's trial sites.

The BMJ commissioned an investigative reporter to write up the story for our journal. The article was published on 2 November, following legal review, external peer review and subject to *The BMJ*'s usual high level editorial oversight and review.

But from November 10, readers began reporting a variety of problems when trying to share our article. Some reported being unable to share it. Many others reported having their posts flagged with a warning about, "Missing context. Independent fact-checkers say this information could mislead people". Those trying to post the article were informed by Facebook that people who repeatedly share "false-information" might have their posts moved lower in Facebook's News Feed. Group administrators where the article was shared, received messages from Facebook informing them that such posts were "partly false." Readers were directed to a "fact check" performed by a Facebook contractor named Lead Stories. We find the "fact check" performed by Lead Stories to be inaccurate, incompetent and irresponsible. - It fails to provide any assertions of fact that *The BMJ* article got wrong.

It has a nonsensical title: "Fact Check: The British Medical Journal Did NOT Reveal Disqualifying And Ignored Reports Of Flaws In Pfizer COVID-19 Vaccine Trials"

The first paragraph inaccurately labels *The BMJ* a "news blog"

It contains a screenshot of our article with a stamp over it stating "Flaws Reviewed," despite the Lead Stories article not identifying anything false or untrue in *The BMJ* article.

It published the story on its website under a URL that contains the phrase "hoax-alert"

We have contacted Lead Stories, but they refuse to change anything about their article or actions that have led to Facebook flagging our article. We have also contacted Facebook directly, requesting immediate removal of the "fact checking" label and any link to the Lead Stories article, thereby allowing our readers to freely share the article on your platform. There is also a wider concern that we wish to raise.

We are aware that *The BMJ* is not the only high quality information provider to have been affected by the incompetence of Meta's fact checking regime. To give one other example, we would highlight the treatment by Instagram (also owned by Meta) of Cochrane, the international provider of high quality systematic reviews of the medical evidence.[3] Rather than investing a proportion of Meta's substantial profits to help ensure the accuracy of medical information shared through social media, you have apparently delegated responsibility to people incompetent in carrying out this crucial task.

Fact checking has been a staple of good journalism for decades. What has happened in this instance should be of concern to anyone who values and relies on sources such as *The BMJ*. We hope you will act swiftly: specifically to correct the error relating to *The BMJ*'s article and to review the processes that led to the error; and generally to reconsider your investment in and approach to fact checking overall.'

Best wishes Fiona Godlee, editor in chief, Kamran Abbasi, incoming editor in chief *The BMJ*.

In India, on the day before the festival, everyone observes a strict fast and is immersed in the holy waters as a propitious ritual, while the night is spent watching and praying, adoring the Lingam, the phallic symbol with which it is depicted, the god Shiva: tradition is that every 3 hours it be bathed with urine, dung, milk, butter and acid milk which are five sacred offerings of cows. By doing so, god will deliver sinners from their sins. During the night, the sacred Shiva mantra ‘Om Namah Shivaya’ is chanted and flowers, fruits and sweets are offered to the deity.”

Rudolf Steiner, Secret Societies & 'The Ahrimanic Deception' By Dr Kerry Bolton. New Dawn 136.

"Many believe there is an 'occult' or 'spiritual war' taking place between forces of 'light' and 'darkness', 'good' and 'evil', and that this 'war' manifests on the material and mortal planes politically, culturally, spiritually, and economically. It is often surprisingly difficult to discern the affiliations in this 'battle', with the multitude of occult Orders, Schools and personalities. These often use similar or even identical terminologies and symbols, and draw on the same traditions and origins. In such a situation well-meaning people are easily duped into supporting long-range aims of which they do not understand.

Occult War: Adepts 'Black' & 'White'

The definition of 'good and evil', or 'light and dark', metaphysically can - from an esoteric perspective ~ be regarded as a dichotomy between those who seek a higher spiritual path for mankind, and those who seek to enchain man to matter. This dichotomy is well portrayed in the standard depictions of 'The Devil' Trump in the Tarot Major Arcana. Paul Foster Case, founder of the Builders of the Adytum, gave a particularly apt explanation: In its most general meanings, it signifies Mammon and thus big business, conventions of society, injustice and cruelty of **a social order in which money takes the place of God**, in which humanity is bestialised, in which war is engineered by greed masquerading as patriotism, in which fear is dominant. Students of astrology will have no difficulty in seeing how this corresponds to Capricorn, the sign of big business, and the sign of world fame.

One sees in this Trump a male and female human each starting to take on the appearance of wild beasts - with horns and tails - enchained to a solid block, representing matter, with the Devil enthroned. As Case states, it is symbolic of the reign of Mammon, which is ushered in by materialistic doctrines as Capitalism and Marxism, keeping humanity focused on lower pursuits in the guise of 'progress' and 'freedom'.

Occultists such as René Guenon, Aleister Crowley and Julius Evola have sought to identify contending Schools as 'White' and 'Black' Brotherhoods, or as 'Right' and 'Left' Hand Paths.

Given the confusion that exists - because individuals and occult currents that are diametrically opposed often claim to represent the same traditions -the biblical injunction **'by their fruits ye shall know them'** is the best formula for identifying motives, although this also is often obscure. For example, the notorious English occultist Aleister Crowley, whose 'evil' antics played up to the tabloid press, could easily be regarded as a 'Black Adept'. Although Crowley claimed to work in the tradition of, among others, and for unclear reasons, the 18th century Black Adept Adam Weishaupt and his crypto-Masonic Illuminati. Crowley sought to expose the spiritual war that was taking place between the 'White' and 'Black' Adepts, while his doctrine of Thelema is antithetical to the doctrine of the Illuminati. Also, while having been a Freemason, as was Eliphas Levi, Rene Guenon condemned the Black Adepts who had subverted and redirected Masonry.

Steiner and The Ahrimanic Deception

Rudolf Steiner (1861-1925), founder of Anthroposophy, whose influence has gone far beyond 'occult' circles for his prominence in alternative education, architecture, and organic agriculture, was one of those seminal personalities who believed in the existence of such an 'occult war'. Again, as with Crowley, difficulties are encountered due to Steiner's own affiliations with Freemasonry. However, Steiner, like Guenon, Evola, Levi and Crowley, forthrightly sought to expose a Dark current at work within the secret societies, and in particular within Freemasonry, whose influence was being directed in the world politically.

In a 1919 lecture delivered in Zurich entitled 'The Ahrimanic Deception', Steiner stated that, "a great part of mankind today is already under the control, from one side or another, of Ahrimanic forces of a cosmic nature which are growing stronger and stronger." Steiner had an unusual perception of what he called the **'Luciferic Impulse'** which he stated manifested on Earth in **3000 BCE**. The Luciferic Impulse prepared

the way for the 'Christ Impulse' in Steiner's cosmology. Both 'Impulses' began to fade and mankind has therefore become increasingly materialistic. Steiner stated this **Ahrimanic Deception** emanates from an **actual being: The Ahrimanic impulse** proceeds from a supersensible Being, different from the Being of Christ or of Lucifer. The influence of this Being becomes especially powerful in the Fifth Post-Atlantean Epoch. If we look at the confused conditions of recent years we shall find that men have been brought to such chaotic conditions mainly through the Ahrimanic powers. While the Luciferic Impulse pushed humanity into what Nietzsche might have called the **Dionysian passion** that gives birth to arts and brings humanity outside of itself, albeit, according to Steiner, with a "false spirituality," "**Ahriman is the power that makes man dry, prosaic, philistine** - that ossifies him and brings him to the superstition of materialism." **Ahriman would seem to equate with the Christian perception of the Antichrist.** The Christ Impulse **balances the two poles**, in what in some respects seems akin to a **Hegelian** dialectic. And the true nature and being of man is essentially the effort to hold the balance between the powers of **Lucifer and Ahriman; the Christ Impulse helps present humanity to establish this equilibrium** [T]he **Ahrimanic influence has been at work since the middle of the fifteenth century and will increase in strength** until an actual incarnation of Ahriman takes place among Western humanity. **Preparing the Way for Ahriman** The relevance of this concept of the **Ahrimanic Deception** in regard to an 'occult war' for world rule, is that: Now it is characteristic of such things that they are prepared long in advance. Ahrimanic powers prepare the evolution of mankind in such a way that it can fall a prey to Ahriman when he appears in human form within Western civilisation. **Ahriman** will appear in human form and the only question is, how he will find humanity prepared. Will his preparations have secured for him as followers the whole of mankind that today calls itself civilised, or will he find a **humanity that can offer resistance**. The way in which humanity looks at **the cosmos** under the Ahrimanic Deception is **not** with the spiritual awe and sense of place of those of past Civilisations, including, we could add, those of Gothic man in Western Civilisation's cycle of youth, as the philosopher-historian Oswald Spengler pointed out, but as **merely part of a mechanical and mathematical process**. **Steiner said of this:** Today man gazes from his earth up to the star-world and to him it is filled with fixed stars, suns, planets, comets, and so on. But with what means does he examine all that looks down to him out of cosmic space? He examines it with mathematics, with the science of mechanics. What lies around the earth is **robbed of spirit, robbed of soul, even of life**. It is a great mechanism, in fact, only to be grasped by the aid of mathematical, mechanistic laws. ... We might state of this **Ahrimanic Deception it motivates Rationalism and Materialism**, dominant ideologies of the Late West. Steiner warned that the Ahrimanic Deception aims to imbue Man with '**Scientific superstition,**' an '**external illusion**' that while necessary (it was far from Steiner's intent to repudiate the sciences) has made what we can identify as Rationalism and Materialism into a **dogma**. The second method of the Ahrimanic Deception is to split society into contending factions. Steiner aptly identified Marxism, a product of Scientism, as a primary method of the Ahrimanic Deception. Since the times of the Reformation and Renaissance the economist has emerged as the new priest into the increasingly materialistic world, while Steiner also pointed out that Christian religion had also become desacralised. Since that time the economist has been in command. Rulers are in fact merely the handymen. One must not imagine that the rulers of modern times are anything but the understrappers of the economists. Steiner next alludes to a very important matter, **the power that bankers have assumed:** In the nineteenth century the 'economical' man is replaced for the first time by the man thinking in terms of **banking**, and in the nineteenth century there is created for the first time the organisation of finance which swamps every other relationship. One must only be able to look into these things and follow them up empirically and practically.

*This statement provides the key to the history of the 'modern world' for the past several hundred years, and the human agency pushing for a world state - a '**New World Order**' - enchained to the dead weight of matter. The power of the international banking cabals prepares the way for an **Ahrimanic World Order by reorienting the spirit of Man**. If men do not realise that the rights-state and the organism of the Spirit must be set against the economic order called up through the economists and the banks, then again, through this lack of awareness, **Ahriman** will find an important instrument for preparing his incarnation.*

Role of Secret Societies

*The 'Ahrimanic Deception' equates with what Guenon and Evola referred to as the '**Counter-Tradition**'.*

*The secret societies it uses behind the façade of the **Perennial Tradition** are the '**Anti-Tradition**'.*

*Steiner lectured on the role of these secret societies in the occult war. While referring to both the "humanitarian works" and the spiritual evolution that is supposedly at the foundation of Freemasonry, Steiner, like Levi, Crowley, Evola and Guenon, also spoke of the manner the '**Ahrimanic Deception**' operates through Freemasonry. Steiner even went further than anti-Masonic 'conspiracy theorists' such as Nesta H Webster and the eminent Scottish scholar, Prof. John Robison, himself a Grand Lodge Freemason, both of whom accepted English Masonry's innocence of intrigue. Steiner, however, made a particular point of discussing the origins of Continental Masonry in the English Lodges. Despite its repudiation of 'irregular' Grand Orient Masonry that predominates on Continental Europe and Latin America, English Grand Lodge Masonry, stated Steiner, was also involved in a struggle for world power. He said the British Government was subverted by the secret societies, and that in particular foreign affairs was taken over by "an inner committee." Steiner, in tracing the origins of Grand Orient Masonry to the Grand Lodge, wrote that: But everywhere in a different way, in many places outside the actual British realm, Freemasonry pursues exclusively or mainly political interests. Such political interests in the most palpable sense are pursued by the 'Grand-Orient de France', but also by other 'Grand Orients'.*

*One might now say: what has that to do with the English? But view this in conjunction with the fact that the first High-degree Lodge in Paris was founded from England, not France! Not French people but Britons founded it; they only wove the French into their Lodge. After listing the Lodges that were founded under the impetus of the English Grand Lodge, from Spain to Russia, Steiner adds that, "these Lodges were founded as the external instruments for certain occult-political impulses." These impulses included the "fury of the Jacobins," (who launched a Reign of Terror over France in the name of 'Liberty, Equality, Fraternity'); Weishaupt's Illuminati and the Italian Carbonari. Although Steiner admits these began without "evil" intent (which I would dispute), they "continued their underground work in many different forms," after being driven underground. Steiner alludes to the disingenuousness of Grand Lodge Masonry in being able to say: '[L]ook at our Lodges, they are very respectable - we are not concerned with the others'. But if one can see through the historical connection and the driving forces in an interplay of mutual opposition to one another, then it is indeed high British politics that is concealed behind it. Of the "occult-political" societies, Steiner observed they serve a materialistic aim behind the façade of spirituality: what Guenon and Evola called "**Anti-Tradition**" and Levi called "profanity." These "various Orders" are "not spiritual, because of their purposes and goals." They are the secret societies that work in the name of "democracy" and a "universal republic" (as did the Jacobins and the Illuminati). Steiner warned:"*

'During the years of the Venetian overseas empire, islands like Crete, Cyprus, Corfu, Naxos, and smaller holdings in the Aegean were routinely worked by slave labor, either directly under the Venetian regime, or under the private administration of Venetian oligarchical clans like the Corner, who owed their riches to such slavery.

In later centuries, the harems of the entire Ottoman Empire, from the Balkans to Morocco, were stocked by Venetian slaves. The shock troops of the Ottoman Turkish armies, the Janissaries, were also largely provided by Venetian merchants. Loss, why? I am one who really supported & loved you, it wasn't enough, melancholy.
This notion about human love being as universal as the ocean, but where are you now?
Who knows? And it's not just one it's everyone who has run away, not even a memory
of the times we made love, laughter, joy and held each other close in the chaos of life ~
But where are you now, are you happy, do you even have a friend, or any regrets?
Good riddance, good luck, found another person to fuck, suck dry in your need.
But we're all spiritual at the core, wanting more, more, think it's only normal.
Where do these feelings of love arise, was it in your orgasmic cries, your eyes?
Keep on changing can't go back, just nostalgia, that dream beside you.
Ultimately, we're free spirit and we can't know but be loving kindness.*

Mail Online, February 16th 2022. Paraphrased (& in brackets by SJ)

*“Social media lit up with memes mocking [Prince Andrew](#) reaching a settlement with [Virginia Giuffre](#) in her sexual abuse, rape lawsuit against him filed in New York. The Royal agreed to an undisclosed deal said to be worth £7.5million, or \$10million USD, with his sexual abuse accuser – despite not admitting to her allegations. In a BBC interview in which he claimed he couldn't have had sex with Ms Giuffre, because he was at Pizza Express at the time. (And he was physically not able to sweat). ‘Queen 'to foot part of Andrew's £12m bill': Humiliated Duke's mother helps fund settlement with rape accuser' Is this legal for someone to pay off a victim to shut them up thereby stopping Justice? The settlement means the civil case will not go to a jury trial, and also that Andrew will no longer be questioned under oath by Giuffre's lawyers - something that was expected in the coming weeks. Buckingham Palace declined to comment on the development today. (as always is that legal; for whom?) Why is he paying this sum to someone he denied knowing. (Even the photographic evidence was disputed). Significantly, the agreement contained no restatement of Andrew's previous denials of having had sex with Miss Roberts and the settlement means the prince will not have the chance to disprove her claims in court. The Metropolitan Police dropped their investigation into Andrew last October, saying they would take 'no further action', this latest development raises questions over whether he could still be quizzed in the future. No. Regretting his association with [Jeffrey Epstein](#) doesn't count. He claimed innocence, but he has settled and many **would regard this as an admission of guilt**. If he was innocent then why did he pay?’*

*[Ghislaine Maxwell](#) found guilty of trafficking underage girls, but no client was named, **WHY?***

The guilty got away with it either by paying the victims or being too important to make a giant scandal. (So, where is the justice, the accountability really? One law for the rich and one law for the 99.99% poor!) Andrew, the second son of Queen Elizabeth II, withdrew from public life as a royal in 2019 after a widely ridiculed BBC interview (Nov 16th) where he sought to vindicate himself of the accusations. 'The settlement is pitched as a 'commercial decision' will not include any admission of criminal wrongdoing or a civil tort. 'What's worth more than that in high profile case settlements is the ND-agreement which preserves the PR.' Anti-monarchy group Republic said, 'So much public money ends up in royal pockets one way or another. Are the British public ultimately paying for Andrew to avoid appearing in court' (under oath)? The legal development has protected the wider royal family from the damage of a public trial. 'I think there will be a big, deep sigh of relief in the palace tonight' for the Platinum Jubilee.

*At the World Economic Forum in Davos, Andrew, in his first public engagement since he was embroiled in the allegations, responds, saying: 'Firstly I think I must, and want, for the record, to refer to the events that have taken place in the last few weeks. I just wish to reiterate, and to reaffirm, the statements that have already been made on my behalf by Buckingham Palace.' (Paying out now seems an admission of guilt). In April the claims against Andrew are struck from US civil court records following a federal judge's ruling. Following Epstein's 'death-suicide' a statement from the palace says that Andrew is 'appalled by the recent reports of Jeffrey Epstein's alleged crimes'. On Nov. 16, 2019 the prince gives a 'disastrous' BBC interview in which he speaks about his friendship with Epstein and addresses allegations of his own 'sexual conduct'. (Is this behavior from a 'Royal Family', is it a Cover up, is this a Conspiracy, is this criminal corruption?). [FBI](#) officials in US still want to talk to Andrew as a witness to the Epstein and his (Intelligence) accomplice, Ghislaine Maxwell's crimes. The Met. says it will not reopen the 'sex abuse' case on the prince. **Why?** Raping a sex slave of Epstein (Obviously, these are the 'entities' the British subjects owe allegiance to)*

Welcommen to your Bio-Bubble -Top Security Travel for the Future. What's the purpose of ETIAS?
*'Basically, **ETIAS** is being introduced as an additional method of travel security -with the system, allowing authorities within the European Union (EU) to review individuals that are looking to visit any country within the EU zone. The system has been designed to alert authorities of anyone who may be a potential threat to a nation's security - thus being a useful tool to help reduce potential criminal activity and acts of terrorism. It should be in full effect by the end of this year (2022) -will require U.S. travelers, as well as those who do not require a visa to visit the 26 nations that make up the Schengen Area, to begin registering their details from May 2023. The system – which has been designed to be extremely user-friendly – will be a requirement for around 1.4 billion travelers that qualify for a visa-free short stay (less than 90 days) to any of the Schengen countries.' 'The system will require individuals to provide their basic personal information – such as full name, date of birth, registered address and contact details. You will also be asked to confirm information regarding your citizenship, educational and work history, as well as provide details of your travel plans - including where you plan to visit, why you plan to visit there, and the length of time that you are planning to be there for. There may also be a requirement for you to provide answers to questions relating to your previous travel history and personal background. If your application has been flagged for a particular reason it may take longer, potentially up to 30 days. Even the Russian government has intervened in such public actions to prevent any kind of activist momentum. "Primordial wisdom [Skt. jñāna; Tib. རྣམ་ཐང་ཡེ་ཤེས་; Wyl. ye shes] has many names, but in truth it refers simply to the inseparability of the ground and fruit, the one and only essence-drop [thig le nyag gcig] of the dharmakaya. If it is assessed from the standpoint of its utterly pure nature, it is the actual dharmakaya, primordial Buddhahood. For, from its own side, it is free from every obscuration. We must understand we are Buddha from the very beginning. Without this understanding, we will fail to recognize the spontaneously present mandala of the ground. We will be obliged to assert, in accordance with the vehicle of the paramitas, that Buddhahood has a cause. We will fail to recognize the authentic view of the Secret Mantra."

13 March 1940, Indian revolutionary Udham Singh assassinated former lieutenant governor of the Punjab, Michael O'Dwyer, at a meeting in London. The assassination in revenge for the 1919 Jallianwala Bagh-massacre when O'Dwyer dispatched troops to attack a peaceful protest, resulting in around 1,800 people being killed and over 1,200 wounded. O'Dwyer referred to the events as a "correct action".

Convicted of murder, Singh was sentenced to death. Singh explained: "He deserved it. He was the real culprit. He wanted to crush the spirit of my people, so I have crushed him. For full 21 years, I have been trying to seek vengeance. I am happy that I have done the job."

Oligarchy (from Greek ολιγαρχία[1][2][3] is a form of power structure in which power effectively rests with a small number of people. These people might be distinguished by royalty, wealth, family ties, education, corporate, religious or military control. Such states are often controlled by a few prominent families who typically pass their influence from one generation to the next, but inheritance is not a necessary condition for the application of this term. Throughout history, oligarchies have often been tyrannical, relying on public obedience or oppression to exist. Aristotle pioneered the use of the term as a synonym for rule by the rich,^[4] for which another term commonly used today is plutocracy.....wikipedia.

On 16 June 1531, English king Henry VIII modified the vagrancy laws he brought in the previous year, which were key in creating the working class. People kicked off communal land who were not in wage labour were designated as vagabonds, and on their first offence were to be whipped, then on the second whipped with half an ear sliced off and upon a third offence they were to be executed. This and similar laws enacted across Europe, backed up by intense state violence, created a class of people forced to sell their labour to survive: the working class. Karl Marx described these legal mechanisms in volume 1 of his work, *Capital*: "Thus were the agricultural people, first forcibly expropriated from the soil, driven from their homes, turned into vagabonds, and then whipped, branded, tortured by laws grotesquely terrible, into the discipline necessary for the wage system."

This expropriation was extended across the globe by violent colonialism. Rather than being a natural state of affairs as it is often portrayed, the creation of the working class was fiercely resisted for hundreds of years, and indeed still is to this day in some areas. This is Karl Marx's short account of these laws: <https://libcom.org/.../bloody-legislation-against...>

In a stunning 46-page legal filing to the International Criminal Court on December 6, an intrepid attorney and seven applicants accused Anthony Fauci, Peter Daszak, Melinda Gates, William Gates III, and twelve others of numerous violations of the Nuremberg Code. These included various crimes against humanity and war crimes as defined by the Rome Statutes, Articles 6, 7, 8, 15, 21, and 53.

Klaus Schwab, a wickedly intelligent, perhaps diabolical German with double doctorate degrees in Economics and Engineering, is the founder of the World Economic Forum, a club for the wealthiest percentile of the world’s corporate and political elite. He is a power broker who has groomed many presidents, prime ministers, and tech CEOs who now view him with reverence and unswerving loyalty. Schwab, an economist, and technocrat has befriended many nations, most significantly China’s Xi Jinping, who delivered a key speech at Davos. He praised his vision of a New World Order. On January 25, 2021, Klaus Schwab vowed his support for Xi Jinping with these words, “Mr. President (Xi Jinping) I believe this is the best time to reset our policies and to work, jointly, for a peaceful and prosperous world. Conservapedia - Klaus Schwab - <https://bit.ly/3LHgadx>

Attorney Hannah Rose and seven applicants brought the Nuremberg action on behalf of the victims, the entire population of the United Kingdom. She filed the legal proceeding with the International Criminal Court located at The Hague. The Hague is notable for its long history in helping victims seek redress for war crimes and defining appropriate ethical guidelines for conduct during war. Following the Nazi atrocities committed during World War II, the war crime trials were held in Nuremberg, Germany. Following these, a set of principles was developed, which ultimately led to the development of the **Nuremberg Code**.

These principles essentially meant that anyone, no matter how wealthy or powerful, even a head of state, was not above the law. The fact that the law of their home nation would permit their action would not relieve the person from justice under international law.

In particular, the medical experiments conducted by the Nazi doctors led to strict rules and ethical principles regarding future human scientific trials, including the doctrine of necessary informed consent and freedom from coercion or threat in submitting to experimental drugs.

As we all know, before receiving a surgical procedure, there is a legal and ethical requirement that the patient be apprised of any significant potential risks, including infection, bleeding, nerve damage, or even death. The patient usually signs the consent form following this explanation. And as we all know, whenever we receive prescription medication, we are notified of the potential risks on a package insert and usually a discussion with the Pharmacist.

The vaccines should be no different, yet they are. A person about to receive the jab is rarely told that there are risks of blood clots, bleeding, cerebral thrombosis, myocarditis, death, yet those risks exist. mark 12:58-17:40.

Beyond Ivermectin: Censoring Medical Journals - <https://bit.ly/34PCSjd>

Attorney Hannah Rose notes in Point 40 of her brief that the ethical standards of the Nuremberg Code amount to an obligation on physicians and pharmaceutical manufacturers to abide by its principles.

Accordingly, any physician or research scientist found to have breached any of the ten principles of the Nuremberg Code would face criminal liability.

Before The International Criminal Court -

She notes in Point 42, “The first principle of the Nuremberg Code is a willingness and informed consent by the person to receive treatment and participate in an experiment. The person is supposed to activate freedom of choice without the intervention, either through force, deceit, fraud, threat, solicitation, or any other type of binding or coercion.”

In Point 43 she argues, “When the heads of the Ministry of Health as well as the Prime Minister presented the vaccine in the United Kingdom and began the vaccination of United Kingdom residents, the vaccinated were not advised, that in practice, they would be taking part in a medical experiment and that their consent is required under the Nuremberg Code. This as a matter of fact is a genetic medical experiment on human beings performed without informed consent under a severe and blatant offense of the Nuremberg Code.”

In addition, Rose argues under Point 44 that there is an obligation for alternative treatments to be discussed, including the risks and benefits of such alternatives. She notes that these were never discussed despite the fact alternative treatments have been proven to be safe and effective “with up to a 100% success rate.”

Before The International Criminal Court - <https://bit.ly/3rX4Ylf>

India's Ivermectin Blackout: The Secret Revealed - <https://bit.ly/3HZdE0h>

A key principle of the Nuremberg Code requires that a scientist must be prepared to terminate the experiment

at any stage, if he has probable cause to believe, in the exercise of the good faith, superior skill, and careful judgment required of him that a continuation of the experiment is likely to result in injury, disability, or death to the experimental subject.

Medical Ethics - Permissible Medical Experiments - <https://bit.ly/3sNKMLh>

In Point 46, she argues, "It is known that the mRNA 'vaccination' treatments have caused the death of many as well as injury and severe damage (including disablement and paralysis) after the 'vaccine' was administered. Despite this fact, the government did not instruct the initiation of an investigation into the matter. It is also questionable that given the experimental nature of these vaccinations, that there are not any full reports available of the numbers of dead or injured, as may be expected in such a medical process for the benefit of the public participating in the experiment."

Before The International Criminal Court - <https://bit.ly/3rX4Ylf>

The reader is reminded that Nazi physicians conducted experiments on human beings in concentration camps without informed consent, leading to horrific suffering and death.

Nazi Medical Experiments - <https://bit.ly/36o6yo3>

The Experiments by Peter Tyson - <https://to.pbs.org/3HY88e8>

To dramatically underscore the relevance of Nuremberg to the horrific deaths we now see related to the experimental mRNA 'vaccination' program, Rose, in Point 34a, included a statement from a group of Holocaust survivors, those who experienced first-hand both the Nazi experiments and today the vaccine experiment. This is an excerpt from their unique perspective: We, the survivors of the atrocities committed against humanity during the Second World War, feel bound to follow our conscience. Another holocaust of greater magnitude is taking place before our eyes. We call upon you to stop this ungodly medical experiment on humankind immediately. It is a medical experiment to which the Nuremberg Code must be applied.

Before The International Criminal Court - <https://bit.ly/3rX4Ylf>

Holocaust survivor Vera Sharav issued a statement in Points 34b and 34c: The stark lesson of the Holocaust is that whenever doctors join forces with government and deviate from their personal, professional, clinical commitment to do no harm to the individual, medicine can then be perverted from a healing, humanitarian profession to a murderous apparatus... What sets the Holocaust apart from all other mass genocides is the pivotal role played by the medical establishment, the entire medical establishment. Every step of the murderous process was endorsed by the academic, professional medical establishment.

Before The International Criminal Court - <https://bit.ly/3rX4Ylf>

As a direct result of the Nuremberg World War II experience, the United Nations asked the International Law Commission to develop the Nuremberg Principles, the key standards to avoid the Nazi doctors' atrocities. Unfortunately, as Hannah Rose pointed out, many of these ten principles of the Nuremberg Code were systematically violated by the United Kingdom and other countries during the COVID-19 pandemic.

Medical Ethics - Permissible Medical Experiments - <https://bit.ly/3sNKMLh>

In addition, a permanent international criminal court was established for investigation and enforcement – known as The International Criminal Court. The ICC began full-time operations in 2002 and currently has 123 member nations that have explicitly agreed to be bound by the Rome Statutes. The United Kingdom is a member while the United States is not. However, under article 12(3) of the Rome Statute of the International Criminal Court, even a state that is NOT a member may exercise jurisdiction "by declaration lodged with the Registrar," meaning that any nation may be subject to the ICC depending upon the circumstances, member nation or not. Keep in mind that Nazi Germany had not consented to jurisdiction. The ICC bills itself as a "court of last resort" meaning that claims should be decided in the perpetrator's home

nation whenever possible. However, the core principle of impunity drives the ICC, the belief that no one who commits war crimes should enjoy freedom from criminal responsibility. Therefore, the ICC operates as an impartial and omnipotent arbiter of world human rights and will aggressively step in when it sees flagrant Nuremberg-type atrocities without consequence. That is precisely what Hannah Rose has identified in her legal brief in Point 2, "We have tried to raise this case through the English police and the English Court system without success, we have been unable even to get the case registered either with the police or with the court after several attempts...This is such a case which is why we are addressing the ICC directly." Attorney Rose relied partly upon the expertise of **Dr. Michael Yeadon**, a research-based PhD in respiratory pharmacology and former Vice President and Chief Scientist at Pfizer.

<https://rumble.com/vg4inv-michael-yeadon-full-interview-planet-lockdown.html>

In the background section of the brief, she writes in Point 5:

"The Covid-19 'vaccines' do not meet the requirement to be categorized as vaccines and are in fact gene-therapy (Appendix 8)...Dr. Mike Yeadon, a joint applicant on this request, asserts that claims calling the Covid-19 injections a 'vaccine' is public manipulation and misrepresentation of clinical treatment. It's not a vaccination. It's not prohibiting infection. It's not a prohibiting transmission device. It's a means by which your body is conscripted to make the toxin that then allegedly your body somehow gets used to dealing with it, but unlike a vaccine, which is to trigger the immune response, this is to trigger the creation of the toxin.' **mRNA** uses the cell's machinery to synthesize proteins that are supposed to resemble the SPIKE protein of the virus, which is what it uses to enter cells via the ACE2 receptor. These proteins are then identified by the immune system, which builds antibodies against them. The real concern is that these proteins could accumulate in the body, especially in regions of high concentration of ACE2 receptors, such as the gonads. If the immune system then attacks the location where they accumulate, then you could be dealing with an auto-immune condition." <https://docdro.id/WUjv6iw>

Dr. Yeadon mentions, in an interview, that our governments have grossly exaggerated the entire threat of COVID-19. He notes that COVID-19 represents a slightly greater risk than influenza if you are older than age 70 but a much lower risk than the seasonal flu if you are younger. See mark 31:00.

<https://rumble.com/vg4inv-michael-yeadon-full-interview-planet-lockdown.html>

"So it's just absurd that you should be happy or willing to let your economy and civil society be smashed for something which represents for almost everyone working a lower risk than influenza - but that's true. Given this virus represents at worst a slightly bigger risk to the old and ill than does influenza, and a less risk than for almost everyone else who's younger and fit, it was NEVER NECESSARY for us to have done anything. We didn't need to do anything, lockdowns, masks, mass testing, vaccines - there are multiple therapeutic drugs that are at least as effective as vaccines are, an off-patent drug called **Ivermectin**, one of the most widely used drugs in the world, is also able to reduce symptoms at any stage of the disease including lethality by about 90%.

<https://www.amazon.com/Ivermectin-Freedom-Justus-R-Hope-ebook/dp/B09M95F8NF>

<https://covid19criticalcare.com/wp-content/uploads/2021/08/SUMMARY-OF-THE-EVIDENCE-BASE.pdf>

So you don't need vaccines and you don't need any of the measures that have been introduced at all."

<https://rumble.com/vg4inv-michael-yeadon-full-interview-planet-lockdown.html>

For readers still under the illusion that these **mRNA** K0vid vaccines have helped, please read the following article comparing the countries without vaccination to those with it. The most vaccinated nations have deaths per million up to 100 x greater than the least. Always question what the government tells you.

<https://www.thedesertreview.com>

Yeadon goes on to explain that people need not worry about variants. He explains that our immune system is easily able to deal with ALL mutations of SARS-CoV-2 and explains that 18 years after the first SARS, those people are still protected by their immunity - and this immunity even extends to immunity against SARS-CoV-2, a virus 80% similar but 20% different than the original SARS.

Yeadon's major point is that if survivors of SARS some 18 years later have immunity against the new virus, which is 20% different, why would we believe that a current viral mutant only 0.3% different would be a threat? See mark 35:40.

<https://rumble.com/vg4inv-michael-yeadon-full-interview-planet-lockdown.html>

"So when your government scientists say that a variant that's 0.3% different from SARS could masquerade as a new virus and be a threat to your health, you should know, and I'm telling you, THEY ARE LYING. If they're lying and they are, why is the pharmaceutical industry making top-up vaccines? They are making them." See mark 35:55

<https://rumble.com/vg4inv-michael-yeadon-full-interview-planet-lockdown.html>

"You should be terrified at this point. I am, because there is absolutely no possible justification for their manufacture. But they're being made, and the world's medicine regulators have said...we won't be asking them to do any clinical safety studies. Let me just say again, the variants are not different enough to represent a threat to you so you do not need top-up vaccines. The regulators have waved them through. I'm very frightened of that - there's no possible benign interpretation of this. I believe they are going to be used to damage your health and possibly kill you. Seriously. I can see no sensible interpretation other than a serious attempt at mass depopulation. This will provide the tools to do it and plausible deniability - because they will create another story about some sort of biological threat, you'll line up and get your top-up vaccines, and a few months or a year or so later, you'll die of some peculiar, inexplicable syndrome, and they won't be able to associate it with the top-up vaccines." See mark 36:05 to 37:15.

<https://rumble.com/vg4inv-michael-yeadon-full-interview-planet-lockdown.html>

Yeadon follows this up with his conclusion, "This system (mandatory vaccine passports) is being put in place using lies, and it's being put in place for some purpose, and I believe that purpose is complete totalitarian control, and I think the purpose of that is going to be mass depopulation." See mark 45:40.

<https://rumble.com/vg4inv-michael-yeadon-full-interview-planet-lockdown.html>

"Do not allow it to be an interoperable global fixed-format database because that will be the end of human freedom, and I see no way of recovering from that once the system's up and running."

See mark 46:30 <https://rumble.com/vg4inv-michael-yeadon-full-interview-planet-lockdown.html>

Yeadon explained that few people will hear his words and that this fraud was perpetrated on the world's population through censorship, fear and propaganda. Dr. Yeadon, an insightful man, notes that the perpetrators have exhaustively planned this all, and they have considered how people might respond.

Yeadon notes that if we all respond as expected, we will lose. "Collectively, we need to do something unexpected." <https://rumble.com/vg4inv-michael-yeadon-full-interview-planet-lockdown.html>

However, it is likely they didn't plan on the International Criminal Court coming after them. They also didn't plan on Dr. Reiner Fuellmich, an experienced trial lawyer licensed in Germany and California who founded the Berlin Corona Committee, which heads a group of attorneys with global reach dedicated to dragging this deadly conspiracy into the open and suing it into oblivion.

https://odysee.com/@Corona-Investigative-Committee:5/Reiner-Fuellmich-Introduction-English_BestCut:e

<https://www.facebook.com/david.buchanan.129/videos/663635448020079>

Fuellmich does an excellent job in this interview of exposing the actions of Klaus Schwab and the World Economic Forum, WEF, also known as Davos. The WEF has as its goal the establishment of a New World Order, with the globe to be run by self-selected technocrats like Bill Gates, himself, and other Davos members. In 1971 Schwab founded what was to become the WEF in 1987. It has 1,000 members. In general, requires a business to have more than 5 billion dollars per year in revenue. The theme of WEF and Klaus Schwab has recently been 'The Great Reset' which essentially means a new world order. In the following video, Klaus Schwab can be heard discussing this with Henry Kissinger. We hear Dr. Kissinger praising China's Xi Jinping's speech and the formation of a new international order. See mark 2:50 to 4:00. <https://youtu.be/Apjzjsa8Alg> Schwab himself sums up the 2017 Davos Meeting with the following statement, "What a wonderful opportunity to conclude our week here with such concrete proposals and ideas of how we can really create a New World Order." See mark 26:40. <https://youtu.be/Apjzjsa8Alg> Professor Andreas Oehler aptly describes the agenda of Schwab and the WEF, "The World Economic Forum seems to be the driver behind and organizer of the global population control operations, be it pandemics, biometric IDs, Great Reset, or public-private partnerships in name of the 'common good' (fascist corporatism)." See the following article, "The Four Horseman of the Apocalypse identified, along with the Apocalypse itself." <https://live2fightanotherday.substack.com/> Professor Oehler of the University of Bamberg is widely published in credit, banking, finance, and investor protection. He believes that Klaus Schwab and his WEF members, including Bill Gates, planned the COVID-19 pandemic by sponsoring Event 201, a coronavirus pandemic simulation exercise held in New York City on October 18, 2019. WEF has been a proponent of digital biometric identity systems to make societies 'more efficient and productive' (easier to control) <https://www.centerforhealthsecurity.org/event201/> Oehler wrote, "WEF collaborates with the ID2020 alliance, funded by the Gates and Rockefeller foundations to run a program to 'provide digital ID with vaccines.' In particular, ID2020 sees the vaccination of children as 'an entry point for digital identity.' In reality, this means that anything a person does or is allowed to do (employment, travel, commerce, health care...) will be linked to the person's digital ID. This will remove any privacy and take total control over each and every activity of any individual on earth."

<https://live2fightanotherday.substack.com/>

For readers who may doubt this, read Klaus Schwab's book, *The Great Reset*. One of his chief goals is to have perfect monitoring ability of every human being and to be able to regulate all behavior, even to the point of complete totalitarian control.

<https://www.amazon.com/COVID-19-Great-Reset-Klaus-Schwab/dp/2940631123>

The WEF sees times of great turmoil or catastrophes as ideal opportunities to implement this reset, such as during the financial crisis of 2008, and now the COVID-19 pandemic, which Dr. Reiner Fuellmich feels created a perfect opportunity for the WEF to execute its plan. Fuellmich, a world-renowned trial attorney, refers to Schwab and his henchmen collectively as "Mr. Global." "Klaus Schwab spells this out in his book 'The Great Reset', and demands... a World Government under the UN, which has been brought under control by the WEF. This is to be achieved by creating as much worldwide chaos as possible in the form of pandemics, wars including civil wars and natural disasters so that the world population becomes convinced that the national governments are overwhelmed, and only a world government can help. At the same time, Schwab calls for the shifting of all wealth to Mr. Global so that in 2030, no one, except Mr. Global, will still own anything, and we will supposedly be happy with that. Cash is to be abolished and replaced by a digital currency. This will be allocated to or taken away from every person in the world who can then also be found anywhere and at any time by various tracking systems. This is to be done by a single central world bank."

https://odysee.com/@Corona-Investigative-Committee:5/Reiner-Fuellmich-Introduction-English_BestCut:e

Fuellmich and Oehler both describe a series of puppets the WEF has trained to help carry out these missions under the WEF 'Young Global Leader' program, which started in 1993. Such people went on to become Presidents, Prime Ministers, and CEOs. These include key players in this pandemic and vaccination effort:

Microsoft founder **Bill Gates** (1993) California Governor **Gavin Newsom** (selected in 2005)

Pete Buttigieg (selected in 2019, candidate US President in 2020, US secretary of transportation since 2021)

Stéphane Bancel (Moderna CEO; selected in 2009)

Facebook founder and CEO **Mark Zuckerberg** (2009)

Facebook COO **Sheryl Sandberg** (2007)

Google co-founders **Sergey Brin** and **Larry Page** (2002/2005)

Covid Twitter personality **Eric Feigl-Ding** (a 'WEF Global Shaper' since 2013)

New Zealand Prime Minister **Jacinda Ardern** (since 2017, selected in 2014)

Australian Health Minister **Greg Hunt** (selected in 2003; former WEF strategy director)

Canadian Deputy Prime Minister **Chrystia Freeland** (selected in 2001; was managing director of Reuters)

Canadian Prime Minister **Justin Trudeau** is a WEF participant, is not a confirmed Young Global Leader

German Chancellor **Angela Merkel** (selected in 1993, 12 years before becoming Chancellor)

Current German Health Minister **Jens Spahn** and former Health Ministers **Philipp Roesler** and **Daniel Bahr**

EU Commission Presidents **Jose Manuel Barroso** (2004-2014, selected in 1993)

and **Jean-Claude Juncker** (2014-2019, selected in 1995)

French President **Emanuel Macron** (since 2017, selected in 2016),

Former French President **Nicolas Sarkozy** (2007-2012, selected in 1993),

Austrian Chancellor **Sebastian Kurz**

Former Italian Prime Minister **Matteo Renzi** (2014-2016, selected in 2012),

Former Spanish Prime Minister **Jose Maria Aznar** (1996-2004, selected in 1993)

Dr. Ravid Shah, President of the Rockefeller Foundation

<https://live2fightanotherday.substack.com/>

When we notice the harsh authoritarian and mandatory lockdowns of Australia, Austria, and Canada, perhaps it begins to make better sense when we factor in the names of those in the WEF Young Global Leadership program. See mark 34:25 to 34:58.

https://odysee.com/@Corona-Investigative-Committee:5/Reiner-Fuellmich-Introduction-English_BestCut:e

Now, against our seemingly hopeless situation, **Reiner Fuellmich** gives us all every reason to be optimistic:

"Against this background, which increasingly more people are recognizing, very large legal disputes have been set in motion in India, South Africa, the US, Canada, and France. Their goal is to hold those responsible accountable under both civil and criminal law. This also includes that the assets that have been taken away by Mr. Global from the world's population...are returned...In particular, Anglo-American Law with its powerful tools of class action, pre-trial discovery, punitive damages provides tools for effective justice."

Reiner mentions that he has developed very good evidence that the PCR test was fraudulently used to grossly exaggerate the number of true COVID cases and the courts in Portugal, Austria and Germany, have set excellent precedents in their rulings to that effect. Fuellmich concludes, "The Berlin Corona Committee already now has extremely incriminating evidence proving that this Corona 'plandemic' NEVER had anything to do with health; rather Mr. Global's actions are aimed solely at these goals:

#1. Destroy regional economies to make the population dependent on Mr. Global's global supply chains.

#2. Shifting wealth of the world's populations from the bottom to the top - to the super-rich - to Mr. Global. #3. Population reduction - you can call it genocide.

#3. Population reduction - you can call it genocide.

#4. *The installation of a World Government under the UN which is now under the control of the WEF." He reminds us that we are dealing with megalomaniacs and sociopaths, those who lack a conscience. Fuellmich reminds us that while the mainstream media may censor, hundreds of thousands of people hear the message anyway; they are taking to the streets in protest in England, Germany, Australia, Brazil, etc. Civil servants, medical doctors, lawyers, politicians, nurses, and police officers are refusing the job. Key elements include those of compassion and spirituality, as this has indeed become an epic struggle between right versus wrong. Reiner tells the story of a doctor who walked into a bank and was accosted by a person afraid because he was not wearing a mask. He hugged the individual who began to weep because they had not been held in more than a year. Fuellmich reminds us that we can all laugh, cry, and feel while they (the sociopaths) cannot. Attorney Rose, now a heroic icon, asked the ICC to take immediate action by way of legal injunction in Points 128 and 153: It is of the utmost urgency, that ICC take immediate action, taking all of this into account, to stop the rollout of covid vaccinations, introduction of unlawful vaccination passports and all other types of **illegal warfare** mentioned herein currently being waged against the people of United Kingdom by way of a court injunction. <https://docdro.id/WUjv6iw> In closing, Reiner Fuellmich asked us to remember spirituality. We must celebrate our humanity. Like those in the Nazi concentration camps, who remembered to sing and praise God in the face of the most extreme adversity, we too must cling to our roots in religion and love for one another. Fuellmich is confident that we will prevail. See mark 38:40. <https://odysee.com/@Corona-Investigative-Committee:5/Reiner-Fuellmich-Introduction-English-BestCut:e> That's what this is all about, humanity versus inhumanity. We are human. We can laugh, cry, sing, dance and hug. The other side, Mr. Global and his puppets can't do that. They can only fake feelings and have no empathy at all. This is because the other side has **no access to the spiritual side**. The US Constitution starts with the words, '**We the People**.' And when the wall came down between East and West Berlin, 33 years ago, it was the East German people chanting – We the people – that brought it down. Mr. Global's house of cards will come crashing down the very same way. Without a doubt in my mind, Mr. Global and his puppets will lose this war of good against evil – they will lose **their insane war against life and creation** itself. There is no other way. After hearing him speak, I am confident as well. Dr. Pierre Kory once told me, "This situation seems backward. The doctors were the corrupt people who caused this mess, but the lawyers are those with ethics who will save us." Pierre Kory, as usual, is correct. Someday, today's youth will become senior citizens. They will remind their society of today's **Nuremberg II trials**, and how they helped stop the largest con job ever perpetrated on the world. It is time to end the lockdowns, the vaccination mandates, the censorship, and the propaganda. The media will resume reporting real news and cease fear-mongering. Then journalists will return to what they do best – proper investigative reporting. And the International Criminal Court will most assuredly continue what it does best – bringing cold-blooded mass murderers to justice. <https://famous-trials.com/nuremberg/1903-doctortrial-Dr.-Justus-R.-Hope>, writer's pseudonym, graduated summa cum laude from Wabash College where he was named a Lilly Scholar. 'A monk decides to meditate alone. Away from his monastery he takes a boat to the middle of the lake ~ closes his eyes and begins to meditate. After a few hours of undisturbed silence, he suddenly feels the blow of another boat hitting his own. With his eyes still closed he feels his anger build, and when he opens his eyes he is ready to yell at the boatman who dared to disrupt his meditation. But when he opened his eyes he saw it was an empty boat, not anchored, floating in the middle of the lake ~ At that moment, the monk reaches self-realisation and understands that anger is within him. It simply needs the hit of an external

object to trigger it, after that whenever he meets someone who irritates or provokes his anger, he remembers the other person is just an empty boat. Anger is inside me.' Thích Nhất Hạnh

*'Do you think we contributed with anything on our travels on the Hippie Trail in the old days or were we only takers?' 'The intention of the 60's generation was mainly to tune into the inspiration of life, the travellers had to have this energy to go where they did under those conditions. Different for last 40 years where you could just take a long haul flight with no inner experience... I think young people also did it as they saw that the world was a mess and wanted/believed in something better. I think people like the Beatles provided the inspiration to explore different dimensions, eg psychedelic, meditation, self confidence, music, creativity, love and from what I saw it was a real sharing, just for example hitch hiking , interacting with strangers was trusting and human, it wasn't always easy and this challenge brought out the Spirit * Om*

*Inspired by the sixties Sunny started traveling the world in 1970. His spiritual journey on the hippie trail to India took him through ~ London, Amsterdam, Paris, Vancouver, San Francisco, Los Angeles, Sidney and Kathmandu to Varanasi. His arrival on the subcontinent was the beginning of writing autobiographical verses capturing his travel experiences, encounters with remarkable people and his quest for self-realization. Combining experimentation with drugs, sex, rock & roll, art, meditation, Love and life in particular. Sunny started to open up to a multi-dimensional Universe. He lived the mantra ~ "Turn on, tune in, drop out" realising mind's illusions; inspired by deeper feelings of holistic nature, empathy * energy ~ Space*
